Cookies & Cocktails Katherine Cobbs, 2019-10-22 Sip luscious libations and satisfy your sweet tooth with these 50 amazing recipe pairings featuring creamy cocktails and delicious desserts—written by a seasoned food writer. Milk and cookies are a classic. There's no better culinary combination than a sweet, crumbly, and warm cookie colliding with a rich, cool, creamy liquid...the extraordinary contrast of temperature, texture, and flavor wow and delight our senses. It's no wonder that people have been dunking and drinking for decades. But somehow, this magical combination became associated with childhood—a pairing reserved for after-school snacks or Christmas Eve treats for Santa. But, no more! A new era has begun. Retro cocktails are more popular than ever (hello, Harvey Wallbanger?) and like mad scientists, bartenders everywhere are crafting cocktails that tap into milk-and-cookie nostalgia too. If you've ever thought a Girl Scout cookie would taste great with a boozy beverage or wished you could order Cereal Milk Punch at your local watering hole, then this book is for you. *Cookies & Cocktails* features dreamy drink recipes paired with delicious cookies, biscuits, wafers, and bars. Whether you crave a cutting-edge craft cocktail or a soul-warming nightcap to end a cozy wintry evening you'll find a sensory surprise on every level. Cheers!

Cocktail 101 Jason Davidson, 2021-11-02 Covering the entire breadth of this rich topic, The Cocktail 101 provides the basic knowledge to cocktail recipes: it delves into history, personalities, it shows you how to set up a bar, master important techniques, and use tools correctly; and it delivers unique concoctions. It begins with the introduction and manual to cocktail, how they're made (but without too much boring science), the development of the mixed drink, and the culture it created. This book will expose you to everything you need to know about cocktail.

Blend Me, Shake Me! Alex Kammerling, 2004

All the drinks are easy to make, most ingredients are available in the supermarket, and you won't need exotic liqueurs or professional equipment to make them. Apart from a few classics, all the drinks are newly invented—some created to sip at parties or holidays, others to bottle up and take camping.

Cocktails have now become an integral part of modern day socialising in restaurants, bars, clubs and homes. Cocktails and cocktail parties have been used by restaurants and hotels as a means of attracting patrons between 5 pm and 6 pm - hence the Happy Hour. Some events, such as wedding receptions, are preceded by a cocktail hour in which guests can socialise while eating canapes and drinking. Organizers of these events use the cocktail hour to occupy guests between related events and to reduce the number of guests who arrive late.
