*Flip and Flop* Dawn Apperley,2001 A two-year-old penguin named Flop is sad when his five-year-old brother, Flip, would rather play with Hip, a polar bear friend his own age, in an Arctic romp that will warm the hearts of little siblings of every climate.

**The Ten Equations That Rule the World** David Sumpter,2021-08-24 Is there a secret formula for getting rich? For going viral? For deciding how long to stick with your current job, Netflix series, or even relationship? This book is all about the equations that make our world go round. Ten of them, in fact. They are integral to everything from investment banking to betting companies and social media giants. And they can help you to increase your chance of success, guard against financial loss, live more healthfully, and see through scaremongering. They are known by only the privileged few - until now. With wit and clarity, mathematician David Sumpter shows that it isn't the technical details that make these formulas so successful. It is the way they allow mathematicians to view problems from a different angle - a way of seeing the world that anyone can learn. Empowering and illuminating, *The Ten Equations* shows how math really can change your life.

**Flip** David Lubar,2004-05-16 If you could become anyone in the world, who would you be? Did you ever wish you could be anyone else but who you are? Twins Ryan and Taylor do it all the time. Now their dream is about to come true. They've discovered mysterious alien disks that allow them to flip--to become legendary heroes from the past. But who? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Flipping the Script* A. J. Gibson,2018 Life is complicated and messy, but every now and then life gives you a syndicated talk show on a major network - and then fires your ass for not being gay enough. Then it sends your born-again Christian sister to take you out to lunch on your birthday, only to tell you she suddenly believes you can pray your gay away and that your show was shit anyways because you weren't using it to do anything for Christ. Then again, that specific situation may have only happened to AJ Gibson.... Either way, he knows what it's like when life feels like a rollercoaster, and in his self-help book *Flipping the Script*, he's not going to sugar-coat the truth. After all, this isn't Hollywood. Er... anymore. Know you're not alone: AJ's journey from a closeted gay boy from Ohio to that guy that people kinda, sorta recognize from Hollywood and TV seems glossy, but the truth is anything but. In *Flipping the Script*, AJ shows how his life has been a series of lemons. Every time he thinks he's in the clear, he finds a new way to crash and burn. Let's just say insecurity was once a pretty close friend of his. So he knows what you feel like. Really, he does. Luckily he's pretty smart and moderately witty, always finding his way out of life's rock bottom moments - and you can too-- Provided by publisher.

**Flip** Martyn Bedford,2011-04-05 “Flip is captivating from beginning to end, with rich characters and a fascinating mystery. . . . Highly recommended!” --James Dashner, author of the *Maze Runner* series What does it mean to have a soul whose will to live knows no limits? One morning fourteen-year-old Alex wakes up to find himself in the wrong bedroom, in an unfamiliar house, in a different part of the country. Six months have disappeared overnight. The family at the breakfast table? Total strangers. And when he looks in the mirror, another boy's face stares back. A boy named Philip, known as Flip. Unless Alex finds out what's happened and how to get back to his own life, he'll be trapped forever inside a body that belongs to someone else. Martyn Bedford's debut novel for young adults is fearless and fast-paced, a riveting psychological thriller about a boy coming undone in the most extraordinary of circumstances. Praise for *Flip* A Junior Library Guild Selection A School Library Journal Best Book of the Year The mysteries are countless: What is a soul? Where does it go when its human host ceases to function? Bedford adeptly sweeps the existential curtain aside and tackles these heavy questions as the tension soars. --Kirkus Reviews, Starred

*I Flipping Love You* Helena Hunting,2018-05-29 From New York Times bestselling author Helena Hunting comes *I Flipping Love You*, a love story about flipping houses, taking risks, and landing that special someone who's move-in ready. Rian Sutter doesn't usually get hit on in the grocery store, but when she notices a sexy man in a suit checking her out, she thinks maybe it's her lucky day. Either that or the suit has a thing for sweaty, yoga-pant wearing women with excellent price matching skills. Turns out it's neither. Pierce Whitfield can't believe his luck when he's able to track down the woman who scratched up the paint job on his car at the scene of the crime. But when he confronts the hit and run hottie, he discovers there's not just one, but two of them, and he's been throwing accusations at the wrong twin. As repair costs are negotiated, and the chemistry between them flares, Rian and Pierce find out they have more than mutual attraction in common. They're both vying for the same pieces of prime real estate in The Hamptons and neither one plans to give up without a fight. Can these passionate rivals turn up the heat on their budding romance—without burning down the house?

**Flip the Script** Oren Klaff,2019-08-13 THE BESTSELLING AUTHOR OF PITCH ANYTHING IS BACK TO FLIP YOUR ENTIRE APPROACH TO PERSUASION. Is there anything worse than a high-pressure salesperson pushing you to say yes (then sign on the dotted line) before you're ready? If there's one lesson Oren Klaff has learned over decades of pitching, presenting, and closing long-shot, high-stakes deals, it's that people are sick of being marketed and sold to. Most of all, they hate being told what to think. The more you push them, the more they resist. What people love, however, is coming up with a great idea on their own, even if it's the idea you were guiding them to have all along. Often, the only way to get someone to sign is to make them feel like they're smarter than you. That's why Oren is throwing out the old playbook on persuasion. Instead, he'll show you a new approach that works on this simple insight: Everyone trusts their own ideas. If, rather than pushing your idea on your buyer, you can guide them to discover it on their own, they'll believe it, trust it, and get excited about it. Then they'll buy in and feel good about the

chance to work with you. That might sound easier said than done, but Oren has taught thousands of people how to do it with a series of simple steps that anyone can follow in any situation. And as you'll see in this book, Oren has been in a lot of different situations. He'll show you how he got a billionaire to take him seriously, how he got a venture capital firm to cough up capital, and how he made a skeptical Swiss banker see him as an expert in banking. He'll even show you how to become so compelling that buyers are even more attracted to you than to your product. These days, it's not enough to make a great pitch. To get attention, create trust, and close the deal, you need to flip the script.

**Flip the Script** Christian P. Acker, 2013 Distinctive hand style lettering is an essential skill for artists and designers. Deftly executed hand crafted letter forms are a nearly forgotten art in an age of endless free fonts. Graffiti is one of the last reservoirs of highly refined, well-practiced penmanship. Within the pages of FLIP THE SCRIPT, the best hand styles are analysed, contextualising the work of graffiti writers from around America. Author Acker presents the various lettering samples in a clean organized format, giving the material a proper, formal treatment evoking classic typography books.

**Switch** Chip Heath, Dan Heath, 2010-02-16 Why is it so hard to make lasting changes in our companies, in our communities, and in our own lives? The primary obstacle is a conflict that's built into our brains, say Chip and Dan Heath, authors of the critically acclaimed bestseller *Made to Stick*. Psychologists have discovered that our minds are ruled by two different systems - the rational mind and the emotional mind—that compete for control. The rational mind wants a great beach body; the emotional mind wants that Oreo cookie. The rational mind wants to change something at work; the emotional mind loves the comfort of the existing routine. This tension can doom a change effort - but if it is overcome, change can come quickly. In *Switch*, the Heaths show how everyday people - employees and managers, parents and nurses - have united both minds and, as a result, achieved dramatic results: • The lowly medical interns who managed to defeat an entrenched, decades-old medical practice that was endangering patients • The home-organizing guru who developed a simple technique for overcoming the dread of housekeeping • The manager who transformed a lackadaisical customer-support team into service zealots by removing a standard tool of customer service In a compelling, story-driven narrative, the Heaths bring together decades of counterintuitive research in psychology, sociology, and other fields to shed new light on how we can effect transformative change. *Switch* shows that successful changes follow a pattern, a pattern you can use to make the changes that matter to you, whether your interest is in changing the world or changing your waistline.
