Rural Settlement, Lifestyles and Social Change in the Later First Millennium AD Christopher Loveluck,2007

Life and Economy at Early Medieval Flixborough, C. AD 600-1000 Marion Archibald,2009 Between 1989 and 1991, excavations in the parish of Flixborough, North Lincolnshire, unearthed remains of an Anglo-Saxon settlement associated with one of the largest collections of artefacts and animal bones yet found on such a site. In an unprecedented occupation sequence from an Anglo-Saxon rural settlement, six main periods of occupation have been identified, dating from the seventh to the early eleventh centuries; with a further period of activity, between the twelfth and fifteenth

centuries AD. The remains of approximately forty buildings and other structures were uncovered; and due to the survival of large refuse deposits, huge quantities of artefacts and faunal remains were encountered compared with most other rural settlements of the period. Volume 2 contains detailed presentation of some 10,000 recorded finds, over 6,000 sherds of pottery, and many other residues and bulk finds, illustrated with 213 blocks of figures and 67 plates, together with discussion of their significance. It presents the most comprehensive, and currently unique picture of daily life on a rural settlement of this period in eastern England, and is an assemblage of Europe wide significance to Anglo-Saxon and early medieval archaeologists.

Farmers, Monks and Aristocrats K. M. Dobney, D. Jaques, James Barrett, Cluny Johnstone, 2007-12-12 The environmental archaeological evidence from the site of Flixborough (in particular the animal bone assemblage) provides a series of unique insights into Anglo-Saxon life in England during the 8th to 10th centuries. The research reveals detailed evidence for the local and regional environment, many aspects of the local and regional agricultural economy, changing resource exploitation strategies and the extent of possible trade and exchange networks. Perhaps the most important conclusions have been gleaned from the synthesis of these various lines of evidence, viewed in a broader archaeological context. Thus, bioarchaeological data from Flixborough have documented for the first time, in a detailed and systematic way, the significant shift in social and economic aspects of wider Anglo-Saxon life during the 9th century AD., and comment on the possible role of external factors such as the arrival of Scandinavians in the life and development of the settlement. The bioarchaeological evidence from Flixborough is also used to explore the tentative evidence revealed by more traditional archaeological materials for the presence during the 9th century of elements of monastic life. The vast majority of bioarchaeological evidence from

Flixborough provides both direct and indirect evidence of the wealth and social standing of some of the inhabitants as well as a plethora of unique information about agricultural and provisioning practices associated with a major Anglo-Saxon estate centre. The environmental archaeological record from Flixborough is without doubt one of the most important datasets of the early medieval period, and one which will provide a key benchmark for future research into many aspects of early medieval archaeology.

Men in the American Women's Rights Movement, 1830-1890 Hélène Quanquin, 2020 This book studies male activists in American feminism from the 1830s to the late 19th century, using archival work on personal papers as well as public sources to demonstrate their diverse and often contradictory advocacy of women's rights, as important but also cumbersome allies. Focussing mainly on nine men--William Lloyd Garrison, Wendell Phillips, James Mott, Frederick Douglass, Henry B. Blackwell, Stephen S. Foster, Henry Ward Beecher, Robert Purvis, and Thomas Wentworth Higginson, the book demonstrates how their interactions influenced debates within and outside the movement, marriages and friendships as well as the evolution of (self-)definitions of masculinity throughout the 19th century. Re-evaluating the historical evolution of feminisms as movements for and by women, as well as the meanings of identity politics before and after the Civil War, this is a crucial text for the history of both American feminisms and American politics and society. This is an important scholarly intervention that would be of interest to scholars in the fields of gender history, women's history, gender studies and modern American history.

Euro-Lobbying 2003 Georges-Francis Seingry, 2003 This bilingual directory (English-French) lists some 800 professional federations set up at European Union level, including the candidate

countries. Sectors covered include: industry and commerce; agriculture; crafts; small and medium-sized enterprises; transportation and telecommunications; professions; and trade unions. Along with contact information for these federations, this directory includes an index of abbreviations and acronyms, a subject index, an alphabetical index of the federations, and a detailed table of contents.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Les Intérêts nationaux et étrangers dans l'économie africaine, 1978 Report on the proportion of public enterprises and foreign owned enterprises in national level economies in French speaking Africa - covers mixed economies in which state participation and foreign capital (in particular the role of France) play a part in the exploitation of natural resources, industrial development, banks, commerce, distribution, public works, Hotel industries, transport, telecommunications, etc. References and statistical tables.

The Atlantic World D'Maris Coffman, Adrian Leonard, William O'Reilly, 2014-12-05 As the meeting point between Europe, colonial America, and Africa, the history of the Atlantic world is a constantly shifting arena, but one which has been a focus of huge and vibrant debate for many years. In over thirty chapters, all written by experts in the field, *The Atlantic World* takes up these debates and gathers together key, original scholarship to provide an authoritative survey of this increasingly popular area of world history. The book takes a thematic approach to topics including exploration, migration and cultural encounters. In the first chapters, scholars examine the interactions between groups which converged in the Atlantic world, such as slaves, European migrants and Native Americans. The volume then considers questions such as finance, money and commerce in the Atlantic world, as well as warfare, government and religion. The collection closes with chapters examining how ideas circulated across and around the Atlantic and beyond. It presents the Atlantic as a shared space in which commodities and ideas were exchanged and traded, and examines the impact that these exchanges had on both people and places. Including an introductory essay from the editors which defines the field, and lavishly illustrated with paintings, drawings and maps this accessible volume is invaluable reading for all students and scholars of this broad sweep of world history.

A Concise History of Bolivia Herbert S. Klein,2011-01-31 In its first Spanish edition, Herbert Klein's A Concise History of Bolivia won immediate acceptance within Bolivia as the new standard history of this important nation. Surveying Bolivia's economic, social, cultural and political evolution from the arrival of early man in the Andes to the present, this current version brings the history of this society up to the present day, covering the fundamental changes that have occurred since the National Revolution of 1952 and the return of democracy in 1982. These changes have included the introduction of universal education and the rise of the mestizos and Indian populations to political power for the first time in national history. This second edition brings this story through the first administration of the first self-proclaimed Indian president in national history and the major changes that the government of Evo Morales has introduced in Bolivian society, politics and economics.

Tacky Rax King, 2021-11-02 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column *Store-Bought Is Fine*—Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to good taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, *Sex and the City*, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in *You Wanna Be On Top*, Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity,

heartfelt honesty, and Rax King's trademark humor. A VINTAGE ORIGINAL
