**French Kiss** Chantal Hébert, 2011-01-21 Chantal Hébert's first book is both a post-mortem of the Canadian federation that died on January 23, 2006, the night of the last federal election, as well as a brilliant examination of our changing political future, one that involves living with Quebec rather than just wooing it. On that night, award-winning political writer and broadcaster Chantal Hébert stood in a Calgary convention hall with 2,000 Alberta Conservatives, who were raucously cheering the election of ten Tory MPs from Quebec. The Conservatives would not have gotten their man in office without Quebec, and now the future success of the Harper government hinges on turning this one-night stand into a long-term relationship. More than ten years ago, the Quebec-Alberta coalition cobbled together by Brian Mulroney dissolved, leading to the births of the Bloc Québécois and the Reform Party. As a result, Alberta and Quebec took their marbles out of federal play, and Ontario got to run Canada. Have we now come full circle? By the time this book is published, the Liberal Party of Canada may have morphed into the Liberal Party of Ontario (or Toronto). And the Canadian Left will have chosen a camp in preparation for a decisive federal election battle. Provocative and always worth listening to, Chantal Hébert is at her savvy and insightful best in *French Kiss*. No Canadian can be truly informed on the subject of Canadian politics without the benefit of her non-partisan commentary.

**Rural Community Resource Centres** Shirley Giggey, 2000 The Commonwealth Secretariat has found that there is a need throughout the developing world for a book describing the setting up and operation of rural learning resource centres. On behalf of the Secretariat, and using her own practical experience, Shirley Giggey has drawn up this comprehensive training guide. She first provides a complete description of the best method for setting up a rural resource centre, right from the initial idea and planning (taking local circumstances into account), through to financial and staffing arrangements. She covers suitable designs for the buildings to be used and their interior layout, with much detailed advice. The practical, day-to-day running of the centre is dealt with clearly, simply and thoroughly. The need for methodical arrangements in acquiring and storing materials, and how (and even whether!) to lend them out are covered at length. Duplicating and other services are examined. Such matters as keeping of accounts, keeping records of the centre's activities, filing, stock-taking, insurance, maintenance and repair are amply explained. Samples of form letters and accounts pages are included. There is a list of organisations that provide useful materials. The main business of the centre - the gathering and selecting of materials and making them available - is given pride of place, but the many other possible services that can be offered are suggested and described. The effective use of resources is the aim throughout, and a fund-raising is shown to have a continuing importance. Suggestions are given on all relevant topics. This guide offers workable, solid, thorough advice and information for anyone in the developing countries who is either working in this field already or who wishes to do so. It is written for anyone living in or working with rural communities (community leaders, teachers, extension workers, women's group leaders, youth group leaders, etc.) and who feel their community could benefit from having informational and learning resources. It is written as clearly and simply as possible and uses examples from various parts of the world. There are ample illustrations and checklists.

Just know from the start that it wasn't supposed to go like this. All we wanted was to get near them. That's why we got a room in the hotel where they were staying. We were not planning to kidnap one of them. Especially not the most useless one. But we had him--his room key, his cell phone, and his secrets. We were not planning on what happened next. We swear. One of the smartest YA releases of the year." --New York Daily News "Misery for the Belieber generation." --Observer.com "Boy bands gets the Heathers treatment in this madcap macabre . . .
