The World Bank Inspection Panel Ibrahim F. I. Shihata,1994 In 1993, the World Bank created an Inspection Panel to investigate complaints about its own operations. This initiative--the first of its kind for an international organization--is the subject of this book. As general counsel of the World Bank and one of the main architects of the initiative, the author is in a unique position to analyze the implications of this step for the World Bank, for other international organizations, and for international law. This is the first book on such a topic, and as such it is likely to remain the most authoritative source of information on the subject for years to come.

Bien Cuit Zachary Golper,Peter Kaminsky,2015-11-17 Bien Cuit introduces a new but decidedly old-fashioned approach to bread baking to the cookbook shelf. In the ovens of his Brooklyn bakery, Chef Zachary Golper bakes loaves that have quickly won over New York's top restaurants and bread enthusiasts around the country. His secret: long, low-temperature fermentation, which allows the bread to develop deep, complex flavours and a thick, mahogany-coloured crust - what the French call bien cuit, or 'well baked'. Golper recreates classic breads for the home baker along with an assortment of innovative 'gastronomic breads'.
