Bollywood Roulette Rahul Bajaj,2007 Every year, thousands of young men and women come to Mumbai to make it big in Bollywood. They come from all over India. They come from all backgrounds. They all come with one common thing - hope. Starry-eyed, they land in Mumbai and begin a pursuit that will change their lives. Some will make it. Most won't. They know that. They know they are taking a chance, a roll of the dice, a gamble with their own future at stake. They are playing a game of roulette, where the odds are stacked against them; but they also know that the rewards are out of this world.

Networked Bollywood Swapnil Rai,2024-01-31 Networked Bollywood provides interdisciplinary analysis of the role of the stars in the transformation of Hindi cinema into a global entertainment industry. The first Indian film was made in 1913. However, filmmaking was recognized as an industry almost a hundred years later. Yet, Indian films have been circulating globally since their inception. This book unearths this oft-elided history of Bollywood's globalization through multilingual, transnational research and discursive cultural analysis. The author illustrates how over the decades, a handful of primarily male megastars, as the heads of the industry's most prominent productions and corporations, combined overwhelming charismatic affect with unparalleled business influence. Through their star switching power, theorized here as a deeply gendered phenomenon and manifesting broader social inequalities, India's most prominent stars instigated new flows of cinema, industrial collaborations, structured distinctive business models, influenced state policy and diplomatic exchange, thereby defining the future of Bollywood's globalization.

Videogames in the Indian Subcontinent Souvik Mukherjee,2022-09-30 Videogames in the Indian Subcontinent: Development, Culture(s) and Representations explores the gaming culture of one of the most culturally diverse and populous regions of the world-the Indian subcontinent. Building on the author's earlier work on videogame culture in India, this book addresses issues of how discussions of equality and diversity sit within videogame studies, particularly in connection with the subcontinent, thereby presenting pioneering research on the videogame cultures of the region. Drawing on a series of player and developer interviews and surveys conducted over the last five years, including some recent ones, this book provides a sense of how games have become a part of the culture of the region despite its huge diversity and plurality and opens up avenues for further study through vignettes and snapshots of the diverse gaming culture. It addresses the rapid rise of videogames as an entertainment medium in South Asia and, as such, also tries to better understand the recent controversies connected to gaming in the region In the process, it aims to make a larger connection between the development of videogames and player culture, in the subcontinent and globally, thus opening up channels for collaboration between the industry and academic research, local and global.

Salaam Bollywood Vikrant Kishore,Amit Sarwal,Parichay Patra,2016-03-31 This book traces the journey of popular Hindi cinema from 1913 to contemporary times when Bollywood has evolved as a part of India's cultural diplomacy. Avoiding a linear, developmental narrative, the book re-examines the developments through the ruptures in the course of cinematic history. The essays in the volume critically consider transformations of the Hindi film industry from its early days to its present self-referential mode, issues of gender, dance and choreography, Bombay cinema's negotiations with the changing cityscape and urbanisms, and concentrate on its multifarious regional, national and transnational implications in the 21st century. One of the most comprehensive volumes on Bollywood, this work presents an analytical overview of the multiple histories of popular cinema in India and will be useful to scholars and researchers interested in film and media studies, South Asian popular culture and modern India, as well as to cinephiles and general readers alike.

Bollywood and Globalization Rini Bhattacharya Mehta,Rajeshwari V. Pandharipande,Rajeshwari Pandharipande,2011 This book is a collection of incisive articles on the interactions between Indian Popular Cinema and the political and cultural ideologies of a new post-Global India.

Haunting Bollywood Meheli Sen,2017-03-01 Haunting Bollywood is a pioneering, interdisciplinary inquiry into the supernatural in Hindi cinema that draws from literary criticism, postcolonial studies, queer theory, history, and cultural studies. Hindi commercial cinema has been invested in the supernatural since its earliest days, but only a small segment of these films have been adequately explored in scholarly work; this book addresses this gap by focusing on some of Hindi cinema's least explored genres. From Gothic ghost films of the 1950s to snake films of the 1970s and 1980s to today's globally influenced zombie and vampire films, Meheli Sen delves into what the supernatural is and the varied modalities through which it raises questions of film form, history, modernity, and gender in South Asian public cultures. Arguing that the supernatural is dispersed among multiple genres and constantly in conversation with global cinematic forms, she demonstrates that it is an especially malleable impulse that routinely pushes Hindi film into new formal and stylistic territories. Sen also argues that gender is a particularly accommodating stage on which the supernatural rehearses its most basic compulsions; thus, the interface between gender and genre provides an exceptionally productive lens into Hindi cinema's negotiation of the modern and the global. Haunting Bollywood reveals that the supernatural's unruly energies continually resist containment, even as they partake of and sometimes subvert Hindi cinema's most enduring pleasures, from songs and stars to myth and melodrama.
