Wicca Book of Shadows Lisa Chamberlain,2015-09-30 Everything You Need to Know About Wicca, from Best-Selling Wicca Author Lisa Chamberlain It is estimated that there are over 1 million practicing Wiccans around the world

today. But what is it that has made these people turn their back on the formal, structured religions that encompass the majority of the Western world? In our modern, high-pressured world, many of us fail to take notice the sheer beauty of the natural world surrounding us. In many ways, this is a travesty: the world we live in today seems so completely distant from the one our ancestors lived in, a world where humans and nature were at one, their existence intertwined in the natural cycles of life. Wicca is a new way of life, a religion that takes you back to a more simple time, before the invention of the high-tech gadgetry we see all around us. You will learn to live and appreciate the natural world that surrounds you, celebrating the intricate changes in the seasons and everything they bring - from the bounties of the Summer harvest, to the cold and darkness of the Winter months, as Mother Nature rests in preparation for the next explosive cycle of life that Spring brings. Wicca is a re-incarnation of the very earliest religions, long pre-dating Christianity. Wiccans celebrate and share many of the same beliefs that these early people held, and try to embrace their way of life, all while remaining fully-functional in today's modern world. Getting Started as a Wiccan If you're sold on this new, exciting, peaceful way of life, that's great! Good to have you on-board. Unfortunately, and despite this commitment, this is where many people get stumped. One of the biggest questions I hear would-be Wiccans ask: how do I start practicing Wicca? The truth is, there is no right answer. If you endeavour to learn as much as possible about this religion, follow the core principles (for example, the Threefold Law), and revere the natural world surrounding you, as far as I'm concerned, you're a Wiccan. If you're just starting out, I'm sure this vague answer is of little help to you! That's why I set out to write this mini-series of books, titled Practicing the Craft. In this particular book, you'll learn everything you need to know about Wicca Book of Shadows - what they are, their history, and what to include in your own Book of Shadows. Wicca Book of Shadows Practicing magic isn't compulsory for Wiccans, however many people are inevitably attracted to the religion by the potential to positively change their lives for the better. As such, spellwork is one of the most discussed parts of being Wiccan. For those wanting to start practicing magic, keeping a Book of Shadows is a good starting point. A Book of Shadows is the ideal place to document your Wiccan journey, write down detailed spell outlines, and write any other information that may help you going forward. Because it contains all of your spells, many Wiccans will take their Book of Shadows into the circle during spellwork, too. Having a beautiful, leather-bound book will make the spell crafting process far more authentic - though you can use any book you like for constructing your own book. Due to the contents, many Wiccans are very private about their Book of Shadows. As such, you will probably want to take proactive steps towards protecting your book. This guide includes several privacy tips, as well as a dedicated spell for protecting your book. In other words, Wicca Book of Shadows will teach you everything you need to know to construct your own Book of Shadows, today! Would You Like to Know More? The Green Wiccan Book of Shadows Silja, 2011-09-08 Traditionally, the Book of Shadows is a High Priestess's way of handing on her collection of spells, rituals and magical tips and tricks to her coven members. Modern-day witches, by necessity or choice, often practise alone without access to this invaluable knowledge—and this is where this lavishly illustrated compendium comes in. Celtic Wiccan High Priestess Silja covers the basic and intermediate levels of magic for solitary witches. She shares a wide-ranging array of spells that have been successful for her—not least how to attract more love, money and luck into your life. With an easy to difficult rating system, she makes it simple for anyone to learn basic spells and then progress. Silja shares meditations—from energy-raising exercises to vision quests and guided meditations you can do with friends—and shows you why rituals are not just for coven use. Discover how to practise rituals alone to honour the seasons, say thanks to the deities for a spell that worked or send healing energy to a friend in need. Finally, once you have absorbed Silja's wisdom and knowledge, you can begin personalizing your magic and writing your own spells.

The Book Of Shadows Vasile Munteanu, 2018-06-05 The book is a collection of poems dealing with various themes, emotions and mental states, the

overarching, unifying idea being concealment. Shadows can hide both negative and positive aspects of nature and human nature. This relation always concerns the questions as to what is concealed and for what reason? It also attempts to make the point that certain things are actually revealed by concealment. That is, whatever is concealed says something about the person or situation that engendered the concealment in the first place. The poems attempt to consider some of these apparent ambivalences.

The Book of Shadows Tarot , 2017

The Book of Shadows Brittany Nightshade, 2016-04-26 EDIT: Updates for 2017! Added more spells, illustrations and a glossary. I compiled this Book of Shadows from a collection of spells I have been using since I started down my path. This book contains over 100 spells, a list of runes, how they can be used in spell casting and even crafting your own spells. I've collected these spells from several different sources, mostly from witches I have met in my travels and covens I have been a part of. I've tweaked a few of these spells to fit my needs from time to time and you can do the same as the words aren't what give the spells power, your energy is what really matters, so feel free to do the same and change what you want to suit your own needs. The craft of Magic is a constant fluctuating living thing and our ancestors have borrowed, changed, and made from scratch what we practice today. I hope this book helps you grow as a person and a spellcrafter. -Brittany Nightshade-Brittany Nightshade
