**Nick Blinko** Nick Blinko,2020-10-29 Nick was awarded the grand prix of the prestigious Triennial of Self-taught Visionary Art at Belgrade in February of this year. This book is effectively the first career-spanning retrospective publication many fans of his have been asking for. We believe that Blinko's art perfectly gels with the Zagava aesthetic and it has been a joy and a privilege to work on this particular publication, we believe that Zagava reader's who might not be aware of Nick's sleeve art for his own band Rudimentary Peni or his one-off art for Coil, the Lovecraft volume he has illustrated or the two previous volumes David Tibet has published under his Coptic Cat imprint, will find much to enjoy in this book. Each of Nick's creations is like a weird novella in itself, you can at least spend as much time exploring the endlessly detailed work as you would spend on reading and decoding an Aickman strange story. We are conceptualising an very limited and outrageous special portfolio edition, details tbc. We are certain you will love this book and Nick's art.

*The Primal Screamer* Nick Blinko,2011-12-12 Psychiatrist Rodney H. Dweller recounts his experiences with suicidal patient Nathaniel Snoxell, a musician who subsequently gets involved in the anarchist punk scene, in a diary.

*Primal Screamer* Nick Blinko,2011-12-12 A Gothic Horror novel about severe mental distress and punk rock. The novel is written in the form of a diary kept by a psychiatrist, Dr. Rodney H. Dweller, concerning his patient, Nathaniel Snoxell, brought to him in 1979 because of several attempted suicides. Snoxell gets involved in the nascent UK anarcho-punk scene, recording EPs and playing gigs in squatted Anarchy Centers. In 1985, the good doctor himself “goes insane” and disappears. This semi-autobiographical novel from Rudimentary Peni singer, guitarist, lyricist, and illustrator Nick Blinko, plunges into the worlds of madness, suicide, and anarchist punk. Lovecraft meets Crass in the squats and psychiatric institutions of early ‘80s England. This new edition collects Blinko’s long sought after artwork from the three previous incarnations.

**Final Wicket** Nigel McCrery,2015-07-30 While cricket remains a national game today, at the beginning of the Twentieth Century, it was THE national game. Cricketers were the sporting icons of their age, as footballers are today. When the call to arms was made in 1914 and the years of war that followed, it was answered in droves by young men including Test and First Class cricketers. The machine guns and gas of the Western Front and other theatres did not discriminate and many hundreds of these star performers perished alongside their lesser known comrades. The author has researched the lives and deaths of over 200 top class cricketers who made the ultimate sacrifice. He includes not just British players but those from the Empire. The enormity of the horror and wholesale loss of life during The Great War is well demonstrated by these moving biographies.

*A Dog at Sea* J.F. Englert,2009-12-29 A CANINE CRUISE. A STORM OF MURDER. A LABRADOR NAMED RANDOLPH: OVERWEIGHT, OVERLY INTELLIGENT—AND OVERBOARD... For Randolph and his owner, Harry, a struggling artist, it was dog heaven: a pet lovers cruise filled with canine experts and gung-ho trainers—plus plenty of art lectures for Harry and midnight buffets for Randolph. The two have come on board to follow clues that they hope will lead to the whereabouts of the long-lost Imogen, Randolph’s mistress and Harry’s beloved girlfriend. But no one prepared Randolph for being put on a diet (the horror!), not to mention a new meaning for “poop deck”—or anything about murder. Especially when one victim gets killed twice. Now, with a storm bearing down on the ship, Milton Tabasco, TV’s celebrated dog “mutterer,” threatening to drive him mad, and a mysterious stalker shadowing Harry’s every move, Randolph is running out of time to catch a killer. After all, this Lab was born to eat—not to swim...

*Outsider Art* Daniel Wojcik,2016-08-25 Outsider art has exploded onto the international art scene, gaining widespread attention for its startling originality and visual power. As an expression of raw creativity, outsider art remains associated with self-taught visionaries, psychiatric patients, trance mediums, eccentric outcasts, and unschooled artistic geniuses who create things outside of mainstream artistic trends and styles. *Outsider Art: Visionary Worlds and Trauma* provides a comprehensive guide through the contested terrain of outsider art and the related domains of art brut, visionary art, art of the insane, and folk art. The book examines the history and primary issues of the field as well as explores the intersection between culture and individual creativity that is at the very heart of outsider art definitions and debates. Daniel Wojcik's interdisciplinary study challenges prevailing assumptions about the idiosyncratic status of outsider artists. This wide-ranging investigation of the art and lives of those labeled outsiders focuses on the ways that personal tragedies and suffering have inspired the art-making process. In some cases, trauma has triggered a creative transformation that has helped artists confront otherwise overwhelming life events. Additionally, Wojcik's study illustrates how vernacular traditions, religious worldviews, ethnic heritage, and popular culture have influenced such art. With its detailed consideration of personal motivations, cultural milieu, and the potentially therapeutic aspects of art making, this volume provides a deeper understanding of the artistic impulse and human creativity.

*The Cultures of Entanglement* Suzanne Anker,Sabine Flach,2024-03-31 The symbolic meaning of plants, their relevance to religion and the metaphorical provocations in the order of knowledge, culture and political power underline the role of plants as something more than passive objects. Current theoretical and artistic discourses have been seeking access to the world independently of man by focusing on the nonhuman other. The contributors to this volume examine the historical, philosophical and scientific findings that generate this idea. In what way are such perspectives manifest in contemporary art? Do artists develop a particular approach that enables nonhuman life forms like plants, insects or animals to have an impact?

**Sonic Wilderness: Wild Vinyl Records** Mark Harris,2021-12-08 *Sonic Wilderness* accesses the critical value of unusual vinyl records that concern our relationship with nature. These wild records reveal unconventional perspectives on the entanglements of human life with animals, gardens and plants. They form a lyrical unconscious exposing the conventions and ideologies of popular music, their warped perspectives and acoustic radioactivity comprising a resistance to enduring social, psychological and political conditions.
