

Blanco Octavio Paz

Roberto Hozven

Blanco, de Octavio Paz, o la estética de la evanescencia Sandra Lucía Díaz Gamboa,2012-10-18 Este libro trabaja lo que se podría llamar una “estética de la evanescencia” en Blanco, poema de Octavio Paz, de tal manera que este concepto permita plantear problemas para las artes y las ciencias, crear categorías y descubrir estructuras y modelos hermenéutico-filológicos. Así pues, plantea la hipótesis de una “estética de la evanescencia” que funciona en todos los niveles del poema, animada por el deseo infinito de un “más allá” de lo dicho. Con Octavio Paz se comprende que toda tradición, por remota que sea, es un secreto abierto capaz de transformar todos los lugares y todas las épocas en el centro y la periferia de manera simultánea. En esta evanescencia de los centros temporales y espaciales late una pregunta fundamental que involucra la responsabilidad infinita ante el otro.

The Philosophy of Yoga in Octavio Paz's Poem Blanco Richard Jerome Callan,2005

Transblanco Octavio Paz,Haroldo de Campos,1994

Understanding Octavio Paz Jose Quiroga,1999 In this comprehensive examination of the work of Octavio Paz - winner of the 1990 Nobel Prize for Literature and Mexico's important literary and cultural figure - Jose Quiroga presents an analysis of Paz's writings in light of works by and about him. Combining broad erudition with scholarly attention to detail, Quiroga views Paz's work as an open narrative that explores the relationships between the poet, his readers and his time.

Toward Octavio Paz John M. Fein,2021-10-21 The undisputed intellectual leadership of Octavio Paz, not only in Mexico but throughout Spanish America, rests on achievements in the essay and in poetry. In the field of the essay, he is the author of more than twenty-five books on subjects whose diversity—esthetics, politics, surrealist art, the Mexican character, cultural anthropology, and Eastern philosophy, to cite only a few—is dazzling. In poetry, his creativity has increased in vigor over more than fifty years as he has explored the numerous possibilities open to Hispanic poets from many different sources. The bridge that joins the halves of his writing is a concern for language in general and for the poetic process in particular. Toward Octavio Paz defines this process of creation through a close examination of the books that represent the summit of the poet's development, three long poems and three collections. It is intended for readers of varied poetic experience who are approaching Paz's work for the first time. By studying the relationship of the parts of the poem, particularly structure and theme, Fein traces the poet's growth through approaches to the reader, each embodied in a separate work. From the divided circularity of Piedra de sol through the intensification of the subject of Salamandra, the multiple meanings of Blanco, the polarities of Ladera este, and the literary solipsism of Pasado en claro, to the silences of Vuelta, Paz has shaped his audience's responses to his work through suggestion rather than control. The result is not only a new poetry but a new receptivity.

The Collected Poems of Octavio Paz, 1957-1987 Octavio Paz,1991 Contains almost 200 collected poems in both Spanish and English.

Octavio Paz, Homage to the Poet Octavio Paz,1980

Ladera este Octavio Paz,1998 Ladera este recoge todos los poemas que Octavio Paz escribió durante los seis años que vivió en la India. Estos poemas, de los más intensos del autor, muestran las impresiones, observaciones y sentimientos del poeta ante un mundo insólito y en gran part

Blanco Octavio Paz,1995 En el primer tomo se reproduce el poema del autor en su forma plegable original junto a las indicaciones de posibles lecturas. El segundo tomo, a cargo de Enrico Mario Santi, recoge materiales que sitúan al poema en su contexto y ayudan a su mejor apreciación. Entre ellos figuran los borradores de Octavio Paz, reproducidos facsimilarmente y transcritos; cartas del autor a sus editores que incluyen indicaciones tipográficas y comentarios paralelos y posteriores al poema; ensayos y comentarios de traductores del poema a varios idiomas.

Transpoetic Exchange Marília Librandi,Jamille Pinheiro Dias,Tom Winterbottom,2020-06-12 Transpoetic Exchange illuminates the poetic interactions between Octavio Paz (1914-1998) and Haroldo de Campos (1929-2003) from three perspectives--comparative, theoretical, and performative. The poem Blanco by Octavio Paz, written when he was Ambassador to India in 1966, and Haroldo de Campos' translation (or what he calls a transcreation) of that poem, published as Transblanco in 1986, as well as Campos' Galáxias, written from 1963 to 1976, are the main axes around which the book is organized. Paz and Campos, one from Mexico and the other from Brazil, were central figures in the literary history of the second half of the 20th century, in Latin America and beyond. Both poets signal the direction of poetry as that of translation, understood as the embodiment of otherness and of a poetic tradition that every new poem brings back as a Babel re-enacted. This volume is a print corollary to and expansion of an international colloquium and poetic performance held at Stanford University in January 2010 and it offers a discussion of the role of poetry and translation from a global perspective. The collection holds great value for those interested in all aspects of literary translation and it enriches the ongoing debates on language, modernity, translation and the nature of the poetic object.

Configurations Octavio Paz,1971 Octavio Paz, the 1990 Nobel Laureate, has won distinction as an anthropologist, philosopher and critic of art and literature. But it is as a poet that he is most celebrated.

Configurations was his first major collection to be published in this country, and includes in their entirety Sun Stone (1957) and Blanco (1967). Paz himself translated many of the poems from the Spanish. Some distinguished contributors to this bilingual edition include, among others, Paul Blackburn, Lysander Kemp, Denise Levertov, and Muriel Rukeyser.

The Poems of Octavio Paz Octavio Paz,2018-02-27 Now in paperback, the definitive, life-spanning, bilingual edition of the poems by the Nobel Prize laureate The Poems of Octavio Paz is the first retrospective collection of Paz’s poetry to span his entire writing career from his first published poem, at age seventeen, to his magnificent last poem. This landmark bilingual edition contains many poems that have never been translated into English before, plus new translations based on Paz’s final revisions. Assiduously edited by Eliot Weinberger—who has been translating Paz for over forty years—The Poems of Octavio Paz also includes translations by the poet-luminaries Elizabeth Bishop, Paul Blackburn, Denise Levertov, Muriel Rukeyser, and Charles Tomlinson. Readers will also find Weinberger’s capsule biography of Paz, as well as notes on many poems in Paz’s own words, taken from various interviews he gave throughout his long and singular life.

La poética interior de Octavio Paz. (Variables poéticas) Diego Martínez Torrón,2019-01-31 Diego Martínez Torrón es catedrático de Literatura Española en la Universidad de Córdoba y escritor, especialista en Literatura Española Contemporánea y en la obra de Cervantes. Su tesina y tesis doctorales versaron sobre la obra de Octavio Paz, y su libro Variables poéticas de Octavio Paz fue el primero que sobre este autor se publicó en España, en donde era conocido solo en círculos reducidos. Ese libro se publicó sin control del autor sobre la edición, por tanto con un gran número de erratas. Ahora, con el título de La poética interior de Octavio Paz, puede disfrutarse en edición muy corregida y ampliada. Las hipótesis de trabajo sobre el pensamiento y la cosmovisión del gran poeta mexicano, Premio Nobel, se demuestran todavía vigentes en un texto crítico que enlaza con los mejores modos de la crítica de otros tiempos. Se trata de un estudio muy completo de la obra de Paz, que queda aquí elucidada en toda su compleja profundidad, desde los inicios de influencia romántica, hasta la época surrealista, y la tercera etapa hinduista, con una amplia documentación, compatible con su carácter de ensayo ameno.

Lecturas de Octavio Paz Gimferrer, Pere,1980

Selected Poems Octavio Paz,G. Aroul,1984 Octavio Paz, asserts Eliot Weinberger in his introduction to these Selected Poems, is among the last of the modernists who drew their own maps of the world. For Latin America's foremost living poet, his native Mexico has been the center of a global mandala, a cultural configuration that, in his life and work, he has traced to its furthest reaches: to Spain, as a young Marxist during the Civil War; to San Francisco and New York in the early 1940s; to Paris, as a surrealist, in the postwar years; to India and Japan in 1952, and to the East again as his country's ambassador to India from 1962 to 1968; and

to various universities in the United States throughout the 1970s. A great synthesizer, the rich diversity of Paz's thought is shown here in all its astonishing complexity. Among the sixty-seven selections in this volume, a gathering in English of his most essential poems drawn from nearly fifty years' work, are Muriel Rukeyser's now classic version of Sun Stone and new translations by editor Weinberger of Blanco and Maithuna. And since for Paz, forever in motion, there can be no such thing as a definitive text, all the poems have been revised to conform to the poet's most recent changes in the original Spanish. Besides those by Rukeyser and Weinberger, the translations in the Selected Poems are by G. Aroul, Elizabeth Bishop, Paul Blackburn, Lysander Kemp, Denise Levertov, Mark Strand, Charles Tomlinson, William Carlos Williams, and Monique Fong Wust.

Octavio Paz Alberto Ruy Sánchez,2015-09-15 Dice la higuera que hace muchos años, una tarde asoleada, su vida cambió de pronto cuando escuchó claramente que se abrió el portón de la calle y apareció Octavio, que abría muy grandes los ojos azules conociéndolo todo con curiosidad. Así el inicio de la vida de uno de los autores más importantes de México, único ganador del Premio Nobel de Literatura.

Aguila O Sol? Octavio Paz,1976 A bilingual edition of the short prose poetry written by Mexico's most distinguished living poet in 1949-50.

Otras Voces Roberto Hozven,1996

Blanco móvil ,2001

Las estaciones poéticas de Octavio Paz Rachel Phillips,1976 Este ensayo trata de mostrar la estructura unificadora existente tras los cambios en el estilo y en el lenguaje de la poes a de Paz. Mediante el uso de la met fora musical de modos, el autor descubre las analog as subyacentes en poemas muy distintos y, con ello, la ntima coherencia que ha contribuido a hacer de Octavio Paz uno de los poetas contempor neos m s importantes de nuestra lengua.

The Enthralling World of Kindle Books: A Detailed Guide Unveiling the Advantages of E-book Books: A World of Convenience and Flexibility Kindle books, with their inherent portability and ease of availability, have liberated readers from the constraints of hardcopy books.
