

Bliss Sim

Richard Cumberland

The Earth Observer ,2012

Buddhist Goddesses of India Miranda Shaw,2015-08-25 The Indian Buddhist world abounds with goddesses--voluptuous tree spirits, maternal nurturers, potent healers and protectors, transcendent wisdom figures, cosmic mothers of liberation, and dancing female Buddhas. Despite their importance in Buddhist thought and practice, these female deities have received relatively little scholarly attention, and no comprehensive study of the female pantheon has been available. Buddhist Goddesses of India is the essential and definitive guide to divinities that, as Miranda Shaw writes, operate from transcendent planes of bliss and awareness for as long as their presence may benefit living beings. Beautifully illustrated, the book chronicles the histories, legends, and artistic portrayals of nineteen goddesses and several related human figures and texts. Drawing on a sweeping range of material, from devotional poetry and meditation manuals to rituals and artistic images, Shaw reveals the character, powers, and practice traditions of the female divinities. Interpretations of intriguing traits such as body color, stance, hairstyle, clothing, jewelry, hand gestures, and handheld objects lend deep insight into the symbolism and roles of each goddess. In addition to being a comprehensive reference, this book traces the fascinating history of these goddesses as they evolved through the early, Mahayana, and Tantric movements in India and found a place in the pantheons of Tibet and Nepal.--Publisher's website.

Plays Colley Cibber,1721

Cerebus the Barbarian Messiah Eric Hoffman,2014-01-10 In December 1977, struggling Canadian comic book artist Dave Sim self-published the first issue of Cerebus the Aardvark, a Conan the

Barbarian satire featuring a foul-tempered, sword-wielding creature trapped in a human world. Over the next 26 years, Sim, and later collaborator Gerhard, produced an epic 6,000-page graphic novel, the longest-running English language comic series by a single creative team. They revolutionized the comics medium by showing other artists that they too could forgo major publishers, paving the way for such successes as Teenage Mutant Ninja Turtles and Bone. This work, the first collection of critical essays on Cerebus, provides a multifaceted approach to Sim and Gerhard's complex and entertaining oeuvre, including their innovative use of the comic medium, storytelling and satiric techniques, technical and visual sophistication, and Sim's use of the comic as commentary on gender and religion.

OM Sutra: The Pathway to Enlightenment Amit Ray, Banani Ray,2012-06-12 In Sanskrit, the word “Sutra” means “thread”, “hints” or “guidelines”. The book explains the way to reach the ultimate zenith of human evolution. In this book the ultimate state of Om is adored and expounded. It includes fifty-five Sanskrit verses and their English translation and explanation. This is a book of wisdom for walking on the path of enlightenment. The Sutras provide the techniques and means to clear the mind from the accumulated experiences, conditioning and memories that bind humans to the world of sorrow. As one is established in Om, life is filled with peace, joy and harmony. The book is organized into twelve parts. Each part elaborates steps for breaking free of the limited identification and training the mind to achieve oneness with the universe. Each sutra is presented as Sanskrit text followed by transliteration, precise English translation and authoritative explanation.

200 Contractual Problems and their Solutions J. Roger

Knowles,2012-01-09 200 Contractual Problems and their Solutions This book examines 200 contractual problems which regularly arise on building and engineering projects and provides a detailed explanation of their solutions, citing standard contract conditions and key parts of legal judgements as authority. A succinct summary is provided at the end of each detailed solution. It covers problems together with their solutions in respect of: Procurement matters Tenders and bidding

Design issues Letters of intent Contractor's programme Contractor's float Delays Concurrent Delays Extensions of time Liquidated/delay damages Unliquidated damages Variations Loss and expense/additional cost claims Acceleration Global claims Payment Damage to the works Exclusion clauses Retention of title Practical completion Defect correction Adjudication This book deals with a broad range of construction contracts including JCT Standard Form and Design and Build, New Engineering Contract NEC3, ICE and GC/Works/1. This book was first published under the title of One Hundred Contractual Problems and Their Solutions, with a second edition entitled One Hundred and Fifty Contractual Problems and their Solutions. This third edition adds 50 new problems and replaces 15 of those in the last edition. Of the remainder half have been the subject of revision. "Deserves a place on every site and in every office as the standard handbook on contractual problems" Construction Law Digest
