The Lost Dog Michelle de Kretser, 2008-04-28 Tom Loxley, an Indian-Australian professor, is less concerned with finishing his book on Henry James than with finding his dog, who is lost in the Australian bush. Joining his daily hunt is Nelly Zhang, an artist

whose husband disappeared mysteriously years before Tom met her. Although Nelly helps him search for his beloved pet, Tom isn't sure if he should trust this new friend. Tom has preoccupations other than his book and Nelly and his missing dog, mainly concerning his mother, who is suffering from the various indignities of old age. He is constantly drawn from the cerebral to the primitive -- by his mother's infirmities, as well as by Nelly's attractions. The Lost Dog makes brilliant use of the conventions of suspense and atmosphere while leading us to see anew the ever-present conflicts between our bodies and our minds, the present and the past, the primal and the civilized.

The Orphanage Michael A. Booker, 2023-12-10 Maxwell is an 11-year-old boy who lives in an orphanage where unexpected and unexplained things happened. Were children actually pulling out their teeth? Was there a white room or a silent room? Was there a mean caretaker? Did an explosion actually happen in the town and caused chaos in the streets? Was it just a dream?

J. Booker Ward John Morris, 2017-06-02 When the British government assigns counter terrorism expert Colonel J. Booker Ward of 22-SAS to investigate the truth behind the U.S. 9/11 attacks, he rapidly discovers that nothing is quite what it seems. Four commercial jets left U.S. east coast airports early on 9/11 bound for the west coast. Soon afterwards all communications with the aircraft were lost, none of the eight pilots squawked the hijack code or sent a Mayday. Two planes flew into the Twin Towers, one targeted the Pentagon, whilst another crashed into a field in Pennsylvania. Within around 90 minutes the Twin Towers fell in a manner identical to controlled demolition, the Pentagon sustained damage to its west wing inconsistent with a plane crash. Blame was quickly placed on Osama bin Laden and the terrorist

organization al-Qaeda. Later, on the afternoon of the same day, the 47-storey World Trade Centre building number 7 also collapsed, even though it had not been struck by any plane. Ward navigates his way through a mine-field of deaths, mysteries and intrigue before reaching his incredible conclusion - which he provides to the British government - the truth behind the 9/11 attacks. A work of fiction based on fact... or could it all be true?

Meet the Candidates 2020: Cory Booker Scott

Dworkin, 2019-08-27 A primer on the policies and candidacy of the Democratic senator from New Jersey, who has made social and racial justice his foundation. Is he the right Democrat to take on Trump? Cory Booker, New Jersey senator and former mayor of Newark, has a voting record measured a third most liberal in his time in the Senate. Meet the Candidates 2020: Cory Booker: A Voter's Guide helps you understand exactly how liberal Booker is, where on the spectrum Booker sits among Democratic contenders for the presidency, and whether his positions are worthy of your vote. Booker, a voice for social progress and equality and a critic of President Trump, is campaigning on the platform of an end to the war on drugs and drug reform, single-payer healthcare, education reform, environmental reform and the Green New Deal, and

criminal justice reform. He sits on the Committee on Environment and Public Works, Committee on Foreign Relations, and the Senate Committee on the Judiciary, where he emerged as a strong voice in the Kavanaugh hearings. The Meet the Candidates 2020 series is the informed voter's guide to making a decision in the 2020 Democratic primary and presidential election. Each book gives an unbiased, political insider's analysis of each contender, featuring: candidate interviews; an introduction by campaign adviser, Democratic Coalition co-founder, and Dworkin Report host Scott Dworkin; and compilation and writing by Occupy Democrats Editor at Large Grant Stern. In two hours of reading, you'll understand their defining characteristics, credentials, campaign issues, challenges, presidential chances, and everything else you need to know to decide who should challenge Donald Trump. Whether it's for Elizabeth Warren, Joe Biden, Bernie Sanders, Kamala Harris, Julian Castro, Cory Booker, or another, Meet the Candidates is what you need to make an informed vote for president in 2020.

Snap Belinda Bauer,2018-07-03 A teenage boy hunts for his
mother's killer in this Man Booker Prize-longlisted novel by "the
true heir to the great Ruth Rendell" (Mail on Sunday, UK). Just
before Jack's mother disappeared up the road to get help, she put
the eleven-year-old boy in charge of his two sister. As they wait for
her on the shoulder of the road in their stifling, broken-down car,
the three children bicker, whine and play I-Spy. But their mother
never comes back. And after that long, hot summer's day, nothing
will ever be the same again. At fifteen-years-old, Jack is still in
charge—supporting his sisters any way he can while evading social

services. Meanwhile, a young woman across town wakes to find a knife beside her bed, and a note reading I could of killed you. The police are tracking a mysterious burglar they call Goldilocks, for his habit of sleeping in the beds of the houses he robs. But the woman doesn't see the point of involving the police. And Jack, very suddenly, may be on the verge of finding out who killed his mother. The Gold Dagger Award-winning author of Blacklands reaffirms her reputation for masterful, twisty crime fiction with this “unnerving suspense novel” (Marilyn Stasio, The New York Times).
