Some of My Best Friends Are Black Tanner Colby,2013-07-30 An irreverent, yet powerful exploration of race relations by the New York Times bestselling author of The Chris Farley Show Frank, funny, and incisive, Some of My Best Friends Are Black offers a profoundly honest portrait of race in America. In a book that is part reportage, part history, part social commentary, Tanner Colby explores why the civil rights movement ultimately produced such little true integration in schools, neighborhoods, offices, and churches—the very places where social change needed to unfold. Weaving together the personal, intimate stories of everyday people—black and white—Colby reveals the strange, sordid history of what was supposed to be the end of Jim Crow, but turned out to be more of the same with no name. He shows us how far we have come in our journey to leave mistrust and anger behind—and how far all of us have left to go.

Diving Into the Bitstream Barry M. Dumas, 2012-11-12 Nationwide, and indeed worldwide, there has been a growing awareness of the importance of access to information. Accordingly, information technology (IT), broadly defined and its role beyond the internal workings of businesses has leapt into the social consciousness. Diving into the Bitstream distinguishes itself by weaving together the concepts and conditions of IT. What distinguishes these trends is their focus on the impacts of IT on societies, and the responsibilities of IT's creators and users. The author pulls together important, often complex issues in the relationships among information, information technologies, and societal constructs. The text explores a synopsis of these issues that are foundations for further consideration.

Sure, I'll Be Your Black Friend Ben Philippe, 2021-04-27 It is a truth universally acknowledged that a good white person of liberal leanings must be in want of a Black friend. In the biting, hilarious vein of *What Doesn't Kill You Makes You Blacker* and *We Are Never Meeting in Real Life* comes Ben Philippe's candid memoir-in-essays, chronicling a lifetime of being the Black friend (see also: foreign kid, boyfriend, coworker, student, teacher, roommate, enemy) in predominantly white spaces. In an era in which "I have many black friends" is often a medal of Wokeness, Ben hilariously chronicles the experience of being on the receiving end of those fist bumps. He takes us through his immigrant childhood, from wanting nothing more than friends to sit with at lunch, to his awkward teenage years, to college in the age of Obama, and adulthood in the Trump administration—two sides of the same American coin. Ben takes his role as your new black friend seriously, providing original and borrowed wisdom on stereotypes, slurs, the whole "swimming thing," how much Beyoncé is too much Beyoncé, Black Girl Magic, the rise of the Karens, affirmative action, the Black Lives Matter movement, and other conversations you might want to have with your new BBFF. Oscillating between the impulse to be one of the good ones and the occasional need to excuse himself to the restrooms, stuff his mouth with toilet paper, and scream, Ben navigates his own Blackness as an Oreo with too many opinions for his father's liking, an encyclopedic knowledge of CW teen dramas, and a mouth he can't always control. From cheating his way out of swim tests to discovering stray family members in unlikely places, he finds the punchline in the serious while acknowledging the blunt truths of existing as a Black man in today's world. Extremely timely, *Sure, I'll Be Your Black Friend* is a conversational take on topics both light and heavy, universal and deeply personal, which reveals incisive truths about the need for connection in all of us.

New Media in Black Women's Autobiography T. Curtis, 2015-03-04 Examining novelists, bloggers, and other creators of new media, this study focuses on autobiography by American black women since 1980, including Audre Lorde, Jill Nelson, and Janet Jackson. As Curtis argues, these women used embodiment as a strategy of drawing the audience into visceral identification with them and thus forestalling stereotypes.

94Th & Racine Nya B,2018-10-02 The unknowns of college, letdowns, heartbreak, and redemption seemed like the themes to her life. In this sequel to 94th & Racine: The Roots of Me, The Growth of Me details the journey of a young woman's path to solace. Nya recalls her life during her eighteen to twenty-eight years of age, highlighting her struggles with earning a higher education, coping with loss and grief, being a single parent to a son, and loving the wrong man. Nya struggles to deal with the burden that mental illness and immaturity have on her success. By making peace with her losses, defending herself against naysayers, and exuding consistent transparency, Nya prevails, leading her to unstoppable heights. 94th & Racine: The Growth of Me will take readers backstage, illustrating how one can lose focus, lending energy to dead-end situations. It will give insight to the dynamics that some college students face when they leave home and step away from what's familiar to them. Readers will be inspired and encouraged as they learn how self-discipline, taking responsibility, and letting go can be essential factors in being grown. The Social Media Age Zoetanya Sujon,2021-04-07 Exploring power and participation in a connected world. Social media are all around us. For many, they are the first things to look at upon waking and the last thing to do before sleeping. Integrated seamlessly into our private and public lives, they entertain, inform, connect (and sometimes disconnect) us. They're more than just social though. In addition to our experiences as everyday users, understanding social media also means asking questions about our society, our culture and our economy. What we find is dense connections between platform infrastructures and our experience of the social, shaped by power, shifting patterns of participation, and a widening ideology of connection. This book introduces and examines the full scope of social media. From the social to the technological, from the everyday to platform industries, from the personal to the political. It brings together the key concepts, theories and research necessary for making sense of the meanings and consequences of social media, both hopefully and critically. Dr Zoetanya Sujon is a Senior Lecturer and Programme Director for Communications and Media at London College of Communication, University of the Arts London.

Black Planet David Shields, 2012-06-27 The National Basketball Association is a place where, without ever acknowledging it, white fans and black players enact and quietly explode virtually every racial issue and tension in the culture at large. In *Black Planet*, David Shields explores how, in a predominantly black sport, white fans--including especially himself--think about and talk about black heroes, black scapegoats, black bodies. During the 1994-95 NBA season, Shields went to the Seattle SuperSonics' home games; watched their away games on TV; listened to interviews and call-in shows; talked, or tried to talk, to players, coaches, and agents; attended charity events; corresponded with members of the Sonics newsgroup on the Web. He kept a journal and over the next few years transformed that journal into this book, which is focused sharply on white spectators' relationship to black athletes, in particular Shields' own identification with Gary Payton, the team's language-besotted point-guard. Through the apparently simple vehicle of a daily diary running from November 5, 1994 to May 5, 1995, and ranging from a dispute between two fans over the sale of a ticket to the national media frenzy surrounding Charles Barkley's jest That's why I hate white people, David Shields confronts the nature of racism (including his own)--the otherness in ourselves that we project onto strangers. He takes us via sports passion deep into the American racial divide. From the Hardcover edition.

Ebony, 2005

The Black Male Friendship Experience Willie Williams, 2019-04-19 The more millennials see that the things such as a mortgage, car loans, and student loans aren't as important as our parents made them to be, we realize that our friendships are even more important. Naturally you grow from a child where you only care if your parent approves of your actions, to caring about the reactions of the people around you. This is what happens in middle school where children begin to notice each other's flaws and advantages. They then seek the approval of the people around them based off that. As age grows, we care less about what everyone thinks and our lens of seeking approval shrinks to that of a few people. Those people are our friends. You can't choose your family, but you make a conscious decision to choose your friends. The term friend even has a subjective meaning that might be based off different requirements. But friends, nonetheless, become our main source of approval and understanding.

God, Are You Serious? Kay Jemison, 2008-12 This is not your average, or even ordinary, collection of stories. Most young adults dream of the day when they are freed from the nest to take on the world and finally be independent! But for Kay Jemison, did this come at too high a price? A rollercoaster ride is typical but Kay didn't bargain on a never ending coaster of lies, bank robbery, attempted murder, and abusive relationships! Often stopping to ask God why her deck of cards was always stacked against her, she found herself wavering on getting to know Him. But something wouldn't let her give up on God or life, despite each negative experience. Her ambition led her to an encounter with God, hoping to get answers to her unanswered questions. Kay discovered that out of an overdeveloped sense of personal obligation she often repeated mistakes that risked her life, despite the danger signs. Enemies were camouflaged as friends; friends lacked commitment and integrity. Characters grew increasingly bizarre. God chose Kay, having His hand on her life, long before she even knew He existed. This story's heart is about perseverance and ambition for one's destiny while developing a relationship with God.
