Honour is in Contentment William Lancaster, Fidelity Lancaster, 2011 Based on interviews and field research, the authors explore the sets of ideas Arab tribespeople from Ras Al-Khaimah had about tribe and community; social and economic networks, and jural contracts for livelihoods and profits; their uses of their environments; the moral relations of credit, debt and labour; ruling; economic and political transformations; and ideas of regional history where conflicts were regarded as disputes over sets of ideas, and informal accounts of tribal and local histories. Their lively descriptions and explanations of life before oil portrayed tribal societies whose relationships were moral rather than political and were between jurally equal persons. All lived from their own resources; 'wealth' was material self-sufficiency; 'riches' the richness of social relationships. Political arenas were decentralised and underpinned by common cultural and moral values. Published sources give a wider context to these ideas and events which show the great complexity and differing perspectives of 'life before oil' in the Gulf.

Night Boat to Tangier Kevin Barry, 2019-09-17 ONE OF THE NEW YORK TIMES 10 BEST BOOKS OF THE YEAR • “A darkly incantatory tragicomedy of love and betrayal ... Beautifully paced, emotionally wise.” —The Boston Globe In the dark waiting room of the ferry terminal in the sketchy Spanish port of Algeciras, two aging Irishmen—Maurice Hearne and Charlie Redmond, longtime partners in the lucrative and dangerous enterprise of smuggling drugs—sit at night, none too patiently. The pair are trying to locate Maurice’s estranged daughter, Dilly, whom they’ve heard is either arriving on a boat coming from Tangier or departing on one heading there. This nocturnal vigil will initiate an extraordinary journey back in time to excavate their shared history of violence, romance, mutual betrayals, and serial exiles. Rendered with the dark humor and the hardboiled Hibernian lyricism that have made Kevin Barry one of the most striking and admired fiction writers at work today, *Night Boat to Tangier* is a superbly melancholic melody of a novel, full of beautiful phrases and terrible men.

As dissent grows and escalates into social, political, and criminal consequences, the independent state of Venice is also dealing with the approaching Historical Regatta. In the midst of it all, a conspiracy erupts on the Lagoon during the climax of the gondoliers’ race. Follow the twists and turns of this gripping tale in *The Enemies of Nicolo Basti*.

Keepers of the Golden Shore Michael Quentin Morton,2016-04-15 For those who visit the United Arab Emirates (UAE), staying in its the lavish hotels and browsing in the ultra-modern shopping malls of Abu Dhabi or Dubai, the country can be a mystery, a glass and concrete creation that seems to have sprung from the desert overnight. *Keepers of the Golden Shore* looks behind this glossy façade, illuminating the region's history, which stretches from the ancient Arabian tribes who controlled a desolate but economically important shoreline to the ostentatious architectural wonders—bankrolled by a massive wealth of oil—that characterize it today. As Michael Quentin Morton recounts, the region now known as the UAE likely began as a trading post between Mesopotamia and Oman, and since that time has been the stage of important economic and cultural exchanges. It has seen the rise and fall of a thriving pearl industry, piracy, invasions and wars, and the arrival of the oil age that would make it one of the richest countries on earth. Since the early 1970s, when seven sheikhs agreed to enter into a union, it has been a sovereign nation, carrying on the resourceful spirit—with resplendent fervor—that the brutally inhospitable landscape has long demanded of the people. Ultimately, Morton shows that the country is not only rich in oil and money but in an extraordinarily deep history and culture.

Salt to the Sea Ruta Sepetys,2017-08-01 #1 New York Times bestseller and winner of the Carnegie Medal! The Sea and the Hills Hussain Najadi,2012-11-26 The Sea and the Hills Elegantly written and suffused with optimism... --Blueink Review, Colorado, USA The Sea and the Hills: The Life of Hussain Najadi, is more than just a memoir of a man with a talent for high finance. It is, as the cover notes, a story of oil, politics and justice, and it is the latter that makes the book a good and worthwhile read. --Mark G. McLaughlin, Clarion Review, USA Ultimately vindicated, the author (Hussain Najadi) reflects upon the ways that fate, determination and the support of loved ones influenced his life. He later defines success from a significantly altered perspective as he continues to pursue the original quest of building bridges among nations, cultures, and civilisations in order to create a more equitable world in which everyone is able to share the fruits of our global resources. --Kirkus Indie, Texas, USA As a friend for more than 30 years, from the day I met him in Kuala Lumpur, I'm extremely pleased that Hussain has told his story. It is fascinating in itself, but it is also worth reading for the lessons it contains. The most obvious is that intellectual curiosity, combined with an open mind and relentless drive, can go a long way towards compensating for the lack of formal education. Readers will find others as well. --Barry Wain, Singapore, Author, former Managing Editor, Wall Street Journal Asia. ...its a fine piece of literature, a master piece I should say, true life experience of the up & down, the different culture across the many continents brought down generation after generation, the vision of the past live the present culture, oppression, colonialism, powerful sheikh, fair play, the power that be of the day say it all, it is a very motivational piece of literature to read. -- Albert Cheong ys - Malaysia A brilliant and inspirational story from a charismatic figure! A fascinating story not only from a historical point of view, the rise of the Arab and Asian world, but touching from a human perspective, the story of a man who is never defeated and goes ahead despite of the adversities of his personal and his countrys history...this

autobiography is a masterpiece, its characters are beautifully portrayed, the story is superbly told ... --Elena of Italy (also shown on Amazons review page) Hussain Najadi is no stranger to hardships, and his autobiography, *The Sea and the Hills*, showcases his extraordinary life. From being ejected from his home country Bahrain for plotting against British colonial rule, to his golden triangle-Western technology, management, and know-how, Asian natural resources, and Arab capital- he has had successes and triumphs at every turn. The book tells the story of his rapid rise to success and his reign as the leader in wholesale and corporate banking in Southeast Asia. Matthew Bryant, Bohlsen Group, Indiana, USA

Asset Recovery Handbook Jean-Pierre Brun, Anastasia Sotiropoulou, Larissa Gray, Clive Scott, 2021-02-08 Developing countries lose billions each year through bribery, misappropriation of funds, and other corrupt practices. Much of the proceeds of this corruption find 'safe haven' in the world's financial centers. These criminal flows are a drain on social services and economic development programs, contributing to the impoverishment of the world's poorest countries. Many developing countries have already sought to recover stolen assets. A number of successful high-profile cases with creative international cooperation has demonstrated that asset recovery is possible. However, it is highly complex, involving coordination and collaboration with domestic agencies and ministries in multiple jurisdictions, as well as the capacity to trace and secure assets and pursue various legal options—whether criminal confiscation, non-

conviction based confiscation, civil actions, or other alternatives. This process can be overwhelming for even the most experienced practitioners. It is exceptionally difficult for those working in the context of failed states, widespread corruption, or limited resources. With this in mind, the Stolen Asset Recovery (StAR) Initiative has developed and updated this Asset Recovery Handbook: A Guide for Practitioners to assist those grappling with the strategic, organizational, investigative, and legal challenges of recovering stolen assets. A practitioner-led project, the Handbook provides common approaches to recovering stolen assets located in foreign jurisdictions, identifies the challenges that practitioners are likely to encounter, and introduces good practices. It includes examples of tools that can be used by practitioners, such as sample intelligence reports, applications for court orders, and mutual legal assistance requests. StAR—the Stolen Asset Recovery Initiative—is a partnership between the World Bank Group and the United Nations Office on Drugs and Crime that supports international efforts to end safe havens for corrupt funds. StAR works with developing countries and financial centers to prevent the laundering of the proceeds of corruption and to facilitate more systematic and timely return of stolen assets.

Captured at Sea Jatin Dua, 2019-12-10 How is it possible for six men to take a Liberian-flagged oil tanker hostage and negotiate a

huge pay out for the return of its crew and 2.2 million barrels of crude oil? In his gripping new book, Jatin Dua answers this question by exploring the unprecedented upsurge in maritime piracy off the coast of Somalia in the twenty-first century. Taking the reader inside pirate communities in Somalia, onboard multinational container ships, and within insurance offices in London, Dua connects modern day pirates to longer histories of trade and disputes over protection. In our increasingly technological world, maritime piracy represents not only an interruption, but an attempt to insert oneself within the world of oceanic trade. Captured at Sea moves beyond the binaries of legal and illegal to illustrate how the seas continue to be key sites of global regulation, connectivity, and commerce today.
