CASHFLOW Quadrant Robert T. Kiyosaki,Shane Caniglia,2017-06-06 Cash Flow Lifestyle takes us back to Robert's early journey on the road to financial freedom and his mentoring by his rich dad. This book shares many of the secrets of the rich, secrets related to how to tell the difference between advisors and salespeople, how to separate fact from opinion, how to gain confidence related to decisions about money and investing, and how and why the rules of money have changed. These secrets form the eight building blocks to wealth that Robert and his rich dad explore in Cash Flow Lifestyle, written in the classic Rich Dad Poor Dad style of stories and contrarian thought. To explore and uncover these secrets even further, Shane Caniglia -- entrepreneur and president of The Rich Dad Company -- expounds on the building blocks by showing how they have actually been implemented to make Rich Dad a thriving, innovative business and a powerful international brand.

Summary of Cash Flow Quadrant Alexander Cooper,2021-07-20 Summary of Cash Flow Quadrant You can never have true freedom without financial freedom. Freedom may be free, but it has a price. Preface: What is Your Life's Goal? Finding your path in life is your goal in life. Your path is not your profession, how much money you make, your title, or your successes and failures. Finding your path means finding out what you were put here on this earth to do. What is your life's purpose? Why were you given this gift called life? And what is the gift you give back to life? Most people are programmed early in life to "Go to school and get a job." School is about finding a job in the E or S quadrant. It is not about finding your life's path. Trust your intuition, heart and have guts. Education is a process. To develop into a whole human being, we need mental, physical, emotional, and spiritual education. Traditional schools were primarily about developing students mentally. That is why so many students who do well in school, do not do well in real life, especially in the world of money. School programs students to be an employee in the E or S quadrant. Traditional education is not the place for a person who wants to be an entrepreneur in the B and I quadrants. Become an entrepreneur in education. It seems that our paths in life are not found in our minds. Our path in life is to find out what is in our hearts. The shortcoming of traditional education. Millions of people leave school, only to be trapped in jobs they do not like. They know something is missing in life. Many people are also trapped financially, earning just enough to survive, wanting to earn more but not knowing what to do. Without awareness of the other quadrants, many people go back to school and look for new professions or pay raises in the E or S quadrant, unaware of the world of the B and I quadrants. Most addictions are attempts to find happiness in people's souls. Many "A" students get stuck in "analysis paralysis," studying every little detail, but failing to do anything. This "analysis paralysis" is caused by our educational system punishing students for making mistakes. If you think about it, "A" students are "A" students simply because they made the fewest mistakes. The problem with that emotional psychosis is that, in the real world, people who take action are the ones who make the most mistakes and learn from them to win in the game of life. The reason so many people fail to achieve success is because they fail to fail enough times. One of the reasons so many people cling to job security is because they lack emotional education. They let fear stop them. Here is a Preview of What You Will Get: □ A Full Book Summary □ An Analysis □ Fun quizzes □ Quiz Answers □ Etc Get a copy of this summary and learn about the book.

Kiyosaki, deckt auf, warum manche Menschen weniger arbeiten, mehr Geld verdienen, weniger Steuern zahlen und sich finanziell sicherer fühlen als andere. Bill Gates, Steve Jobs und Richard Branson haben die Schule ohne Abschluss verlassen und haben dennoch extrem erfolgreiche Unternehmen aufgebaut, für die viele der intelligentesten Absolventen der Universitäten arbeiten wollen. Rich Dad's Guide to Becoming Rich...Without Cutting Up Your Credit Cards Robert T. Kiyosaki, Sharon L. Lechter, 2000-11-01 Why cutting up your credit cards won't make you rich A popular TV personality often says, Take out your credit cards and cut them into pieces. While that is sound advice for people who are not financially responsible, it is inadequate advice for anyone who wants to become rich or financially free. In other words, just cutting up your credit cards will not make you rich. What does make you rich is financial education...unfortunately a type of education we do not receive in school. If a person has a solid financial education, they would know that there are two kinds of debt...good debt and bad debt. A person with a sound financial education would know how to use good debt to make them richer faster...much faster than a person who only saves money and has no debt. Rich Dad's Guide to Becoming Rich * Are you in credit card debt? * Is job security dead? * Is your financial security threatened? * Is a high-paying job the answer? * Is your money working for you? * Do you have good debt or bad debt? We all need more financial education. We need to know how to have our money work hard for us so we don't have to spend our lives working for money. That is why we need more sophisticated financial education...not oversimplified and childish financial tips such as cut up your credit cards or save more money. If you are ready to increase your financial education and enjoy your credit cards, then this book is for you.

Simple Money, Rich Life Bob Lotich, 2022-04-26 A hope-filled money guide to increase savings, earnings, and giving and actually enjoy it all while designing a life of freedom and eternal impact, from the founder of SeedTime Money. Broken down and stranded 1,000 miles from home with only \$7 left in his bank account, Bob Lotich had reached his breaking point. He was stuck in a dead-end job, living paycheck-to-paycheck, and overwhelmed by debt. Bob had been following the world's advice with money and this was the fruit of it. In desperation, he cried out to God for wisdom, for a different way. The answer was a simple four-part formula, one based on timeless biblical principles, and, most important, it worked. After applying this simple formula, Bob discovered that his financial stress melted away and he finally felt fully in control of his money. As he continued to follow the four steps, he paid off over \$400,000 in debt, reached a personal goal of giving \$1 million by age 40, and achieved a level of financial freedom he never dreamed possible. In his casual and approachable style, Bob (along with his fun-loving wife, Linda) shares everything he learned about achieving true financial freedom, including: • How to create a money system so you can spend less time and get better results • The One-Category Budget: get 80% of the results with 20% of the work • The four keys to earning more in the digital era • How to automate your way to financial success in less than 10 minutes • The secrets of a six-figure giver • Three credit card rules that banks don't want you to know • How to save \$100s each month while still buying what you love • And much more! Whether you are doing "fine" or are in a financial crisis, the included 21-day kick-start will leave you with specific action items to guide you to success. You can have financial security, peace, significance, and eternal impact. Let Bob show you how to reimagine money as it was meant to be: simple.
