He fell in love with the black mistress of the warder and discovered too late that to love is not safe; he attempted to keep a record of the strange reality he saw in prison, only to realize that history is not written by those who are ruled. Acclaimed as a masterpiece around the world, Gould's Book of Fish is at once a marvelously imagined epic of nineteenth-century Australia and a contemporary fable, a tale of horror, and a celebration of love, all transformed by a convict painter into pictures of fish.
