**Nightmare at the Book Fair** Dan Gutman, 2008-07-29 When fifth-grader Trip Kindleman, who does not like to read very much, is hit on the head by a heavy box and becomes a character in a series of different books--from a sports story to a science fiction novel to an adventure tale--his view of reading is changed forever.

*Dear Hound* Jill Murphy, 2011-09-27 Alfie's your average deer hound puppy-curious about the world around him, happy to chase the cat and laze around in his favorite beanbag bed, and very loyal to his boy, Charlie. So he's extremely upset when Charlie goes away and leaves him with a sitter--upset enough that he escapes into the woods. With the help of some friendly foxes, Alfie learns to live in the wild, but he never stops thinking of Charlie and trying to find his way home. And Charlie, of course, never stops thinking of Alfie, either. Will these two be able to find each other before it's too late? Featuring irresistible black-and-white line drawings on every spread, *Dear Hound* is both an accessible, heartwarming story and the perfect choice for readers graduating out of early chapter books.

Fair World Paul Greenhalgh, 2011 A history of world's fairs and expositions from London to Shanghai 1851-2010.

**Going Public** Boris Grois, 2010 If all things in the world can be considered as sources of aesthetic experience, then art no longer holds a privileged position. Rather, art comes between the subject and the world, and any aesthetic discourse used to legitimize art must also necessarily serve to undermine it. Following his recent books *Art Power* and *The Communist Postscript*, in *Going Public* Boris Grois looks to escape entrenched aesthetic and sociological understandings of art--which always assume the position of the spectator, of the consumer. Let us instead consider art from the

position of the producer, who does not ask what it looks like or where it comes from, but why it exists in the first place. Boris Groys is Professor at New York University and Senior Research Fellow at the Academy of Design, Karlsruhe. He is the author of many books, including *The Total Art of Stalinism*, *Ilya Kabakov: The Man Who Flew into Space from His Apartment*, *Art Power*, *The Communist Postscript*, *History Becomes Form: Moscow Conceptualism*. e-flux journal Series edited by Julieta Aranda, Brian Kuan Wood, Anton Vidokle

Zoo City Lauren Beukes, 2016-08-16 A new paperback edition of Lauren Beukes's Arthur C Clarke Award-winning novel set in a world where murderers and other criminals acquire magical animals that are mystically bonded to them. Zinzi has a Sloth on her back, a dirty 419 scam habit, and a talent for finding lost things. When a little old lady turns up dead and the cops confiscate her last paycheck, Zinzi's forced to take on her least favorite kind of job--missing persons. Being hired by reclusive music producer Odi Huron to find a teenybop pop star should be her ticket out of Zoo City, the festering slum where the criminal underclass and their animal companions live in the shadow of hell's

undertow. Instead, it catapults Zinzi deeper into the maw of a city twisted by crime and magic, where she'll be forced to confront the dark secrets of former lives—including her own.

**Fair Park** Willis Cecil Winters, 2010 In 1936, Texas commemorated the 100th anniversary of its independence from Mexico with a series of statewide celebrations. A central exposition was proposed, with four cities waging a sometimes bitter campaign to secure the rights to stage this auspicious event. At stake for the host city was unparalleled national exposure and a strong economic boost in the midst of the Great Depression. Using the existing grounds and buildings at Fair Park as the basis of its bid, Dallas outhustled and outspent its competitors to be designated as the host city of the 1936 Texas Centennial Exposition. The fair was planned by chief architect George Dahl with legions of talented designers and artists who collaborated to produce one of the great American world's fairs of the 1930s. In addition to the centennial celebration, 1936 marked the 50th anniversary of Fair Park as the site of the great State Fair of Texas. Many of the exhibition structures, livestock barns, and sports and performance venues built for the fair over the previous 50 years were incorporated into the new layout and design of the exposition. The architectural style that was applied to the old and new buildings at Fair Park was described as Texanic, a combination of Texas iconography and classical motifs with the more spare, streamlined regimen of the moderne style. The result was a revelation to the millions of visitors that attended the Texas Centennial Exposition in 1936.

**Create Dangerously** Edwidge Danticat, 2011-09-20 A New York Times Notable Book A Miami Herald Best Book of the Year In this deeply personal book, the celebrated Haitian-American writer Edwidge Danticat reflects on art and exile. Inspired by Albert Camus and adapted from her own lectures for Princeton University's Toni Morrison Lecture Series, here Danticat tells stories of artists who create despite (or because of) the horrors that drove them from their homelands. Combining

memoir and essay, these moving and eloquent pieces examine what it means to be an artist from a country in crisis. **BONUS MATERIAL:** This edition includes an excerpt from Edwidge Danticat's *Claire of the Sea Light*.

**The Clockwork Three** Matthew J. Kirby, 2012-02-01 Three ordinary children are brought together by extraordinary events. . . Giuseppe is an orphaned street musician from Italy, who was sold by his uncle to work as a slave for an evil padrone in the U.S. But when a mysterious green violin enters his life he begins to imagine a life of freedom. Hannah is a soft-hearted, strong-willed girl from the tenements, who supports her family as a hotel maid when tragedy strikes and her father can no longer work. She learns about a hidden treasure, which she knows will save her family -- if she can find it.

**Phaedrus Pron** Paul Chan, 2010-11-30

The Death and Life of the Great American School System Diane Ravitch, 2010-03-02 Discusses how school choice, misapplied standards of accountability, the No Child Left Behind mandate, and the use of a corporate model have all led to a decline in public education and presents arguments for a return to strong neighborhood schools and quality teaching.

The Man Who Loved Children Christina Stead, 2012-10-23 “This crazy, gorgeous family novel” written at the end of the Great Depression “is one of the great literary achievements of the twentieth century” (Jonathan Franzen, The New York Times). First published in 1940, *The Man Who Loved Children* was rediscovered in 1965 thanks to the poet Randall Jarrell’s eloquent introduction (included in this ebook edition), which compares Christina Stead to Leo Tolstoy. Today, it stands as a masterpiece of dysfunctional family life. In a country crippled by the Great Depression, Sam and Henny Pollit have too much—too much contempt for one another, too many children, too much strain under endless obligation. Flush with ego and chilling charisma, Sam torments and manipulates his children in an esoteric world of his own imagining. Henny looks on desperately, all too aware of the madness at the root of her husband’s behavior. And Louie, the damaged, precocious adolescent girl at the center of their clashes, is the “ugly duckling” whose struggle will transfix contemporary readers. Named one of the best novels of the twentieth century by Newsweek, Stead’s semiautobiographical work reads like a Depression-era *The Glass Castle*. In the New York Times, Jonathan Franzen wrote of this classic, “I carry it in my head the way I carry childhood memories; the scenes are of such precise horror and comedy that I feel I didn’t read the book so much as live it.”

The Fair Trade Revolution John Bowes, 2011-01-15 Fair trade has come a long way in the last 20 years. The Fair Trade Revolution celebrates the movement's achievement and takes up the challenge

of improving more lives through fair dealing with producers. Fair Trade is now mainstream, with large companies like Cadbury's and supermarkets such as Sainsbury's producing and stocking many fair trade products. The authors of this collection, many of whom were responsible for the initial success of Fair Trade, emphasize the importance of ensuring that farmers and other producers remain the main beneficiaries. Punchy chapters, illustrated with many real-world examples, cover all the important issues including the tensions between large and small operators, the impact of recession, environmental policy and the danger of large operators embracing Fair Trade more in word than in practice. Written by the leading lights of the Fair Trade movement, including Harriet Lamb (Executive Director of the Fairtrade Foundation) and Bruce Crowther (Establisher of the world's first Fair Trade Town) this book will inspire activists and consumers to keep making the right choices.

**The End of Mr Y** Scarlett Thomas, 2008 IF YOU KNEW A BOOK WAS CURSED, WOULD YOU READ IT? When Ariel Manto uncovers a copy of *The End of Mr Y* in a second-hand bookshop, she can't believe her eyes. She's read about its author before, the outlandish Victorian scientist Thomas Lumas, and this is his most notorious, and rarest, book. It is also believed to hold a curse. Anyone who's ever read it, including Lumas, has disappeared without trace. With *Mr Y* under her arm, Ariel is thrust into an adventure of faith, physics, love, death, and everything in between. Part gothic mystery, part time-travelling love story, *The End of Mr Y* lies somewhere between *Shadow of the Wind* and *Dr Who*. Scarlett Thomas sends us on a wild and irresistible quest into our deepest selves and our biggest questions.
