Der letzte Engel - Der Ruf aus dem Eis Zoran Drvenkar, 2015-03-30 Der letzte Engel kehrt zurück Stell dir vor, die Unsterblichkeit klopft an deine Tür und raubt dir dein Leben. Stell dir vor, du heißt Motte und erwachst mit zwei Flügeln auf dem Rücken. Und dann gehst du auf deine eigene Beerdigung und bist für niemanden sichtbar, außer für zwei alte Damen. Und diese alten Damen haben sehr großes Interesse daran, dir deine Flügel abzunehmen. Stell dir vor, du bist der letzte Engel. Und jetzt stell dir vor, du wirst wiedergeboren und dein erster Atemzug wandert um die Welt und lässt die Toten auferstehen. Stell dir das mal vor.

Nonbinäres lyrisches Ich. Life is a Story - story.one Kai Emrich, 2023-08-15 Ein Repertoire an Texten, die diesen Aufbruch, dieses Outing, mitsamt allen Gefühlen, rahmen. Über Identität, Namen und Körper. Weil Aufbruch so Vieles ist, so Vieles uns hält. Weil alte Muster nicht leicht aufzubrechen sind, wir drehen Kreise. Weil es Schwellen gibt, über die zu treten jede Menge Mut erfordert. Und es nie den einen, geradlinigen Weg gibt, wir stolpern. Wir haben Risse und brechen auf. Weil wir trotzdem weitermachen und nicht für immer bleiben können. Und, weil Aufbruch ein Prozess ist.

In the Footsteps of German Culture & Identity Hermann Selchow, On the Traces of German Culture & Identity - A Plea between Kant and Potato Soup is a book that takes the reader on a journey through the various facets of German culture. I want to share my personal observations, experiences, and reflections on the cultural diversity of Germany and impress upon my readers. In this book, I explore with you the roots of German culture and discover the significance of the German language for Germany and the world, through which we are also connected. I embark on a search for German art and our inventions and developments. I delve into the culinary delights of German

cuisine and learn more about the traditions and customs that are still cherished in Germany today. The rich musical culture is also illuminated, from minnesang to modern music genres. I provide insights into the world of German art and architecture and learn with you about the significant history of Germany that has shaped the country and its people. German holidays and festivals are also examined to provide you with an understanding of the cultural celebrations. The beauty and diversity of German nature and the importance of environmental protection are also addressed, as well as the hospitality and unique lifestyle of the Germans. Finally, the book looks into the future of German culture and shows how it could continue to evolve in a globalized world. However, my intention is not only to impart knowledge but also to evoke emotions. Culture is not only intellectually graspable but also something that touches us on a deeper, emotional level. I will try to convey my own feelings and impressions that I have gathered during these mental journeys through Germany. Whether it's a moving monument, the smell of freshly baked bread in a small bakery, or the sound of a traditional folk music group – it is these small moments that make the beauty and uniqueness of German culture tangible. A journey through German culture is always a journey to ourselves. Culture shapes us and forms our identity. It is a reflection of our values, history, and dreams. By engaging with German culture, we can not only better understand the country and its people but also ourselves. However, this book is not only meant to impart knowledge but also to evoke emotions. Culture is not only intellectually graspable but also something that touches us on a deeper, emotional level. This book aims to bring you those feelings and impressions that have accumulated during these journeys through Germany. Often, it is the small moments that allow individuals to experience the beauty and uniqueness of German culture. A journey through German culture is always a journey to ourselves. Culture shapes us and forms our identity. It is a reflection of our values, history, and dreams. By engaging with German culture, we can not only better understand the country and its people but also ourselves. I want to thank you for accompanying me on this journey and hope that this book opens up new perspectives for you and inspires you to delve deeper into German culture. For only through exploring and appreciating cultures can we shape a strong and confident society. During the research for this book, I realized that German culture is a vast and complex field that cannot be captured in a few words. Yet, it is precisely this diversity that makes German culture so unique and exciting. Therefore, I wrote this book with the awareness that such an attempt inherently carries the risk of failure, as the number of cultural facets and historical events and highlights is vast. Nevertheless, I dared to do so in order to evoke personal memories and reflections in my readers or to awaken a new, informed interest. I thank you for accompanying me on this journey and possibly following my plea between Kant and potato soup. Hermann Selchow
