Flying Lead Change Kelly Wendorf, 2020-10-13 A guide to living and leading through the wisdom of nature, indigenous knowledge, neuroscience, and an uncommon teacher. Underneath the challenges of our modern age, we find a common cause of disconnection—from each other, the earth, and lives of purpose and meaning. How do we turn it

around? In *Flying Lead Change*, Kelly Wendorf offers a guide for a new approach to leading and living, grounded in evidence-based principles of neuroscience and inspired by two profound sources of ancient wisdom: Original Peoples and Equus (the horse). Wendorf presents the wisdom of a 56-million-year-old system—the horse herd—that overcame threats we now face, such as climate change and mass extinction. Here, she shares the five pillars of their success: safety, peace, connection, joy, and freedom. She reveals how true leaders in both human and equine society use these principles to benefit the whole—a model of servant leadership based on presence and care, not dominance, force, exploitation, or coercion. In horsemanship, a “flying lead change” allows a running horse to respond with breathtaking grace to changing conditions. “Collectively, we need a similar physics-defying maneuver,” Wendorf writes. “This book is for the called-thought leaders, visionaries, parents, creatives, and all those who sense we are being asked to participate in humanity’s ‘flying change’ through the way we live, love, and lead.”

The Scott Sisters Gladys Scott, Jamie Scott, 2016-01-01 At nineteen and twenty-one, Jamie and Gladys Scott received double life sentences each for a crime that they did not commit. The crime? Armed robbery for only \$11. Why was the prison sentence so severe? Why double life? After serving sixteen years in prison, the sisters are ready to share their story—the untold story. The sister's lives were taken and thrown into the hands of a callous Mississippi Prison. Nationally

known for their bizarre case, Jamie and Gladys take readers behind closed doors of their early childhood in Chicago, behind the bars of the Central Mississippi Correctional Facility, and underneath the blindfold of Mississippi's blind justice. After being absent for sixteen years, Jamie and Gladys Scott were released and now both struggle to reestablish family relationships. Excerpts from the actual court transcripts of their trial and the signed affidavit supporting their innocence are included in this poignant and inspiring memoir. The Scott Sisters, Revealing the Truth, Exposing Injustice, and Trusting God will take you on a journey of faith and introduce you to two women who are so much more than just the Scott Sisters-Jamie and Gladys, who... had nothing or nobody else to hold on to, but God!

Angela Hutchinson Hammer Betty E. Hammer Joy, 2015-10-19 In 1905, with her marriage dissolved and desperate to find a way to feed her children, Angela Hutchinson Hammer bought a

handpress, some ink, and a few fonts of type, and began printing a little tabloid called the Wickenburg Miner. In her naïveté, Angela never dreamed this purchase would place her squarely in the forefront of power struggles during Arizona's early days of statehood. A true daughter of the West, Angela, born in a tiny mining hamlet in Nevada, came to the Territory of Arizona at the age of twelve. Betty Hammer Joy weaves together the lively story of her grandmother's life by drawing upon Angela's own prodigious writing and correspondence, newspaper archives, and the recollections of family members. Her book recounts the stories Angela told of growing up in mining camps, teaching in territorial schools, courtship, marriage, and a twenty-eight-year career in publishing and printing. During this time, Angela managed to raise three sons, run for public office before women in the nation had the right to vote, serve as Immigration Commissioner in Pinal County, homestead, and mature into an activist for populist agendas and water conservation. As questionable deals took place both within and outside the halls of government, the crusading Angela encountered many duplicitous characters who believed that women belonged at home darning socks, not running a newspaper. Although Angela's independent papers brought personal hardship and little if any financial reward, after her death in 1952 the newspaper industry paid tribute to this courageous woman by selecting her as the first woman to enter the Arizona Newspaper Hall of Fame. In 1983 she was honored posthumously with another award for women who contributed to Arizona's

progress—induction into the Arizona Women's Hall of Fame.

Loving Someone Who Has Dementia Pauline Boss, 2011-06-24 Research-based advice for people who care for someone with dementia Nearly half of U.S. citizens over the age of 85 are suffering from some kind of dementia and require care. *Loving Someone Who Has Dementia* is a new kind of caregiving book. It's not about the usual techniques, but about how to manage on-going stress and grief. The book is for caregivers, family members, friends, neighbors as well as educators and professionals—anyone touched by the epidemic of dementia. Dr. Boss helps caregivers find hope in ambiguous loss—having a loved one both here and not here, physically present but psychologically absent. Outlines seven guidelines to stay resilient while caring for someone who has dementia Discusses the meaning of relationships with individuals who are cognitively impaired and no longer as they used to be Offers approaches to understand and cope with the emotional strain of care-giving Boss's book builds on research and clinical experience, yet the material is presented as a conversation. She shows you a way to embrace rather than resist the ambiguity in your relationship with someone who has dementia.

The Day Hope and History Rhymed in East Timor

Pat Walsh, 2019-07-24 In 1999, in a remote corner of the world, something almost miraculous happened. After 500 years of colonialism, the political stars finally aligned and the people of Timor-Leste, written off as losers in the face of irreversible odds, successfully voted for freedom. Twenty years on, Pat Walsh remembers the day like it was yesterday. In this colourful collection of stories about Timor-Leste, he also draws on his many years living in Dili to recall with wry affection the city's traffic, roosters and a motley array of characters. The latter range from a Norwegian bishop to a cockfight promoter, an Australian called Dagg, a honey seller, a cat with only six lives, a girl called Menahaha, and two intellectual giants whose contributions to their human rights are largely unknown in Timor-Leste. Believing that the past is a friend to lean on, not an enemy, he also takes the opportunity to remind the Indonesian military of their failings. But, in the same vein, he also laments the futile loss of Indonesian lives, the damage to Indonesia's dignity, and the subversion of the rules-based international order that marked the 24 year occupation. Written with touches of humour, *The Day Hope and History Rhymed in East Timor* is a personal, insightful, and sometimes whimsical, set of narratives that fills a gap between the academic and the trivial on this endearing, but improbable, new nation.

No-Man's Lands Scott Huler,2010-01-05 When NPR contributor Scott Huler made one more attempt to get through James Joyce's Ulysses, he had no idea it would launch an obsession with the book's inspiration: the ancient Greek epic The Odyssey and the lonely homebound journey of its Everyman hero, Odysseus. No-Man's Lands is Huler's funny and touching exploration of the life lessons embedded within The Odyssey, a legendary tale of wandering and longing that could be read as a veritable guidebook for middle-aged men everywhere. At age forty-four, with his first child on the way, Huler felt an instant bond with Odysseus, who fought for some twenty years against formidable difficulties to return home to his beloved wife and son. In reading The Odyssey, Huler saw the chance to experience a great vicarious adventure as well as the opportunity to assess the man he had become and embrace the imminent arrival of both middle age and parenthood. But Huler realized that it wasn't

enough to simply read the words on the page—he needed to live Odysseus’s odyssey, to visit the exotic destinations that make Homer’s story so timeless. And so an ambitious pilgrimage was born . . . traveling the entire length of Odysseus’s two-decade journey. In six months. Huler doggedly retraced Odysseus’s every step, from the ancient ruins of Troy to his ultimate destination in Ithaca. On the way, he discovers the Cyclops’s Sicilian cave, visits the land of the dead in Italy, ponders the lotus from a Tunisian resort, and paddles a rented kayak between Scylla and Charybdis and lives to tell the tale. He writes of how and why the lessons of *The Odyssey*—the perils of ambition, the emptiness of glory, the value of love and family—continue to resonate so deeply with readers thousands of years later. And as he finally closes in on Odysseus’s final destination, he learns to fully appreciate what Homer has been saying all along: the greatest adventures of all are the ones that bring us home to those we love. Part travelogue, part memoir, and part critical reading of the greatest adventure epic ever written, *No-Man’s Lands* is an extraordinary description of two journeys—one ancient, one contemporary—and reveals what *The Odyssey* can teach us about being better bosses, better teachers, better parents, and better people.
