The Case of the Wrong Cream and Echoes from Cape Verde and America Tiffany Silva, 2018-01-17 Born in the USA on July 4, 1945, from parents from the Cape Verde Island, it was hard for Tiffany to go unnoticed in life. Although of extraordinary beauty, she never placed importance on her physical appearance but rather on inner qualities, qualities she had to learn to refine and renew in order to survive on three continents. She learned the infinite and free gift that the Creator has given to each and every person: the ability to be born again an unending number of times, and that through pain and suffering, we can learn how to be better people, fellow humans who can make more gentle and livable the life on planet Earth. She hopes, through this book, and others that she will surely write, to reach out with love to every person on the face of the earth and help them to realize that all of us are unique, precious, and full of love that can only be visible if we try each and every day to love the Lord our God with all our heart, soul, body, and mind, and to love our neighbor (who is not just the man, woman, or child next door but a fellow human being who may be in need) as ourselves.

NOT "Just Friends" Shirley Glass, 2007-11-01 One of the world's leading experts on infidelity provides a step-by-step guide through the process of infidelity—from suspicion and revelation to healing, and provides profound, practical guidance to prevent infidelity and, if it happens, recover and heal from it. You're right to be cautious when you hear these words: "I'm telling you, we're just friends." Good people in good marriages are having affairs. The workplace and the Internet have become fertile breeding grounds for "friendships" that can slowly and insidiously turn into love affairs. Yet you can protect your relationship from emotional or sexual betrayal by recognizing the red flags that mark the stages of slipping into an improper, dangerous intimacy that can threaten your marriage.

In this memoir, she tells her story as a burn survivor and growing up in her dysfunctional family. Despite the seriousness of the subject, the tone of the book is positive, humorous, and inspiring.

Flashbacks John A. Williams, 2016-02-02 A brilliant and thought-provoking collection of articles, profiles, and opinions from one of the twentieth century's most acclaimed African American writers A journalist, novelist, and educator, John A. Williams was never afraid to rock boats or take aim at society's most sacred institutions, white and black. Flashbacks is an essential compilation of Williams's best nonfiction pieces and an enthralling combination of memoir, biography, and social commentary that sheds a fascinating light on the black experience in America and abroad. With Flashbacks, the author of *The Man Who Cried I Am* and *Captain Blackman* reports on a wide array of world events and political realities, from South African apartheid to Israel's victory in the Six-Day War and the American civil rights movement. He offers insightful appreciations of some of the century's most celebrated and controversial black public figures, including Marcus Garvey, Jack Johnson, Charlie Parker, Dick Gregory, and Malcolm X. With insight, candor, and brutal honesty, Williams explores the struggle of the African American middle class and the roots of his own black awareness in essays that remain provocative, powerful, courageous, and relevant today.

Flashbacks to Happiness Randolph Michaels, 2005-09 What do Gregory Abbott, Boy Meets Girl, Lou Christie, Club Nouveau, Gardner Cole, Cutting Crew, Rick Dees, The Escape Club, Expose, Michael Sembello, Billy Vera & the Beaters, Rob Hyman, Tiffany, The Knack, A Taste of Honey and Wild Cherry all have in common? For starters, they are all pop stars that have enjoyed the experience of having their songs reach the Number One position on the American music charts. They are also among the 140 artists who responded to writer Randolph Michael's call to be questioned for this book, Flashbacks to Happiness, which is a survey of hit songs of the 1980's and what it took to make them. Readers who are interested in popular music, and the '80's decade in particular, will find the interviews included within these pages to be fascinating testaments of how the music industry has changed to such a drastic extent in the last 20 years. It also details how artists have managed to keep their careers alive despite today's increasingly unstable marketplace and often-fickle music buying public.

The Models X-Change- Breaking Through the Exclusion Melinda James-Davis,

Flashbacks: From the Other Side of the Tracks Gino Carlotti, 2017-08-17 This book is a collection of personal accounts of growing up in an Italian-American home in an inter-city neighborhood of the 1930s, 40s, and 50s. Accompanying the text are 52 pictures of an historical era many Americans hold close to their hearts and consider the most precious of their lives. The book fondly enlivens themes of America's melting pot. The author, a gifted storyteller, writes about topics that range from his parents' roots in Italy to life in Catholic schools' from how teenagers dressed when he was a boy to how U.S. military personnel are honored in American cemeteries throughout the world. The love of family, regard for old friends and classmates, and the importance of toots are threads that are woven throughout the book.

Flashbacks Michael Lydon, 2003 Flashbacks is an eyewitness account of '60s rock as it was being made. Michael Lydon-the first editor of Rolling Stone and a participant in the rock revolution-enjoyed unique access to the people and events when rock was new. His profiles of the founding fathers and mothers of '60s rock are unique in that they are based on first-hand interviews and on-the-spot reporting. This collection includes the first piece written on the Monterey Pop Festival of 1967 (written only 48 hours after the festival, and never before published); an account of the Rolling Stones's U.S. tour of December 1969; Janis Joplin's dramatic rise and equally dramatic fall; The Grateful Dead at home in their communal house in San Francisco and on stage at Winterland; and much more.

Flashbacks from the Flow Zone Tom Crago, 2014-05-01 Flashbacks from the Flow Zone tracks author Tom Crago as he grows a video game business in the first decade of the new millennium. From crashing the Lingerie Bowl after-party poolside in Hollywood, to making friends inside a Las Vegas limousine and getting bar-side in the underbelly of Tokyo, Tom does more deals in bars than boardrooms and takes readers with him as he parties with the big personalities of his industry. The view at times is hazy, but this is about the ride. Business - it's a trip...and this is a whole new kind of travel story. A raging, hilarious, anti-memoir, Flashbacks from the Flow Zone takes a whole new approach to the work trip, where the line between work and pleasure is forever blurred. I had awoken late that Manhattan morning, shattered, confused, and nursing a hangover born of the kind of bored, incessant drinking that has a habit of accompanying twenty-five-hour journeys, especially those involving three-hour transits through the absurdist morass that was the Tom Bradley terminal at Los Angeles International Airport. It was difficult to blame my alarm clock as I had neglected to set it, and in any event there was no time to point fingers. I was by that stage more than an hour late for the only meeting of moderate substance that I'd scheduled during a three-day stay in New York... 'A no-holds-barred chronicle through some of the most interesting cities during some of the wildest years of the video game business.' Henk Rogers, Tetris Company 'A paeon to well-earned hangovers, seventeen-hour international flights and the kindness of taxi drivers.' Andrew P Street, Time Out

Flashbacks of a Government Man Tommy E. Cauthen,2019-06-04 This is a story about one man’s experience as a US Army soldier who served as a commissioned officer during the Cold War and afterwards as a special agent under the Federal Bureau of Investigation prior to 9/11. The main character, Markus Britt, shares his experiences based on flashbacks of real historical events. The story line is built on certain events that caused him to recall the event. As an example, the smell of wood burning, watching TV programs, reading news items, the smell of certain cooked food, the sounds of aircraft flying overhead, and sometimes just a place or name could cause these flashbacks.

Foxholes and Flashbacks Andrew Avery,2009 He yanked the slide of his rifle and clicked the safety on. A condom was stretched over the rifle barrel to keep out salt water. As the beach grew closer, Japanese mortar shells began to fall. They exploded all around the small craft. The anxiety was growing ten-fold with each explosion. West gripped his rifle tighter and tighter. Amongst the torrents of the greatest conflict ever fought, World War II, eighteen-year-old soldier Peter West must overcome his fears and summon his courage to fight the Japanese in 1942. Follow West through a journey of passion, love, valor, and death in Andrew Avery's debut novel, *Foxholes and Flashbacks*. He has left the love of his life, Catherine, back at home to await his return. On his quest to survive, West will face many perils: thousands of enemy soldiers, hills bristling with machine gun emplacements, suicidal nighttime attacks, and the hazardous jungle terrain. Accompanying West on his adventure are a collection of other soldiers in his rifle squad. Through alternating between flashbacks and the wartime present, Avery delves into the harsh realities of war. With an unflinching look into the pain and suffering of the era, *Foxholes and Flashbacks* delivers a punch that is sure to keep you turning page after page.
