Sociocultural Theory in Second Language Education Merrill Swain, Penny Kinnear, Linda Steinman, 2011 In this accessible introduction to Vygotskyian sociocultural theory, narratives illuminate key concepts of the theory. These key concepts, addressed across seven chapters, include mediation; Zone of Proximal Development; collaborative dialogue; private speech; everyday and scientific concepts; the interrelatedness of cognition and emotion, activity theory and assessment. An eighth chapter provides readers with an opportunity to consider two additional narratives and apply the SCT concepts that they have become familiar with. These narratives come from individuals in a variety of languages, contexts, ages and proficiencies. We hear from learners, teachers and researchers. Intended for graduate and undergraduate audiences, this textbook includes controversies in the field, questions for collaborative discussion and provides references to important work in the literature of second language teaching, learning and research. This book presents a unique introduction to Sociocultural Theory. Through the telling of fascinating stories the authors familiarize the reader with the concepts that are central to the theory and in particular to how the theory relates to the teaching and learning of languages beyond the first. It is an exceptional piece of scholarship that I think Vygotsky would have wholeheartedly endorsed. James P. Lantolf, the Pennsylvania State University, USA This book is a most welcome addition to the growing literature on sociocultural theory. It is refreshing to come across such a reader-friendly book dealing with complex constructs. The book provides an overview of key concepts in sociocultural theory, and then, using a set of narratives, illustrates how these concepts can be used to explain phenomena in second language learning and teaching, As such, the authors have succeeded in producing an accessible and highly engaging introduction to sociocultural theory. Neomy Storch, The University

of Melbourne, Australia Sociocultural Theory in Second Language Education is a highly recommended and worthwhile book for all those who seek to understand how sociocultural theory is entailed in teaching practice. Using narratives of teaching recounted in the voices of language learners and teachers, Swain and her co-authors bring the major concepts of Vygotsky to life in clear and accessible ways. Contributing to the conceptual analysis of each story is information on allied concepts, key studies, controversies and discussion topics. This book is certain to be a mainstay in language teacher education programs and in courses on sociocultural theory and second language acquisition. Richard Donato, University of Pittsburg, USA The authors, each from a different background, share a passion for sociocultural theory. Each author brings stories, data and experiences from her area of expertise: second language pedagogy and teacher development (Linda); elementary classroom teaching with second language and bilingual students (Penny) and teaching and research in bilingual education and second language learning (Merrill). Penny lectures at the University of Toronto. Linda is an associate professor at York University in Toronto. Merill is a professor emeritus at OISE University of Toronto.

**The Bling Queen** Allison Gutknecht, 2016-09-27 When Tess sets up her own business as the accessorizing stylist of her middle school, her valuable locket goes missing during one of her consultations, and every one of her clients is a suspect.

**Word Spy** Paul McFedries, 2004-02-17 Language wears many hats, but its most important job is to help us name or describe what's in the world. Words define us, our actions, even our existence. And just when you think that you have all the words you need, you discover new ones, hear new uses for old ones or see them mutate right before your eyes—a neologism is born. Those neologisms are actually one of the best ways of keeping tabs on the way our world and culture are changing. One of

the people who's been keeping tabs is Paul McFedries, the president of Logophilia Limited (logophilia is Greek for the love of words). His scorecard is Word Spy, a daily newsletter that has been reporting from the neological frontier since 1998 and that has more than 100,000 visitors a month and more than 12 million page views. In Word Spy, McFedries demonstrates how new words both reflect and illuminate not only the subcultures that coin them but also the larger culture in which these groups exist. Neologisms give us insight into the way things are even as they act as linguistic harbingers of what's to come. Each chapter of Word Spy is a cultural snapshot, a slice of the zeitgeist that focuses on a specific idea or sociological phenomenon, with an emphasis on the words and phrases that it has generated. These snapshots cover various aspects of modern life, including relationships, business, technology, war, aging, multiculturalism, and even fast food, all the while introducing us to hybrid words: If your kids can't seem to get away from their computers, they may be addicted to fritterware (time-wasting game software). If you're a new mother with a passion for petitioning, you may be a lactivist (breast-feeding activist). And if you keep finding yourself staying way later at the office than you ever imagined, you may be suffering from presenteeism. Word Spy is an exciting and informative travelogue through the evolving landscape of our language and, consequently, the cultures and subcultures that continually mold and shape not just the language but all of us who speak it.

Spooning Darri Stephens, Megan DeSales, 2008-12-18 Take one kitchen, add six friends, combine with a dash of romance, and stir. Meet Charlotte—a.k.a. Charlie—Brown: a recent college grad and newly minted New Yorker, eager to begin her grown-up life. All kinds of “firsts” await her in the big city: her first real job, first loves, first heartaches, and most important, her first time living on her own. Enter Charlie’s mom, who subtly suggests that her daughter might want to learn some grown-

up skills—like cooking—to go with her fifth-floor walk-up. Together with her friends, Charlie forms a cooking club to convene once a month, to share food and swap recipes, and to gossip about the drama of their new lives. Charlie has lots to dish about when she lands a job as an assistant to Jane Dough, the domestic diva of daytime television. As the girls begin to gain some culinary expertise, Charlie decides to use her newfound skills to ensnare the man of her dreams: a certain Mr. J. P. Morgan, a roguish investment banker who can charm Charlie with a glance but remains hopelessly aloof. Yet as Charlie becomes ever savvier in the kitchen, she grows savvier about love as well—and begins to realize that even the most delicious-looking package can lack substance and real flavor underneath. With a sparkling voice that bubbles along like champagne fizz, *Spooning* is an irresistible tale of food, friendship, and what it takes to find the perfect recipe for romance.

**The Spy Who Jumped Off the Screen** Thomas Caplan, 2012-01-10 A former soldier turned movie star turned spy must stop a catastrophic nuclear weapons deal. This gripping thriller from Thomas Caplan propels readers around the globe—from Hollywood to Rome, the Black Sea to the Mediterranean—and to the very brink of nuclear abyss. The novel's charismatic hero, former covert operative Ty Hunter, has become, almost by accident, the number one film star in the world. When he is recruited on a clandestine mission to thwart the transfer of nuclear warheads into rogue hands, he must deploy every skill he has as an actor, soldier, and spy. Donning his fame as a disguise, Ty matches wits and muscle with the enigmatic billionaire Ian Santal and his nefarious protégé Philip Frost—two supremely sophisticated adversaries—even as he falls in love with the entrancing young woman closest to them both, the jewelry designer Isabella Cavill. In prose that is both elegant and powerful, *The Spy Who Jumped Off the Screen* gives us a breakneck parable of good and evil—and a hero in the tradition of James Bond and Jason Bourne, who is sure to become an icon of the genre.

When Hype learned of her betrayal, he set out on a mission to kill both Keisha and his label mate, Bling, but the plan went off track, and her uncle Patrick paid with his life. Keisha vowed to avenge her uncle's death, but when she came face to face with her uncle's killer, she got cold feet. She was taken hostage by the man she had betrayed, and he sold her to the highest bidder. Now Keisha is waking up from a coma after all that trauma. Maybe it's a good thing she has amnesia and can't remember what happened to her. She finds herself in the arms of her estranged husband for a while—but that is short lived, as her memory resurfaces and she realizes that she's sleeping with the devil. Keisha seeks comfort from Bling, and as she falls in love with him, she sets out on a mission to take what she believes belongs to her. She might just be setting herself up for more drama because his wife isn't going to give him up without a fight.

*Negotiating the Mediated City* Zlatan Krajina, 2013-11-26 This book is an interdisciplinary

empirical investigation of how people interact with public screens in their daily lives. In more and more surprising locations, screens of various kinds appear within the sightlines of passers-by in contemporary cities. Outdoor advertisers target audiences which are increasingly mobile, public art uses screens to interrogate urban change, while postmodern architecture finds electronic imagery a suitable tool of expression. Traditionally, urban sociology research has assumed that people seek to filter urban stimuli, but recent accounts of public screens suggest producers design and position display interfaces site-specifically, so as to engage with those moving past. This study offers insight both into the dynamics of actual encounters and into the long-term process of how people learn to live with repeated invitations to consume media in public spaces. The book includes four cases: street advertising, underground transport advertising, and installation art in London (UK) and media façade architecture in Zadar (Croatia). Krajina shows that maintaining familiarity with everyday surroundings in media cities that change beyond citizens' control is a temporary achievement--and a recursive struggle. Finalist for the Jane Jacobs Urban Communication Foundation book award, 2014

This is true for Lynelle, Alba, and Tabitha, three very different women who are on the verge of finding their lives intricately and unexpectedly intertwined. Outwardly, these women have it all together. But Lynelle's fifteen-year marriage is falling apart, while Alba learns that marrying her new husband has not slowed his tendency to react with harsh words and violence. Meanwhile, Tabitha works at a strip club to make ends meet and support her young son.

Inwardly, the spirits of all three are slowly crumbling, held in bondage by the pride, lust, anger, and abuse of the men in their lives. But as their lives come together in surprising ways, they may be able to find forgiveness, spirituality, and love of self that can set their hearts, souls, and minds free, once and for all. In this novel, three women leading troubled lives find themselves connected to each other in ways they could never have imagined.

Education, Democracy and the Moral Life Michael S. Katz, Susan Verducci, Gert Biesta, 2008-10-14 This volume has its origin in the Francis T. Villemain Memorial lectures at San Jose State University – a lecture series established in 1992 to honor the memory of 1 Dean Francis T. Villemain. All the essays in this volume, with the exception of those by Gert Biesta, Susan Verducci, and Michael Katz, were developed from lectures given as part of the series. The general rubric of the lectures was “democracy, education, and the moral life” – a title reflecting Villemain’s lifelong love of the work of John Dewey whose preface to his famous work in 1916, *Democracy and Education*, suggested that the purpose of education was to develop democratic citizens, citizens infused with the spirit of democracy and the capacity to think and act intelligently within democratic settings. Of course, for Dewey, democracy was not to be conceived of as merely a political form of government, but as a shared form of social life, one that was inclusive rather than exclusive and one that was capable of adapting to the changing features of contemporary social and political reality. Francis T. Villemain’s appreciation for the intersections of the values of democracy, education, and the moral life was heightened by his doctoral work at Teachers College, Columbia University in the 1950s – where Dewey’s legacy remained a powerful one. But it also continued during his career at Southern Illinois University where he collaborated in compiling and editing the collected works of John Dewey.
