Mobile Media Learning et al., Christopher Holden, 2015 This book is an inspirational message about what is possible and practical in the name of learning through mobile media. We present stories from a diverse set of educators, a microcosm of the landscape of mobile media learning. Each author has found a way to create something new and beautiful in their own world. And though their results are exceptional, their surroundings are not. Most are not experts in high-technology, nor highly equipped. They get as far as they do by using what is at hand, in part by making use of accessible, free and open source software. To provide both a deeper look into how these projects operate and a practical resource for those who want to join in, this book addresses most of these tools individually as well. Our detailed, down-to-earth accounts will not only be legible to newcomers but refreshingly forthright to those anxious to better understand educational experiments connecting learning and mobile media -- Back cover.

Block Parties and Poker Nights Peggy Allen, Peg Allen, 2002 Discusses how to foster neighborliness with block parties, holiday festivities, and intimate gatherings, with dozens of recipes, tips on entertainment, and suggestions for organizing special neighborhood events.

This Is Where You Belong Melody Warnick, 2017-07-04 In the spirit of Gretchen Rubin's megaseller *The Happiness Project* and Eric Weiner's *The Geography of Bliss*, a journalist embarks on a project to discover what it takes to love where you live The average restless American will move 11.7 times in a lifetime. For Melody Warnick, it was move #6, from Austin, Texas, to Blacksburg, Virginia, that threatened to unhinge her. In the lonely aftermath of unpacking, she wondered: Aren't we supposed to put down roots at some point? How does the place we live become the place we want to stay? This time, she had an epiphany. Rather than hold her breath and hope this new town would be her family's perfect fit, she would figure out how to fall in love with it--no matter what. How we come to feel at home in our towns and cities is what Warnick sets out to discover in *This Is Where You Belong*. She dives into the body of research around place attachment--the deep sense of connection that binds some of us to our cities and increases our physical and emotional well-being--then travels to towns across America to see it in action. Inspired by a growing movement of placemaking, she examines what its practitioners are doing to create likeable locales. She also speaks with frequent movers and loyal stayers around the country to learn what draws highly mobile Americans to a new city, and what makes us stay. The best ideas she imports to her adopted hometown of Blacksburg for a series of Love Where You Live experiments designed to make her feel more locally connected. Dining with her neighbors. Shopping Small Business Saturday. Marching in the town Christmas parade. Can these efforts make a halfhearted resident happier? Will Blacksburg be the place she finally stays? What Warnick learns will inspire you to embrace your own community--and perhaps discover that the place where you live right now . . . is home.

The History Of The Foley Lions To 1955 Keith Lester Smith, 2021-11-15 The town of Foley, Alabama was founded by John Burton Foley, a very successful businessman from Chicago, and was settled by individuals and families from all over our great nation. This community grew to love its football team and supported it passionately. Through the perspective of Foley High School, we see one of the most tumultuous times in our nation's history, a period that defined the history of the United States. These individuals lived through the Great Depression and two World Wars to emerge as the greatest and most powerful country in the history of our planet. Our citizens, not only in Foley but also throughout every corner of our nation, were guided by a deep respect and reverence for the Bible. Our hope and prayer is that this book will serve as a reminder of our Christian heritage and the importance of seeking the guidance of our Creator in everything we do if we hope to remain free and strong.

Rising Tide Randy Roberts, Ed Krzemienski, 2013-08-20 The extraordinary story of how Coach Paul Bear Bryant and Joe Namath, his star quarterback at the University of Alabama, led the Crimson Tide to victory and transformed football into a truly national pastime. During the bloodiest years of the civil rights movement, Bear Bryant and Joe Namath--two of the most iconic and controversial figures in American sports--changed the game of college football forever. Brilliantly and urgently drawn, this is the gripping account of how these two very different men--Bryant a legendary coach in the South who was facing a pair of ethics scandals that threatened his career, and Namath a cocky Northerner from a steel mill town in Pennsylvania--led the Crimson Tide to a national championship. To Bryant and Namath, the game was everything. But no one could ignore the changes sweeping the nation between 1961 and 1965--from the Freedom Rides to the integration of colleges across the South and the assassination of President Kennedy. Against this explosive backdrop, Bryant and Namath changed the meaning of football. Their final contest together, the 1965 Orange Bowl, was the first football game broadcast nationally, in color, during prime time, signaling a new era for the sport and the nation. Award-winning biographer Randy Roberts and sports historian Ed Krzemienski showcase the moment when two thoroughly American traditions--football and Dixie--collided. A compelling story of race and politics, honor and the will to win, *RISING TIDE* captures a singular time in America. More than a history of college football, this is the story of the struggle and triumph of a nation in transition and the legacy of two of the greatest heroes the sport has ever seen.

It's Not Going Down Like That... Renée Darlene Chaplin, 2011-11 It's not going down like that... *Cracks along the Way* is the searing memoir of Renée Darlene Chaplin's journey from the lowest place in her life to her new, very spiritual life. Her life-threatening addiction to drugs sent her to some of the dirtiest holes where junkies congregate the so-called ritzy castles with grey skulls that housed and trapped the lost. She describes a world fueled by prostitution, theft, murder, and manipulation by addicts and hustlers trying to make money to support their addictions in the only way they know. She uncovers the brutal, life-threatening secrets that have killed many addicts who never found their way out of that life. Her memoir is a cautionary tale by an addict who lost so much to her addiction but was able to reclaim her life in the end. So many are still lost in an epidemic that has plagued our communities for decades and is still so very present in our neighborhoods. They must first search within themselves, find the root of the addiction, and then seek recovery to be free of the web of addiction. She is sharing her memoir with

the hope of helping other addicts to recover their own lives.

Counting the Days While My Mind Slips Away Ben Utecht, 2017-04-25 After five major concussions, NFL tight-end Ben Utecht of the Indianapolis Colts and Cincinnati Bengals is losing his memories. This is his powerful and emotional love letter to his wife and daughters—whom he someday may not recognize—and an inspiring message for all to live every moment fully. Ben Utecht has accumulated a vast treasure of memories: tossing a football in the yard with his father, meeting his wife, with whom he'd build a loving partnership and bring four beautiful daughters into the world, writing and performing music, catching touchdown passes from quarterback Peyton Manning, and playing a Super Bowl Championship watched by ninety-three million people. But the game he has built his living on, the game he fell in love with as a child, is taking its toll in a devastating way. After at least five major concussions—and an untold number of micro-concussions—Ben suffered multiple mild traumatic brain injuries that have erased important memories. Knowing that his wife and daughters could someday be beyond his reach and desperate for them to understand how much he loves them, he recorded his memories for them to hold on to after his essential self is gone. *Counting the Days While My Mind Slips Away* chronicles his remarkable journey from his early days throwing a football back and forth with his father to speaking about the long-term effects of concussions before Congress, and how his faith keeps him strong and grounded as he looks toward an uncertain future. Ben recounts the experiences that have shaped his life and imparts the lessons he's learned along the way. Emotionally powerful, inspiring, and uplifting, Ben's story will captivate and encourage you to make the most of every day and treasure all of your memories.

The Scarlet Plan Rick W. Warren, 2019-01-18 In the town of Galesburg, Illinois, a storm is coming. Not a storm of rain and lightning but a storm of evil. It is two weeks until Halloween, and the city is celebrating its undefeated high school football team, led by its unnaturally amazing superstar quarterback, Clayton Stoneking. Football frenzy has overtaken everyone. However, the joy of celebration has also blinded the town from the darkness that has crept in unseen. Meanwhile, a pastor by the name of Jack McKenzie, who was loved by the community, is found murdered, with no clue as to who did it or why. James "Convert" Madsen, a man whose life was changed by Jack; Aaron Clark, a youth pastor who had been mentored by Jack; and Emma Ironside, a local newspaper reporter who attends Jack's church, come together in order to find and bring to justice Jack's murderer. Those three, as well as four of Aaron's students, delve into the mystery of what happened and begin to realize that things run deeper than they could have possibly imagined as they discover the Scarlet. This is a story of thrills, mystery, faith, belief, and heart. It shows the depths that evil will take to destroy and the ability of goodness to overcome all that confronts it. Even though the darkness can be great, there is always a greater light that shines through.

The Electronic Prophet R. Mitchell, 2003-10-30 REVEREND SAM: THE TECHNOLOGY OF SALVATION. This is the promise of Sam, brainchild of George Henderson. George, a religious speechwriter with little faith in anything except his own cynicism, is facing pecuniary ruin due to his association with evangelical libertines. He divines an absurdity of an idea: a robot preacher who would be faultless. All that would have to be supplied would be prerecorded sermons written by George, for a nominal fee, of course. With the support of his financier cousin, Eric, and the animatronics genius of Louis O'Cain, George sets his plan in motion. Sam's speeches soon become both popular and inflammatory. Everyone from a suspicious government to spurned business partners begin pressing from the shadows, leaving George walking a fine line between fortune and sedition.

Head Waters of Montell: The Wells Family E. Patrick Wells, 2021-02-24 Head Waters of Montell: The Wells Family By: E. Patrick Wells E. Patrick Wells, the youngest of Daniel Wells' three sons, was the last to be born in the old Bill Wells home at the head of Montell creek. The old house has long since fell, but it was a sturdy home for three generations of the Well's family. Although the Wells moved from the area after Daniel's death, E. Patrick Wells never forgot the endless adventures he had there, from playing in the creek to roaming the nearby mountains to evenings on the porch listening to older folks share stories. These moments left an impression on Wells that would last his entire life. As Wells grew older, his interest in his family's roots grew. He had many questions, but there was no one left to answer them. He located material from the family historian, I.W. Wells and read other books by Alan Stovell, but discovered there was no book written by a Wells family member that described their personal lives. Wells, even with his limited knowledge, was then driven to write Head Waters of Montell: The Wells Family to share with future generations an inside view of the hardships and victories their family had in their quest to settle and live in one of the most beautiful regions of Texas.

I'll Show You Derrick Rose, Sam Smith, 2019-09-10 In 2012, Derrick Rose was on top of the world. After growing up in Chicago's Englewood neighborhood, Rose achieved an improbable childhood dream: being selected first overall in the NBA draft by his hometown Chicago Bulls. The point guard known to his family as "Pooh" was a phenom, winning the Rookie of the Year award and electrifying fans around the world. In 2011, he became the youngest MVP in league history. He and the Bulls believed the city's first berth in the NBA Finals since the Jordan era was on the horizon. Rarely had a bond between a player and fans been so strong, as the city wrapped its arms around the homegrown hero. Six years and four knee surgeries later, he was waived by the Utah Jazz, a once surefire Hall of Fame career seemingly on the brink of

collapse. Many speculated his days in the NBA were over. But Derrick Rose never doubted himself, never believed his struggles on and off the court were anything other than temporary setbacks. Rather than telling the world he had more to give, he decided to show them. I'll Show You is an honest, intimate conversation with one of the world's most popular athletes, a star whose on-court brilliance is matched only by his aversion to the spotlight. Written with New York Times bestselling author Sam Smith, Rose opens himself up to fans in a way they've never seen before, creating a document that is as unflinching—and at times as uncomfortable—as a personal diary. Detailing his childhood spent in one of his city's most dangerous neighborhoods; his relationships with both opponents and teammates; the pain and controversies surrounding his career-altering injuries; his complicated relationship to fame and fortune; and his rise, fall, and reemergence as the player LeBron James says is “still a superhero,” I'll Show You is one of the most candid and surprising autobiographies of a modern-day superstar ever written.
