Trinity Leon Uris, 1977 Ever since the publication of *Battle Cry* more than thirty years ago, Leon Uris has continued to write bestselling novels. Each displays all of the author's skill, for he is a writer at his best when the subject seems almost too big to handle. One of the most popular storytellers of the twentieth century, more than 5,500,000 copies of his novels have been sold in Corgi alone. In *Trinity*, he writes passionately about the tragedy of Ireland - from the famine of the 1840s to the Easter Rising of 1916, a powerful and stirring novel about the loves and hates, the defeats and triumphs of three families - a terrible and beautiful drama spanning more than half a century.

Trinity: A Graphic History of the First Atomic Bomb Jonathan Fetter-Vorm, 2023-11-14 *Trinity*, the debut graphic book by Jonathan Fetter-Vorm, depicts the dramatic history of the race to build and the decision to drop the first atomic bomb in World War Two—with a focus on the brilliant, enigmatic scientist, J. Robert Oppenheimer. Succeeds as both a graphic primer and a philosophical meditation. —Kirkus Reviews (starred review) This sweeping historical narrative traces the spark of invention from the laboratories of nineteenth-century Europe to the massive industrial and scientific efforts of the Manhattan Project, and even transports the reader into a nuclear reaction—into the splitting atoms themselves. The power of the atom was harnessed in a top-secret government compound in Los Alamos, New Mexico, by a group of brilliant scientists led by the enigmatic wunderkind J. Robert Oppenheimer. Focused from the start on the monumentally difficult task of building an atomic weapon, these men and women soon began to wrestle with the moral implications of actually succeeding. When they detonated the first bomb at a test site code-named

Trinity, they recognized that they had irreversibly thrust the world into a new and terrifying age. With powerful renderings of WWII's catastrophic events at Hiroshima and Nagasaki, Fetter-Vorm unflinchingly chronicles the far-reaching political, environmental, and psychological effects of this new invention. Informative and thought-provoking, Trinity is the ideal introduction to one of the most significant events in history.

What's Left of Me Is Yours Stephanie

Scott, 2020-06-23 Each chapter of this enrapturing novel is elegantly brief and charged with barely contained emotion. --New York Times Book Review A gripping debut set in modern-day Tokyo and inspired by a true crime, for readers of Everything I Never Told You and The Perfect Nanny, What's Left of Me Is Yours charts a young woman's search for the truth about her mother's life--and her murder. In Japan, a covert industry has grown up around the wakaresaseya (literally breaker-upper), a person hired by one spouse to seduce the other in order to gain the advantage in divorce proceedings. When Satō hires Kaitarō, a wakaresaseya agent, to have an affair with his wife, Rina, he assumes it will be an easy case. But Satō has never truly understood Rina or her desires and Kaitarō's job is to do exactly that--until he does it too well. While Rina remains ignorant of the circumstances that brought them together, she and Kaitarō fall in a desperate, singular love, setting in motion a series of violent acts that will forever haunt her daughter's life. Told from alternating points of view and across the breathtaking landscapes of Japan, Stephanie Scott exquisitely renders the affair and its intricate repercussions. As Rina's daughter, Sumiko, fills in the gaps of her mother's story and her own memory, Scott probes the thorny psychological and moral grounds of the

actions we take in the name of love, asking where we draw the line between passion and possession.

My Rainbow DeShanna Neal, Trinity Neal, 2020-10-20
A dedicated mom puts love into action as she creates the perfect rainbow-colored wig for her transgender daughter, based on the real-life experience of mother-daughter advocate duo Trinity and DeShanna Neal. Warm morning sunlight and love fill the Neal home. And on one quiet day, playtime leads to an important realization: Trinity wants long hair like her dolls. She needs it to express who she truly is. So her family decides to take a trip to the beauty supply store, but none of the wigs is the perfect fit. Determined, Mom leaves with bundles of hair in hand, ready to craft a wig as colorful and vibrant as her daughter is. With powerful text by Trinity and DeShanna Neal and radiant art by Art Twink, *My Rainbow* is a celebration of showing up as our full selves with the people who have seen us fully all along.

TRINITY Jacques Vallée, Paola Leopizzi Harris, 2021-05-07
Hard evidence has existed since 1945 for the actual recovery of unidentified flying craft in the United States, according to a new research book, *TRINITY: The Best-Kept Secret* written by two seasoned analysts of the global patterns behind the UFO phenomenon. Italian investigative journalist Paola Leopizzi Harris and French-born information scientist Dr. Jacques F. Vallée have teamed up to uncover the details of a New Mexico crash in 1945, fully two years before the well-known incident at Roswell and the famous sighting by pilot Kenneth Arnold in 1947. Over several site investigation surveys Harris and Vallée reconstructed the historic observations by three witnesses, two of whom are still living, who described to them the circumstances of the crash, with details of the recovery of a nearly-intact flying vehicle and its occupants by an Army detachment. Combining their long experience in

field research around the world, the authors have documented the step-by-step efforts by the military to remove the object, an avocado-shaped craft weighting several tons, from the property where it crash-landed during a storm. Surprisingly, the literature of the field only includes a few passing mentions about the case, and only one (foreign) TV documentary has mentioned it, but the correlation between the crash of the extraordinary object and the explosion of the first atom bomb at White Sands, less than 20 miles away, has been missed. Harris and Vallée suggest that the correlation is significant for physical, geographic and biological reasons, quite apart from the obvious strategic implications. The witnesses were able to observe not only the actual crash of the object on their property but every step of the military efforts to lift it and take it away. Fearing retaliation, they remained silent for some 60 years about what they had seen and done over those nine days at the site while the recovery was proceeding. When placed in the context of the history of chemical and physical analysis of retrieved UFO debris--an area where Harris and Vallée have long collaborated--the devices observed by the witnesses raise a number of very important scientific questions. The Honorable Paul Hellyer, former Minister of National Defence of Canada, has stated: Paola Harris and Jacques Vallée have spent much effort doing field research on location (...). It is now time that their discovery be revealed to the world.

The Trinity Thomas Joseph White, OP, White Op Thomas Joseph, 2022-03-11 The Trinity is the central mystery of the Christian faith. What can we say about the divine nature, and what does it mean to say that God is Father, Son, Holy Spirit, three persons who are one in being? In this book, best selling author Thomas Joseph White, OP,

examines the development of early Christian reflection on the Trinity, arguing that essential contributions of Patristic theology are preserved and expanded in the thought of Thomas Aquinas. By focusing on Aquinas' theology of the divine nature as well as his treatment of divine personhood, White explores in depth the mystery of Trinitarian monotheism. The Trinity: On the Nature and Mystery of the One God also engages with influential proposals of modern theologians on major topics such as Trinitarian creation, Incarnation and crucifixion, and presents creative engagements with these topics. Ultimately any theology of the cross is also a theology of the Trinity, and this book seeks to illustrate how the human life, death, and resurrection of Jesus reveal the inner life of God as Trinity.
