**Black Lives Matter at School** Denisha Jones,Jesse Hagopian,2020-12-01 This inspiring collection of accounts from educators and students is “an essential resource for all those seeking to build an antiracist school system” (Ibram X. Kendi). Since 2016, the Black Lives Matter at School movement has carved a new path for racial justice in education. A growing coalition of educators, students, parents and others have established an annual week of action during the first week of February. This anthology shares vital lessons that have been learned through this important work. In this volume, Bettina Love makes a powerful case for abolitionist teaching, Brian Jones looks at the historical context of the ongoing struggle for racial justice in education, and prominent teacher union leaders discuss the importance of anti-racism in their unions. Black Lives Matter at School includes essays, interviews, poems, resolutions, and more from participants across the country who have been building the movement on the ground.

*What We Believe* Laleña Garcia,2020-10-27 This powerful activity book will engage hands, hearts, and minds as it introduces children to the guiding principles of the Black Lives Matter movement. When the Black Lives Matter movement began in 2013, the three founders--Alicia Garza, Patrisse Khan-Cullors, and Opal Tometi--anchored its work in a list of guiding principles, developed through conversation with other activists. These principles commit the movement to empathy, loving engagement, and just action among its participants; affirm the importance of Black women, families, elders, and LGBTQ folk; and celebrate the strength and diversity of Black people in their communities and around the globe. Now young people can explore these powerful principles in *What We Believe: A Black Lives Matter Principles Activity Book*. Created by two teachers with more than thirty-five years of educational experience between them, the book presents the guiding principles in down-to-earth, child-friendly language, with each principle accompanied by writing prompts, space for children or adults to create their own reflections, and a coloring page. Supporting materials guide adults in sharing the principles with children and encourage kids to dream big and take action within their communities. An essential resource for anyone discussing racial equity with young people, *What We Believe* offers a beautiful and inspiring lens on the most important social justice movement of our time. Lee & Low Books will donate a portion of its proceeds from the book to the Black Lives Matter Global Network Foundation, Inc.

Blitzkrieg in the West Jean Paul Pallud,2022-10-07 Jean Paul Pallud, author of the highly acclaimed *The Battle of the Bulge Then and Now*, presents — for the first time through comparison ‘then and now’ photographs — a detailed account of the Battle of France: the forty-five traumatic days from May 10 to June 24, 1940 that resulted in one of the most remarkable military victories of modern times. During those six weeks, six nations found themselves at war, fighting across four countries. From the polders of the Netherlands in the north to the mountains of the Alps in the south, and from the Rhine valley to the Atlantic coast, Jean Paul Pallud explores every corner of the battlefield, the camera recording the scenes today where fifty years ago Dutch, Belgian, German, French, British and Italian soldiers were locked in mortal combat. Battles great and small are described and illustrated to color the canvas of both the broad strategy and the individual firefight in Hitler’s victorious campaign of Blitzkrieg in the West.

When We Say Black Lives Matter Maxine Beneba Clarke,2021-09-14 In a powerful, poetic missive, award-winning author-illustrator Maxine Beneba Clarke celebrates the meaning behind the words Black Lives Matter. Little one, when we say Black Lives Matter, we’re saying Black people are wonderful-strong. That we deserve to be treated with basic respect, and that history’s done us wrong. . . . Darling, when we sing that Black Lives Matter, and we’re dancing through the streets, we’re saying: fear will not destroy our joy, defiance in our feet. In this joyful exploration of the Black Lives Matter motto, a loving narrator relays to a young Black child the strength and resonance behind the words. In family life, through school and beyond, the refrains echo and gain in power, among vignettes of protests and scenes of ancestors creating music on djembe drums. With deeply saturated illustrations rendered in jewel tones, Maxine Beneba Clarke offers a gorgeous, moving, and essential picture book.

Oil and Gas Bonds: Bonding Requirements and BLM Expenditures to Reclaim Orphaned Wells Anu K. Mittal,2011-01 This is a print on demand edition of a hard to find publication. The Bureau of Land Mgmt. (BLM) requires oil and gas operators to reclaim the land they disturb and post a bond to help ensure they do so. If the bond is not sufficient to cover well plugging and surface reclamation and there are no responsible or liable parties, the well is considered orphaned, and BLM uses fed. dollars to fund reclamation. This report: (1) determined the number, value, and coverage of bonds held by BLM for oil and gas oper.; (2) determined the amount that BLM has paid to reclaim orphaned wells over the past 20 years and the number of orphaned wells BLM has identified but has not yet reclaimed; and (3) compared BLM's bonding requirements for oil and gas operations with those the 12 western states use for oil and gas oper. Illustrations.

**From #BlackLivesMatter to Black Liberation** Keeanga-Yamahtta Taylor,2016-02-01 The author of *Race for Profit* carries out “[a] searching examination of the social, political and economic dimensions of the prevailing racial order” (Michelle Alexander, author of *The New Jim Crow*). In this winner of the Lannan Cultural Freedom Prize for an Especially Notable Book, Keeanga-Yamahtta Taylor “not only exposes the canard of color-blindness but reveals how structural racism and class oppression are joined at the hip” (Robin D. G. Kelley, author of *Freedom Dreams*). The eruption of mass protests in the wake of the police murders of Michael Brown in Ferguson, Missouri, and Eric Garner in New York City have challenged the impunity with which officers of the law carry out violence against black people and punctured the illusion of a post-racial America. The Black Lives Matter movement has awakened a new generation of activists. In this stirring and insightful analysis, activist and scholar Keeanga-Yamahtta Taylor surveys the historical and contemporary ravages of racism and the persistence of structural inequality, such as mass incarceration and black unemployment. In this context, she argues that this new struggle against police violence holds the potential to reignite a broader push for black

liberation. “This brilliant book is the best analysis we have of the #BlackLivesMatter moment of the long struggle for freedom in America. Keeanga-Yamahtta Taylor has emerged as the most sophisticated and courageous radical intellectual of her generation.” —Dr. Cornel West, author of Race Matters “A must read for everyone who is serious about the ongoing praxis of freedom.” —Barbara Ransby, author of Ella Baker and the Black Freedom Movement “[A] penetrating, vital analysis of race and class at this critical moment in America’s racial history.” —Gary Younge, author of The Speech: The Story Behind Dr. Martin Luther King Jr.’s Dream

**Onshore Oil and Gas** Frank Rusco,2011-02 This is a print on demand edition of a hard to find publication. The development of oil and natural gas resources on federal lands contributes to domestic energy production but also results in concerns over potential impacts on those lands. Numerous public protests about oil and gas lease sales have been filed with the Bureau of Land Management (BLM), an agency of the Department of the Interior, which manages these federal resources. This report examined: (1) the extent to which BLM maintains and makes publicly available information related to protests; (2) the extent to which parcels were protested and the nature of protests; and (3) the effects of protests on BLM's lease sale decisions and on oil and gas development activities. Includes recommendations. Charts and tables.
