HowExpert Guide to Bodyguarding HowExpert,Cody Blocker,2021-10-15 Many times when people hear the word “bodyguard,” a certain image forms in their mind. Unfortunately, this image is too often complicated by stereotypes of muscular men in sunglasses and fancy suits shooting handguns as they jump sideways over a car in slow motion. I have never seen this in my experience as a bodyguard. I have seen many years of professionals working day in and day out, committed to protecting innocent people from people who want to harm them. I have witnessed professionalism that has humbled me and inspired me. I had been fortunate enough to work with professionals who I watched be the first to arrive, work all day in stressful environments, and be the last to leave. They are the professionals who work all of the time and are never seen or heard from on camera. They are silent and remain behind the scenes. Every day, more and more threats emerge in our world. Everything from terrorism to rising crime rates continues to make our world more and more dangerous. One thing is for sure, the need for protection and personal security is not going away. If you are interested in the industry of bodyguard work or executive protection, or even if you are already working in this field, this book is a great resource. It lists 101 principles that have been learned by someone who has been working in the private security and executive protection sector for over ten years. Each guide is born out of personal experience working in the field. About the Expert Cody Blocker C.P.S. is a Certified Protection Specialist and an honor graduate of the esteemed Executive Security International. Cody worked as the Security Director of a large organization for over ten years and currently works in the private security industry. He has worked as an Executive Protection Agent in various roles in multiple states in the US and overseas, including conflict zones. Cody's unique skill set has allowed him to gain experience and specialize in the areas of surveillance, counter-surveillance, threat assessment, and advanced work. He is a licensed Private Detective and a licensed Emergency Medical Technician (EMT). Cody is certified by his state's Highway Patrol to teach Concealed Handgun Certification Courses to responsible citizens. He has trained and consulted with over 100 organizations across the country in various security capacities. Cody has over twenty years of training in Japanese and Brazilian martial arts and is a boxing, mixed martial arts, and Brazilian Jiu-Jitsu competitor. Cody is also a competitive pistol shooter and has amassed thousands of hours of continuing education in combative, tactic, driving, shooting, surveillance, and intelligence training from national and international experts. Along with other protection professionals with whom he has worked closely, he teaches self-defense, pistol combat, surveillance, threat assessment, and security operations to teams and individuals. Introduction to Executive Protection Dale L June ,Elijah Shaw ,2021-08-29 Since its original publication in 1998, Introduction to Executive Protection has been considered the bible of the executive security industry. Now in its 4th edition, this new volume, conceived and developed by Dale L. June, drawing from his experiences in the United States Secret Service, law enforcement & the private sector, has been reworked and revised with new content, chapters, and input with over 60% new material. Much more than simply an introduction, this book is a powerful learning tool, with the author now joined by Elijah Shaw, one of the foremost experts in working globally with celebrities and other high net-worth VIP's. The authors include real world examples of bodyguards working with politicians and religious figures, and dealing with everything from stalking to assassination attempts. This volume further digs into the tactics and the mindset necessary for protectors to mitigate the risk of it happening to their clients. Packed with tips for successfully navigating the corporate, celebrity & dignitary sectors, the reader will find in-depth discussions on a variety of topics, ranging from setting up estate security plans, to working in and around private jets. The world is changing daily, and as both an educational and resource tool, this book is sure to provide new outlooks for both the experienced and the newcomer alike. ** What the Industry is Saying about the New Edition ** A comprehensive look at executive protection, the profession, and methods of practice. This 4th edition is worth the read. Monica Duperon Rodriguez Sr. Manager, Global Corporate Security and Risk Management (Executive Protection & Solutions) LinkedIn It is important we don't forget the basic principals & foundations. This book is a great reminder. Charles Randolph LTC (RET) President, International Protective Security Board (IPSB) Dale and Elijah have forgotten more about the business of Protective Services than most will ever learn. Mark 'SIX' James Author, Defensive Handgun II This is absolutely one of the top books I point to for people who are interested in getting into the profession. Bodyguard Manual Hugh P. Keir,2016-03-28 B+W INTERIOR EDITION WRITTEN FOR OPERATORS, BY OPERATORS Written by an experienced operator, with contributions from other highly regarded Executive Protection Officers SUITABLE FOR EPOs AND EP STUDENTS ALIKE The Bodyguard Manual is designed to assist the experienced operator and students alike: it is currently issued to many students attending Executive Protection courses around the world. DESIGNED FOR YOUR GO-BAG Carried by experienced operators, the Bodyguard Manual is designed for quick reference when planning and executing tasks. Including templates, crib cards, kit lists, procedures, guides and diagrams, the Bodyguard Manual is the ideal tool

to augment the professional Executive Protection Officer when planning and conducting protection assignments. **READER REVIEWS** An excellent quick reference for new and experienced alike. Concise and full of detail, vehicle drills particularly well presented. Would recommend to anybody about to join the circuit or do their CP or HECF course. You can never learn too much from those who have been before you. This is a must have essential piece of kit for any security professional operating in the industry. A well laid out format which has been structured and written with a no nonsense view. It lays out in simple terms what you require to operate as well as listing the top-tips that can only be discovered by operating in the industry for a number of years. This book is an excellent piece of equipment which will be part of my security kit for many years to come. A big thanks must go to the author for supplying those of us operating in the industry with an excellent reference manual. Ok, the book does exactly what it's designed to do, it's basically a quick reference for CP operators both new to the world of CP or experienced, a lot of us don't work CP all the time and it's handy to have when you need to double check something. Exactly as described, a no nonsense guide. Extremely good tips, essential checklists. To someone like myself with limited knowledge of this industry it is excellent reference material.

Tom Patire's Personal Protection Handbook Tom Patire, 2003 Offers a comprehensive and practical guide on how to keep safe in any situation, describing real-life scenarios in which a crime can occur and a variety of measures to take to avoid becoming a target or defend oneself in an attack.

Eyes Wide Open Kristie Kilgore, 2001 Using techniques trusted by trained bodyguards is one way to increase chances of survival in the case of an attack and, more important, to prevent an attack from occurring. In this guide to self-protection, Kilgore takes the reader beyond self-defence, offering an insider's tips on subjects including how not to attract the attention of a 'human predator', how to increase awareness of surroundings, defensive techniques, and ways to avoid being an easy target. Detailed case studies of everyday people who have suffered violent assaults are followed by an analysis of what went right or wrong, as well as alternative actions and reactions to the assault.

Bodyguards John Giacobello, 2003-01-15 Describes the job of personal bodyguard, the people who use the services of bodyguards, and the training necessary to be a professional bodyguard.

How to Be Your Own Bodyguard Richard Foreman, 2016-03-13 Now Revealed the Tips on Defending Yourself How to be Your Own Bodyguard? The super easy guide book to Defending Yourself Get this How to be Your Own Bodyguard book for cheap price. Click the Buy button and Discover Now the Tips to Defending Yourself. I wanted to include a selection of the actual strikes and physical target zones because I think it's important to balance the practical and theoretical. I can't stress enough though how important a deep understanding of the principles behind self-defense are BEFORE you ever tackle any physical tactics. Consider these principles your foundation for self-defense. Without a solid base of understanding, your physical actions will likely be shaky and unpredictable. This can make things even worse given that violence is already a pretty shaky and unpredictable experience anyway! Ensure you have read and fully understood, on a personal level, the various chapters before believing yourself confident to face situations in the real world. Its one thing to read about adrenaline and stress affecting you, but until you truly experience it, it's common to think Oh, that won't affect me or I'll be OK because I will just do X. The truth is we wouldn't just do anything, and it's likely we would be completely overwhelmed at the time. I say this not to focus on the doom and gloom of the situation but to stress how important the understanding of how to use your mind and body is before you put any of it into practice. Here Is A Preview Of What You'll Learn Inside How to Hack Your Brain, Defend Your Body How to Spot a Threat Before it Happens How to Choose Self-Defense Weapons How to Protect Yourself on the Ground Powerful and Simple Self Defense Techniques How to Avoid the No.1 Striking Mistake And much, much more... What are you waiting for? Take Action Right Away and Start to be your own bodyguard! Have a safe life is easy after reading this book!

Within Arm's Reach (W.A.R.) Clifford W. Stewart, Karen Dean, 2001-07 It's W.A.R. out there and there's no one better to have on your side than Cliff Stewart. A personal protection specialist to the world's rich and famous -- from Saudi Arabian sheiks and members of Royal Families to Muhammad Ali and Mr. T -- for more than 20 years, Stewart has distilled and crystallized the sum of his knowledge into a system called Within Arms Reach (W.A.R.). As a bodyguard who must rely on his instincts and skills to neutralize any attack, Stewart created a system which provides instant response with maximum effect. W.A.R. was created specifically for non-martial arts types -- professional protection specialists who had little time to learn the kinds of responses which could ultimately save the lives of their clients. W.A.R. gives you the tools to go into battle with the latest, most-innovative techniques known to man.

Bodyguards Antony Loveless, 2009-08 The role of bodyguard or close protection officer is highly misunderstood. In action films, threats are obvious: ski-mask wearing gunmen fire at the client from a speeding black Suburban truck. In real life, threats may be harder to assess. If a crowd of unarmed protesters blocks the client's access to his or her car as well as the building they are being escorted to, this poses a threat. However, bodyguards have no legal right to use force in a public place unless they are being attacked. Usually bodyguards are the ones who call the police. This interesting new book examines the different types of bodyguard - police, military and civilian; their training; typical roles; the equipment they use; weapons; bodyguards and the law; evasive driving; and life as a bodyguard.

The Executive Protection Professional's Manual Philip Holder, Donna Lea Hawley, 1997-12 There is a big difference between an Executive Protection Professional and a Bodyguard. This book separates truth from myth. Two authors, both experts in their respective fields, give you the facts and critical knowledge about the field of executive protection. Together they provide a wealth of knowledge about this unique and exciting field. This book not only explains what it takes to be an executive protection specialist but gives other valuable information as well. This includes, tips on defensive tactics, bomb search, searching for bugging devices, firearms training tips, defensive and evasive driving, and advance reconnaissance. This unique book also covers how to select the area of executive protection that you would like to work in, what you should make, the interview, and stories from real life experiences of an executive protection professional. Philip Holder is the creator of the Six Zone Safeguard System of Self Defense (Sometimes called the Sidewinder System after his Sidewinder Executive Protection Consultants). He is also the chief Instructor and Grandmaster of the North American Wing Chun Association and its Ying Gi Ga method of Wing Chun Kung Fu. His many years as an executive protection professional (EPP), his work as an executive protection consultant, and as a personal trainer, along with his 35 years in the martial arts and his experience in full contact fighting all come together to provide a true sense of realism in his classes and seminars. Donna Lea Hawley is a retired lawyer who has written a number of books and articles on law, firearms, hunter education, and self defense. She teaches seminars on sports liability, shooting, carrying concealed weapons, the law of self defense and use of deadly force, and self defense for the past fifteen years. She is a firearms instructor who has taught over a thousand people shooting skills and firearms safety. She holds six NRA Instructor Certifications. Describes the attributes, principles, and practices of the qualified protection professional. Introduction to those considering entering the field. Valuable source of continuing education for current practitioners.

The Secure Urbanite Jim Wygand, 2007-02 Do you feel safe in your city? If not, this book will help you be secure without recourse to bodyguards, martial arts training, and expensive security equipment.

Napoleon's Imperial Guard Uniforms and Equipment. Volume 1 Paul L. Dawson, 2019-08-30 The author of Battle for Paris 1815 examines the uniforms and equipment of the infantry of Napoleon's Imperial Guard. From its origins as the Consular Guard of the French Republic, and as Napoleon's

personal bodyguard, the Imperial Guard developed into a force of all arms numbering almost 100,000 men. Used by Napoleon as his principal tactical reserve, the Guard was engaged only sparingly, being deployed at the crucial moment of battle to turn the tide of victory in favor of the Emperor of the French. Naturally, the Imperial Guard has been the subject of numerous books over many decades, yet there has never been a publication that has investigated the uniforms and equipment of the infantry of the Imperial Guard with such detail and precision. The author has collected copies of almost all the surviving documents relating to the Guard, which includes a vast amount of material regarding the issuing of dress items, in some instances down to company level. This information is supported by an unrivaled collection of illustrations, many of which have never been published before, as well as images of original items of equipment held in museums and private collections across the globe. In addition, the renowned military artist, Keith Rocco, has produced a series of unique paintings commissioned exclusively for this book. This glorious book is, and will remain, unsurpassed as the standard work on the clothing and equipment of the Imperial Guard, and will not only be invaluable to historians, but also reenactors, wargamers and modelers. It is one of the most important publications ever produced on this most famous of military formations.

Defensive Handgun Mark James,2010-09 Defensive Handgun was written to help law abiding citizens enhance their knowledge on safe firearm handling and provide them with a platform to build solid defensive handgun skills. Many people buy handguns due to safety concerns for themselves or their loved ones. Without fundamental training in safe handling, gun owners risk creating dangerous situations instead of providing protective conditions.
