**Zombology** Brian Anse Patrick,2014 In films, television, books, games, pornography, and now even in firearms and ammunition being sold to the American public, zombies are one of the mainstays of the popular culture of our time. Far from being only a passing curiosity, Brian Patrick dissects the zombie, showing it as the articulation of deep-seated fears within the Western psyche, a symbol in fact for the growing dehumanization that many of us observe, or perhaps sense without fully realizing it, in modern civilization. Patrick connects the zombie phenomenon to previous historical occurrences, drawing on both religion and psychology to show how such symbolic tropes that lodge in the collective unconscious of a culture are reflective of the psychological needs of large numbers of people in times of crisis. Patrick likewise shows how zombiedom has manifested particularly in American gun culture, and how this relates to the growth of a large-scale citizens' activist movement in favor of gun rights. Also included are practical tips on how to stay out of the clutches of zombiedom. Zombology is more than just a book about zombies, however. The zombie, for Patrick, is a peculiarly Western phenomenon, and as such, he examines how it can be seen as a manifestation of not-so-abstract forces battling for the future of our civilization: will collectivization or the individual, dream or reality win out? Patrick offers his own diagnosis. At the very least the zombie adds some much-needed psychic contrast to the cold, to the grey and to the unending. It also provides a face, albeit necrotic, to the seemingly impersonal sociological forces that undermine the West; for in a near-perfect correspondence with the zombie, the West itself appears to be necrotic in a galloping way. Both need brains to ease the pain.-p. 48

**Cowboys Vs Zombies** Eric Brown,2012-04-01 Dilouie is a killer. He's always made his way in life by the speed of his gun hand and the coldness of his remorseless heart. Life never meant much to him until the world fell apart and they awoke. Overnight, the dead stopped being dead. Hungry corpses rose from blood splattered streets and graves. Their numbers were unimaginable and their need for the flesh of the living insatiable. The United States is no more. Washed away in a tide of gnashing teeth and rotting, clawing hands. Dilouie no longer kills for money and pleasure but to simply keep breathing and to see the sunrise of the next dawn. . . And he is beginning to wonder if even men like him can survive in a world that now belongs to the dead?

**Undead War: Tales of the Zombie Apocalypse** Dead Guns Press,2015-12-08 The Undead War means a battle of survival for the remaining pockets of humanity. It's the only thing that matters these days. Survive and win at all cost. The old ways of life mean nothing anymore. Those God-forsaken 9-to-5 jobs, the bills, the corporate empires, politicians bickering over stupid crap, all those laws on the books and everything that meant anything were swept aside. That includes those nice big screens televisions, computers, jewelry, gold, those fancy cars and the money that everyone slaved their asses off to get - it don't mean a damn thing anymore. When those things came back to life, the governments said they were going to eradicate the undead, the zombies, zekes, ferals, walkers or whatever those damned things are being called these days, but instead the governments the world over just collapsed. There's nothing left of the old ways of life just the surviving and dying.

How can you raise a body of like minded individuals to defend your territory or to expand during the Zompoc? What is the Zompoc and what is a zombie? This book was written to answer these questions and much more. Many books recommend particular weapon types but they are always described by those with no experience of these items. *Donald Trump, Zombie Hunter* Charlie Roberts,2017-04-16 The dead have risen to devour the living...and President Donald Trump is fighting back! It's a blood-soaked, action-packed zombie apocalypse that begins at a rally in Nashville, staggers to the Oval Office and the CDC, and ends in a battle royale at the border wall, as Donald Trump, a brave team of warriors, and a machete that never rests fight a life-or-death war to Make America Human Again! The zombie outbreak begins all over the world at virtually the same moment ... and for President Donald Trump, it begins during a rally in Nashville, Tennessee. He and his Secret Service AIC are forced into hand-to-hand combat with the dead, and barely escape with their lives - and the help of a brave team of commandos led by a Special Forces soldier named Tomlin. These are classic George Romero zombies, except faster and even more angry. And by the time Trump, Agent Diaz, and Tomlin land on the South Lawn of the White House, the world has been lost. They have to fight again - guns and knives vs. the relentless hunger of the walking dead - and actually make to the Oval Office. They learn just how bad things have become and decide to move their base of operations to the Center for Disease Control in Atlanta ... just as former President Barack Obama arrives. He's already lost his wife, and barely begins to speak before his arm falls off and he transforms into a bloodthirsty zombie right in front of them. President Trump moves fast: He takes a machete from one of the fallen and slices the top off ex-Obama's head, stopping the Presidential zombie forever and revealing an evil little worm-thing that has eaten his brain. Is that the source of the rising dead ... or has it been there much longer? Within moments, Trump and his team - including the beautiful and mysterious blonde Stacey Chase - fight their way back out of the Oval Office to the chopper and rush to the CDC. Communications indicate it's still safe, but they land on the wrong building at the worst possible time to find that the Center has only just fallen. The Undead attack; they lose the chopper, and Trump and his shrinking team of survivors have to fight their way down ten flights of stairs, past ravenous zombies and crazed humans, just to escape in an Army MRAP. They lose the intriguing Stacey Chase even as she unlocks the vehicle that

allows them to flee ... to their final destination: the Border Wall. When Trump and his battle-hardened crew reach the huge and still secure construction site in Sierra Blanca, East Texas, they have to fight through mobs of zombie protesters, zombie media people, and zombie construction workers to reach true safety. They even have to use a massive bulldozer to haul away tons of the walking dead in a final battle royale. But they make it. And Trump is able to tap into what remains of the worldwide communications network, reach out to the survivors and heroes who still exist across a zombie-infected world, and tell them there is still hope. That together, they can re-take their country. They can Make America Human Again!
