**The Future Is in Your Hands** Beth Buggenhagen,2023-11-07 In Senegal, portraiture serves as a vital index and creator of social connection. People sit for and display portraits, keep albums, and view illustrated magazines together. Through these portraiture practices, Senegalese have fashioned idealized images to mend fraught and fragmented lives in the context of decades of migration. *The Future Is in Your Hands* provides an expansive frame for photography to highlight the role of affect in portraiture practices. Moving from the colonial to the newly independent Senegal, Beth Buggenhagen combines museum, ethnographic, and archival research on photography's past with lens-based artists who address themes of separation, visibility, rupture, and repatriation through portraiture. Buggenhagen, in collaboration with Senegalese photographers, explores how photographs, as visual and material objects, migrate themselves and, like the bodies they represent, create a record not only of lived experiences but also of the cycle of migration for this labor-exporting country. By complicating the history of portraiture in Senegal, *The Future Is in Your Hands* reveals the enduring power of images and the efforts under way to keep this art form safely in Senegalese hands.

**Alabama Bingo Book** Rebecca Stark,2016-03-10 Educational Books 'N' Bingo Bingo Books are complete bingo games in a book. They are great for end-of-the-unit reviews and can also be used as

assessment tools. Creating your own bingo games is tedious and time consuming. Ready-to-use Bingo Books save you valuable time. Choose from more than 120 titles in language arts; analogies; science; math; and social studies, including a bingo book for each of the 50 states. Grade levels range from primary through secondary. The emphasis is on the content of the questions! Language arts, science and social studies titles (with the exception of the state games) provide comprehensive coverage of the topics. Math and analogy bingo books provide skill practice as well as a review of terms. Bingo books are great for end-of-the-unit reviews and can also be used as assessment tools. Teachers can customize the games by using the blank middle spaces to add additional terms or names. Everything you need is provided: 30 unique bingo cards; 50 clue cards, with 2 or 3 clues per term; and a sheet of markers. The use of markers is optional. Because the bingo sheets are printed on plain paper, students can mark them with a pencil. Reprint the sheets as needed.

*Rejected from the Womb, but Chosen by God* Dorothy Elaine Davis, 2011-06-29 I am Jamaican and this is my story. The book tells about my life experiences and how I have been able to maintain my faith through life's challenges. Through my experiences, I understand that even through hardship you can triumph if you keep God first. Your trials do not control your life forever and we must not give up. We all face struggles daily and while you may not connect with everything about my story, it is my hope that my book will help you to realize that as long as you have faith in God, you will make it. If you are blessed by my book, please share with your family, friends or even a stranger you pass along the way. I encourage feedback from my readers to share with me how the book affects their lives and how they connect to my story. Your input is important to me and I ask you to email at [churchofgodbibletruth@gmail.com](mailto:churchofgodbibletruth@gmail.com). I am also available for counseling and would love to speak to parents about how important it is to believe in your children and uplift them with love

and kindness each day. Remember the child that you mistreat, could become the feather in your hat. Most of all believe in God and know that He is able to bring us out of the prisons and dungeons of our minds. We must emancipate our minds from low self-esteem, rejection and abuse. As I mentioned, there will be continuing chapters. I am borrowing the words from my good friend, the late Robert Nesta Marley, whom I received much inspiration and encouragement from One Love.

*The Arc of Boxing* Mike Silver,2012-09-21 Are today's boxers better than their predecessors, or is modern boxing a shadow of its former self? Boxing historians discuss the socioeconomic and demographic changes that have affected the quality, prominence and popularity of the sport over the past century. Among the interviewees are world-renowned scholars, some of the sport's premier trainers, and former amateur and professional world champions. Chapters cover such topics as the ongoing deterioration of boxers' skills, their endurance, the decline in the number of fights and the psychological readiness of championship-caliber boxers. The strengths and weaknesses of today's superstars are analyzed and compared to those of such past greats as Joe Louis, Sugar Ray Robinson, Jack Dempsey and Jake LaMotta.
