George Saunders

*Relix: The Book* Grateful Dead,2009-09-01 RELIX THE BOOK - THE GRATEFUL DEAD EXPERIENCE

Letters To Lily Alan MacFarlane,2010-08-06 In a frank and unpretentious series of letters addressed to a teenage granddaughter, this highly original book teaches us to know and understand the world we live in and its rules, and how to behave in it. In these thirty letters, Alan Macfarlane answers his granddaughter's questions about how the world works, how it got to be as it is, what it could be, and where she fits in. Lily's enquiries range from the intimate, personal and moral to the political, social and philosophical. What is the nature of good and evil? What is religion? How can I be truly me? Is right and wrong the same wherever you are? What is beauty? Does there have to be torture? Does money matter? Is knowledge always good? What is progress? What is truth? What is sex? Is democracy a good idea? These are just a few of the questions. In responding to Lily's challenging problems, Alan Macfarlane, from a lifetime's experience as a historian, anthropologist and teacher, ranges through history and across the world's cultures. Her questions are timeless. His answers add up to a classic.

Tenth of December George Saunders,2013-01-03 The prize-winning, New York Times bestselling short story collection from the internationally bestselling author of Lincoln in the Bardo 'The best book you'll read this year' New York Times 'Dazzlingly surreal stories about a failing America' Sunday Times WINNER OF THE 2014 FOLIO PRIZE AND SHORTLISTED FOR THE NATIONAL BOOK AWARD 2013 George Saunders's most wryly hilarious and disturbing collection yet, Tenth of December illuminates human experience and explores figures lost in a labyrinth of troubling preoccupations. A family member recollects a backyard pole dressed for all occasions; Jeff faces horrifying ultimatums and the prospect of Darkenfloxx(TM) in some unusual drug trials; and Al Roosten hides his own internal monologue behind a winning smile that he hopes will make him popular. With dark visions of the future riffing against ghosts of the past and the ever-settling present, this collection sings with astonishing charm and intensity.

**Reading Lessons from the Eighteenth Century** Evelyn Arizpe,Morag Styles,Shirley Brice Heath,2006 Covers the history of reading and children's literature in the eighteenth century. Drawing upon the Jane Johnson (1706-1759) archives in the Bodleian Library, Oxford and the Lilly Library, University of Indiana, it is able to document the typical reading practices of an upper middle class family in this period. More particularly, it draws on these unique collections to throw light on a series of questions currently preoccupying scholars in the fields of the history of reading, the history of children's literature, and the history of women. At the same time, the human presence of Jane Johnson and her children gives this book a wide appeal to non-specialist readers through its thorough use of the Johnson archives.

Globalization's Contradictions Dennis Conway,Nik Heynen,2006-11-22 Since the 1980s, globalization and neoliberalism have brought about a comprehensive restructuring of everyone's lives. People are being 'disciplined' by neoliberal economic agendas, 'transformed' by communication and information technology changes, global commodity chains and networks, and in the Global South in particular, destroyed livelihoods, debilitating impoverishment, disease pandemics, among other disastrous disruptions, are also globalization's legacy. This collection of geographical treatments of such a complex set of processes unearths the contradictions in the impacts of globalization on peoples' lives. Globalizations Contradictions firstly introduces globalization in all its intricacy and contrariness, followed on by substantive coverage of globalization's dimensions. Other areas that are covered in depth are: globalization's macro-economic faces globalization's unruly spaces globalization's geo-political faces ecological globalization globalization's cultural challenges globalization from below fair globalization. Globalizations Contradictions is a critical examination of the continuing role of international and supra-national institutions and their involvement in the political economic management and determination of global restructuring. Deliberately, this collection raises questions, even as it offers geographical insights and thoughtful assessments of globalization's multifaceted 'faces and spaces.'

**Castle Valley America** Nancy Taniguchi,2004-09 This is American history told through the stories of an atypical, for Utah, region. Castle Valley is roughly conterminous with two counties, Carbon and Emery, which together formed a rural, industrial enclave in a mostly desert environment behind the mountain range that borders Utah's principal corridor of settlement. In Castle Valley, coal mining and the railroad attracted diverse, multiethnic communities and a fair share of historic characters, from Butch Cassidy, who stole its largest payroll, to Mother Jones, who helped organize its workers against its mining companies. Among the last major segments of the state to be settled, it was also a generally poor region that stretched the capabilities of people to scratch a living from a harsh landscape. The people of Castle Valley experienced complex, unusual combinations of both social cohesion and conflict, but they struggled through poverty, labor disputes, major mining disasters, and other challenges to build communities whose stories reflected the historical course of the nation as a whole. In order to convey her subject's both unique and representative qualities, Nancy Taniguchi has written an epic history that is not just local history, but American history written locally. Nancy J. Taniguchi, who lived for thirteen years in Castle Valley and was previously on the faculty of the College of Eastern Utah in Price, is professor of history at California State University, Stanislaus. She is the author of numerous published articles in mining, legal, women's, western, and Utah history and of one book, Necessary Fraud: Progressive Reform and Utah Coal.

**Sit Down and Shut Up** Brad Warner,2010-10-05 In 2003, Brad Warner blew the top off the Buddhist book world with his irreverent autobiography/manifesto, Hardcore Zen: Punk Rock, Monster Movies, and the Truth about Reality. Now in his second book, Sit Down and Shut Up, Brad tackles one of the great works of Zen literature, the Shobogenzo, by thirteenth-century Zen master Dogen. Illuminating Dogen's enigmatic teachings in plain language, Brad intertwines musings on sex, meditation, death, God, sin, and happiness with an exploration of the punk rock ethos. In chapters such as "Evil Is Stupid," "Kill Your Anger," and "Enlightenment Is for Sissies," Brad melds the antiauthoritarianism of punk with that of Zen, mixing in a travelogue of his triumphant return to Ohio to play in a reunion concert of Akron punk bands. For those drawn to Buddhist teachings but scared off by their stiff austerity, Brad writes with a sharp smack of truth, in teachings and stories that cut to the heart of reality.
