Red Comet Heather Clark, 2020-10-27 PULITZER PRIZE FINALIST • The highly anticipated biography of Sylvia Plath that focuses on her remarkable literary and intellectual achievements, while restoring the woman behind the long-held myths about her life and art. “One of the most beautiful biographies I've ever read. —Glennon Doyle, author of #1 New York Times Bestseller, *Untamed* With a wealth of never-before-accessed materials, Heather Clark brings to life the brilliant Sylvia Plath, who had precocious poetic ambition and was an accomplished published writer even before she became a star at Smith College. Refusing to read Plath's work as if her every act was a harbinger of her tragic fate, Clark considers the sociopolitical context as she thoroughly explores Plath's world: her early relationships and determination not to become a conventional woman and wife; her troubles with an unenlightened mental health industry; her Cambridge years and thunderclap meeting with Ted Hughes; and much more. Clark's clear-eyed portraits of Hughes, his lover Assia Wevill, and other demonized players in the arena of Plath's suicide promote a deeper understanding of her final days. Along with illuminating readings of the poems themselves, Clark's meticulous, compassionate research brings us closer than ever

to the spirited woman and visionary artist who blazed a trail that still lights the way for women poets the world over.

Red Shift E L Strife, No one has ever won a battle against the Suanoan Empire...until now. The cost was high. Sergeant Bennett is missing, among hundreds of others. Most

fear them dead like the thousands already listed as Final Mission Complete. Atana refuses to give up without searching until she's certain. The battle with the Empire's Kyra Warships has left Earth's stratosphere cluttered with debris and bodies. With Healer Paramor missing from the survivors' ship, Atana takes it upon herself to free the life-sparks of those lost to space. No one else can do it, not out in the void. Atana is no stranger to death, but this time it's different. The control over her anger wanes with every frozen life-form she touches. The Universal Protectors have been nearly wiped out. New guardians are needed to be Earth's shield, to search for the missing, and to help the extraterrestrial survivors find a new planet to call home. The Primvera have resources and guides who can help with the process, but the trip is dangerous and laden with bounty hunters anxious for fresh goods. Atana doesn't expect anyone else to have harnessed the spark-draining weapon or for space to be littered with Verros members eager to sell her to the highest bidder. An invasion fragments Atana's team, spreading them out across the galaxy. One thing is certain: Atana knows it's time to stop playing defense and take the fight to the source. They must find a way to stop the spread of Suanoa for good...after she finds her team and Bennett. This time, she's out for blood.
