George Joseph

Busting Vegas Ben Mezrich, 2009-03-17 He played in casinos around the world with a plan to make himself richer than anyone could possibly imagine -- but it would nearly cost him his life. Semyon Dukach was known as the Darling of Las Vegas. A legend at age twenty-one, this cocky hotshot was the biggest high roller to appear in Sin City in decades, a mathematical genius with a system the casinos had never seen before and couldn't stop — a system that has never been revealed until now; that has nothing to do with card counting, wasn't illegal, and was more powerful than anything that had been tried before. Las Vegas. Atlantic City. Aruba. Barcelona. London. And the jewel of the gambling crown — Monte Carlo. Dukach and his fellow MIT students hit them all and made millions. They came in hard, with stacks of cash; big, seemingly insane bets; women hanging on their arms; and fake identities. Although they were taking classes and studying for exams during the week, over the weekends they stormed the blackjack tables only to be harassed, banned from casinos, threatened at gunpoint, and beaten in Vegas's notorious back rooms. The stakes were high, the dangers very real, but the players were up to the challenges, consequences be damned. There was Semyon Dukach himself, bored with school and broke; Victor Cassius, the slick, brilliant MIT grad student who galvanized the team; Owen Keller, with stunning ability but a dark past that would catch up to him; and Allie Simpson, bright, clever, and a feast for the eyes. In the classroom, they were geeks. On the casino floor, they were unstoppable. *Busting Vegas* is Dukach's unbelievably true story; a riveting account of monumental greed, excess, hubris, sex, love, violence, fear, and statistics that is high-stakes entertainment at its best.

Beat the Casino Blackjack with Top Strategy Shawn Wilkinson, 2015-07-20 Why buy this book? The TOP Blackjack Strategy has made consistent winners out of those who have used it. Developed over 30 years ago this is the first time the Blackjack TOP Strategy has been put into writing. It is very easy to learn and use, and includes a Players Decision Chart you can refer to. Consider the following facts: results of the same 4000 live hands played: TOP strategy won 1953 (48.8%) for +\$2390; BASIC Strategy won 1885 (47.1%) for -\$330. This was done without counting cards and betting \$20 every hand. Reading this book will change the way you play blackjack. This book is the result of a challenge to the author by a friend to prove how TOP is an improvement over Basic Strategy. To meet the challenge, 4000 blackjack hands were played in casinos using TOP Strategy; and were recorded as if the hands had also been played following BASIC Strategy. Thus, the results in the book are an accurate Strategy comparison for the same hands. The 4000 results have been included in the form of Worksheets. For Blackjack players already using BASIC Strategy, they will most likely easily learn TOP in minutes. However, this book is written for the novice Blackjack Player as well. There is no counting cards or having to use a negative progression betting system to use the TOP Strategy. Just print a copy of, and refer to the easy to read Decision Chart at the end of the book, and you are ready to play. Even though the author makes an income from gambling and stock market investing, he does not advocate gambling. However, if you are going to gamble, do so being educated about the game you chose to play; which is the goal of this book in regard the game of blackjack. As the TOP Strategy is learned and used by players around the world, Blackjack will never be the same.

I Am A Card Counter Frank Scoblete, 2014-05-01 With the help of the easy-to-master steps in this book, even a novice gambler can go from being a traditional blackjack player to a card counter--an advantage player with a true edge over the house. For a dozen years, Frank Scoblete was a devastating card-counter, consistently beating casinos in Las Vegas, Atlantic City, and Tunica, Mississippi and angering the casino bosses by knowing more about how to win money than almost anyone who ever challenged a casino. He employed sophisticated methods, including card-counting and little-known advantage-play techniques to turn the tables on the house. Now Frank, known as an icon of the gambling industry, shares with readers everything he knows about beating casinos at blackjack, including techniques for one, two, four, six, and eight deck games such as end play, the fat finger method, card groupings, and several card counting systems that are easy to learn, but powerful and effective to play. *I Am a Card Counter* is an

essential resource for any gambler looking to succeed at the blackjack table.

How to Win 21 & Poker, Dice, Races, Roulette Mike Goodman, 2016-11-11 THE ONE IMPORTANT THING TO KNOW ABOUT GAMBLING is that there is no guaranteed way to win all the time. But there is a guaranteed way to lose constantly, and that is when you don't understand the basic rules of playing and betting. It is appalling how many people, even big-money gamblers, lose consistently and don't know why. There are only two types of gamblers-those who really know the game and suckers. Mike Goodman, a veteran professional gambler, gives you an amazing, easy-to-understand insight on how to gamble and win. HORSE RACING...watch those second favorites; let the suckers play the favorites, they're usually overplayed! DICE...you're a sucker if you don't take advantage of the odds, but the real pay-off comes when you know how to bet! SLOTS...there's only one way to

beat those “one-arm bandits,” but, unfortunately, it’s against the law! ROULETTE...it’s tough to beat the house percentage, but there are ways to lose less, keep you in the game, and then, who knows? BLACKJACK “21”...here’s a game you can win at consistently if you learn the tricks and how to put “lady luck” on your side! POKER...you get real help here; tips that’ll open your eyes, make you play a better game and win! This book gives solid advice on how you can become a tough player and helps tilt the odds more in your direction. I’m just plain sick of “experts” who promise the moon but peddle virtually worthless advice. Somewhere in their pitch you’re told that they’re not multi-millionaires because they are not allowed in gambling casinos and I challenge any one of them to use this system at “craps”, “21” or roulette at my casino. If they haven’t got the guts to back up their system with hard cash, I challenge them to meet me face to face in public to debate any phase of gambling on which they claim to be an authority. Mike Goodman

Burning the Tables in Las Vegas Ian Andersen,2002-12 In *Burning the Tables in Las Vegas*, Ian Andersen, author of the classic *Turning the Tables on Las Vegas* and one of the most successful high-stakes blackjack players of all time, shares his personal program for success at blackjack, poker, and life. This second edition contains three important new chapters: one on the use of the surrender option at blackjack as a camouflage technique, one on green-chip play for medium rollers; and one on understanding casino psychology. The Crazy Surrender chapter expands Andersen's *Ultimate Gambit* and adds another dimension to his technique of using elements of mathematics and psychology to remain below the casino radar. This new edition also contains a Foreword by blackjack legend Stanford Wong.

Blackjack Insiders Andrew Uyal,2019-07-16 This memoir relates the experiences of two pit bosses who perfected their card-counting skills then used their inside knowledge to win at 21 tables throughout the country.

ABC’s of 21 Mike Exinger,2012-04-23 Blackjack, or Twenty-One if you prefer, is one of the most popular table games in any casino. And it has the lowest “casino edge” of any game, too. So why aren’t more people playing? They don’t know how to play. They feel intimidated. They think slots give them a better deal. They don’t want to lose all their money. They think Paula Deen will eat them with a pound of butter. I can deal with all of these issues except the last one. Blackjack can be easy to learn, and with my systems it’s easy to learn how to win, too. You’re on your own with Paula...

Super Casino Pete Earley,2000 Las Vegas was a mob town built on restlessness and hunger, on glitter, greed, and the firm belief that anyone can get lucky once. But in the last decade Las Vegas has had its own change of fortune, transforming itself from a gambler's fun house to one of the

country's top family vacation spots. Now Pete Earley--the investigative journalist and award-winning author who stormed Leavenworth in *The Hot House*--takes us inside today's colossal theme casinos, in a fascinating look at the life, death, and fantastic rebirth of the Las Vegas Strip. With 320 days of sunshine, 500 churches, 27 golf courses, and no state income tax, Las Vegas is the ultimate boomtown. And at the heart of the boom are the new entertainment superstores known as super casinos. How do they run? Who are the business titans responsible for these extravagant showplaces? And why was the gaudy Vegas of the Rat Pack era remade in the first place? Pete Earley traces this evolution by taking a probing look at the checkered history of Las Vegas--when moguls, mobsters, and the world's top entertainers came together to create this ultimate monument to American excess. This fascinating book reveals the real stories of well-known power brokers like Steve Wynn, Vegas legends like Howard Hughes and Bugsy Siegel, and the gripping rise and fall and rise again of the entrepreneurs behind one of the largest gaming corporations in the nation, the colossus Circus Circus, to which the author was given unique access. Earley's trademark you-are-there style brings us front and center as whales win and lose hundreds of thousands of dollars in a few seconds. We see grifters try every trick in the book to beat the odds--while eye-in-the-sky cameras record all the action. We go behind the scenes to meet the blackjack dealers and hookers, the heavy hitters and bit players, the maids and chefs, security officers, cabbies, and showgirls who are caught up in the mercurial pace that pulses at the heart of this astounding city. This lively, probing book lays forth the real Las Vegas and shows how and why it has become the biggest draw in the country, offering adult and family entertainment like no other in the world. The result is an intriguing, often troubling look at a uniquely American city founded on greed--and a nation that built its own mad Mecca in the desert. This is the new Las Vegas--no longer the stomping ground of the Rat Pack, but just as fascinating, just as energized, just as cutthroat. What, and who, is behind it all? Earley was offered unique access to one of the largest gaming corporations in the nation (Circus Circus), and through his investigation of other major gambling enterprises, he shows how the Strip of yesterday has transformed itself, with multi-faceted, themed mega-complexes offering adult and family entertainment like no other in the world. Wall Street analysts call Las Vegas the biggest cash cow in America--its 1999 revenues were a staggering \$27.2 billion. *SUPER CASINO* tells how it came to be the biggest draw in the country, while catching the voices of those large and small--bosses, shift managers, dealers, cashiers, showgirls, hookers, cabbies, tourists, and of course, the players--who make it run today. -->
