Fab Howard Sounes,2010-10-26 Howard Sounes, the bestselling author of *Down the Highway: The Life of Bob Dylan* and *Charles Bukowski: Locked in the Arms of a Crazy Life*, turns his considerable reporting and storytelling skills to one of the most famous, talented—and wealthiest—men alive: Paul McCartney. *Fab* is the first exhaustive biography of the legendary musician; it tells Sir Paul's whole life story, from childhood to present day, from working-class Liverpool beginnings to the cultural phenomenon that was The Beatles to his many solo incarnations. *Fab* is the definitive portrait of McCartney, a man of contradictions and a consummate musician far more ruthless, ambitious, and moody than his relaxed public image implies. Based on original research and more than two hundred new interviews, *Fab* also reveals for the first time the full story of his two marriages, romances, family feuds, phenomenal wealth, and complex relationships with his fellow ex-Beatles.

Dying to Wake Up Dr. Rajiv Parti,Paul Perry,2016-08-16 Dr Rajiv Parti was the last man to believe in heaven or hell – until he saw them with his own eyes. Dr Parti was a wealthy man of science with a successful career as the Chief of Anesthesiology at the Bakersfield Heart Hospital in California. He demanded the same success from his son, whose failures provoked episodes of physical abuse from Dr Parti. However, his fate was overturned in 2005, when he was diagnosed with cancer. During his seventh operation against the disease, dying from sepsis with a 105 degree fever, Dr Parti left his body and watched his own operation from the ceiling. What followed was a profound near-death experience, in which Dr Parti was met by archangels and his deceased father, who led him to witness both heaven and hell. From the angels, he learned lessons of spiritual health that they insisted he bring down to earth – to do so, Dr Parti knew he had to change his ways. After his near-death experience, Dr Parti awoke a new man. He gave away his mansion, quit his career, opened a wellness clinic and completely turned around his relationships with his family. In this remarkable true story of spiritual transformation, Dr Parti provides rare details of heaven, hell, the afterlife and angels. In sharing the lessons and eternal truths from the Divine that changed him forever, Dr Parti offers his audience the opportunity to attain peace and live a better life here on Earth.

Goldilocks and the Water Bears Louisa Preston,2016-06-16 'Highly recommended' Financial Times Today we know of only a single planet that hosts life: the Earth. But across a Universe of at least 100 billion possibly habitable worlds, surely our planet isn't the only one that, like the porridge Goldilocks sought, is just right for life? Astrobiologists search the galaxy for conditions that are suitable for life to exist, focusing on similar worlds located at the perfect distance from their Sun, within the aptly named 'Goldilocks Zone'. Such a place might have liquid water on its surface, and may therefore support a thriving biosphere. What might life look like on other worlds? It is possible to make best-guesses using facts rooted in science, and by studying 'extremophiles' – organisms such as the near-indestructible water bears, which can survive in the harshest conditions that Earth, and even space, can offer. *Goldilocks and the Water Bears* is a tale of the origins and evolution of life, and

the quest to find it on other planets, on moons, in other galaxies, and throughout the Universe.

When his younger sister, Hazvinei, is born, Tinashe knows at once that there is something special about her. Their life in the village, once disturbed only by the occasional visits of his successful uncle and city cousin, Abel, now becomes entangled with the dual forces of the Shona spirit world and the political turmoil of the nation. As Tinashe, Hazvinei and Abel grow older, their destinies entangle in ways they never expected. Tinashe is prepared to follow his sister anywhere - but how far can he go to keep her safe when the forces threatening her are so much darker and more sinister than he suspected?Andrea Eames weaves together folklore and suspense in this compelling tale of a boy struggling to do the right thing in an unpredictable world.
