Trust in Numbers Theodore M. Porter,2020-08-18 A foundational work on historical and social studies of quantification What accounts for the prestige of quantitative methods? The usual answer is that quantification is desirable in social investigation as a result of its successes in science. Trust in Numbers questions whether such success in the study of stars, molecules, or cells should be an attractive model for research on human societies, and examines why the natural sciences are highly quantitative in the first place. Theodore Porter argues that a better understanding of the attractions of quantification in business, government, and social research brings a fresh perspective to its role in psychology, physics, and medicine. Quantitative rigor is not inherent in science but arises from political and social pressures, and objectivity derives its impetus from cultural contexts. In a new preface, the author sheds light on the current infatuation with quantitative methods, particularly at the intersection of science and bureaucracy.

On Diary Philippe Lejeune,2009-04-30 On Diary is the second collection in English of the groundbreaking and profoundly influential work of one of the best-known and provocative theorists of autobiography and diary. Ranging from the diary's historical origins to its pervasive presence on the Internet, from the spiritual journey of the sixteenth century to the diary of Anne Frank, and from the materials and methods of diary writing to the question of how diaries end, these essays display Philippe Lejeune's expertise, eloquence, passion, and humor as a commentator on the functions, practices, and significance of keeping or reading a diary. Lejeune is a leading European critic and theorist of diary and autobiography. His landmark essay, The Autobiographical Pact, has shaped life writing studies for more than thirty years, and his many books and essays have repeatedly opened up new vistas for scholarship. As Michael Riffaterre notes, Lejeune's work on autobiography is the most original, powerful, effective approach to a difficult subject. . . . His style is very personal, lively. It grabs the reader as scholarship rarely does. Lejeune's erudition and methodology are impeccable. Two substantial introductory essays by Jeremy Popkin and Julie Rak place Lejeune's work within its critical and theoretical traditions and comment on his central importance within the fields of life writing, literary genetic studies, and cultural studies.

Wine, Society, and Globalization G. Campbell,N. Guibert,2007-12-25 This collection of essays comprises a number of case studies from key wine-growing regions and countries around the world. Contributors focus on the development of the wine business and its overall importance and impact in terms of the regional and domestic economy and the international economy

Common European Framework of Reference for Languages Council of Europe,2002 This Framework has been widely adopted in setting curriculum standards, designing courses, developing materials and in assessment and certification. This compendium of case studies is written by authors who have a considerable and varied experience of using the Framework in their professional context. The aim is to help readers develop their understanding of the Framework and its possible uses in different sectors of education.

Li Yu-Ying (Li Shizeng) - History of His Work with Soyfoods and Soybeans in France, And His Political Career in China and Taiwan (1881-1973) William Shurtleff, Akiko Aoyagi,2011-06-08

Dictionary of French Slang and Colloquial Expressions Henry Strutz,2009 Part of a quick-reference series suitable for language students and international travellers, this title presents more than 4,000 informal, commonly-used words and phrases in its target language.

Walford's Guide to Reference Material: Social and historical sciences, philosophy and religion Albert John Walford,Marilyn Mullay,Priscilla Schlicke,Library Association,1999 A revised and updated guide to reference material. It contains selective and evaluative entries to guide the enquirer to the best source of reference in each subject area, be it journal article, CD-ROM, on-line database, bibliography, encyclopaedia, monograph or directory. It features full critical annotations and reviewers' comments and comprehensive author-title and subject indexes. The contents include: philosophy and psychology; religion; social sciences, sociology, statistics, politics, economics, labour and employment; land and property, business organizations, finance and banking, and economic surveys; economic policies and controls, trade and commerce, business and management, and law; public administration, social services and welfare, education, customs and traditions; geography; biography; and history.

Le Tumulte Noir Jody Blake,1999-01-01 Jody Blake demonstrates in this book that although the impact of African-American music and dance in France was constant from 1900 to 1930, it was not unchanging. This was due in part to the stylistic development and diversity of African-American music and dance, from the prewar cakewalk and ragtime to the postwar Charleston and jazz. Successive groups of modernists, beginning with the Matisse and Picasso circle in the 1900s and concluding with the Surrealists and Purists in the 1920s, constructed different versions of la musique and la danse negre. Manifested in creative and critical works, these responses to African-American music and dance reflected the modernists' varying artistic agendas and historical climates.

Fashion, Work, and Politics in Modern France S. Zdatny,2006-05-13 This history of coiffure in modern France illuminates a host of important twentieth-century issues: the course of fashion, the travails of small business in a modern economy, the complexities of labour reform, the failure of the Popular Front, the temptations of Pétainism, all accompanied by a parade of waves, chignons, and curls.

The Legacies of Richard Popkin Jeremy D. Popkin,2008-11-05 Richard H. Popkin (1923-2005) transformed the study of the history of philosophy in the second half of the twentieth century. His History of Scepticism and his many other publications demonstrated the centrality of the problem of skepticism in the development of modern thought, the intimate connections between philosophy and religion, and the importance of contacts between Jewish and Christian thinkers. In this volume, scholars from around the world assess Popkin's contributions to the many fields in which he was interested. The Legacies of Richard Popkin provides a broad overview of Popkin's work and demonstrates the connections between the many topics he wrote about. A concluding article, by Popkin's son Jeremy Popkin, draws on private letters to provide a picture of Popkin's life and career in his own words, revealing the richness of the documents now accessible to scholars in the Richard Popkin papers at the William Andrews Clark Library in Los Angeles.

Pocket Oxford Hachette French Dictionary Marianne Chalmers,Martine Pierquin,2003 Of French Grammar / Glynnis Chantrell.

Le Catalogue de l'édition française ,1976 Une liste exhaustive des ouvrages disponibles publiés, en française, de par le monde.

Chock full of key features, this compact and practical dictionary is ideal for study and travel with over 70,000 entries and 100,000 translations.

Central Asia and the Silk Road Stephan Barisitz,2017-04-28 This book offers a comprehensive overview of the pre-modern economic history of Central Asia and the Silk Road, covering several millennia. By analyzing an abundance of sources and materials, it illustrates the repeated economic heydays of the Silk Road, during which it linked the Orient and Occident for many centuries. Nomadic steppe empires frequently dominated Central Asia, molded its economy and influenced trade along the Silk Road. The book assesses the causes and effects of the wide-ranging overland trade booms, while also discussing various internal and external factors that led to the gradual economic decline of Central Asia and eventual demise of the Silk Road. Lastly, it explains how the economic decline gave rise to Chinese and Russian colonialism in the 18th and 19th centuries. Detailed information, e.g. on the Silk Road’s trajectories in various epochs, is offered in the form of numerous newly drafted maps.

Vincent Van Gogh: Wilfred Niels Arnold,1992-11 As a five year old I encountered a picture of a young man in a rakish hat and a yellow coat, on the wall of a large classroom. There was something instantly intriguing about the image, but it was also puzzling because it represented neither politician nor prince, the usual fare for Australian school decorations. I was eventually told that this was a reproduction of a painting, the artist was Vincent van Gogh, and that the subject was some young Frenchman. On special days we assembled in that room and during the next several years I found myself gazing beyond visiting speakers at the fellow in the yellow jacket. It was almost another fifty years before I felt properly conversant with the portrait and realized that van Gogh's subject, Armand Roulin, was seventeen at the time ofthe original painting and had died at seventy-four during my schoolboy contemplations. In the interim my enjoyment of the works of the Impressionists and Post Impressionists had grown and I occasionally ran into the name of Dr. Gachet, Vincent's last attending physician, in books and catalog essays. The doctor was my entree to the overlapping charms of medical and art histories. In 1987 I had the good fortune to participate as a biochemist in the centenary celebration of the Pasteur Institut in Paris.

Pragmatic Competence Naoko Taguchi,2009-09-04 In the disciplines of applied linguistics and second language acquisition (SLA), the study of pragmatic competence has been driven by several fundamental questions: What does it mean to become pragmatically competent in a second language (L2)? How can we examine pragmatic competence to make inference of its development among L2 learners? In what ways do research findings inform teaching and assessment of pragmatic competence? This book explores these key issues in Japanese as a second/foreign language. The book has three sections. The first section offers a general overview and historical sketch of the study of Japanese pragmatics and its influence on Japanese pedagogy and curriculum. The overview chapter is followed by eight empirical findings, each dealing with phenomena that are significant in Japanese pragmatics. They target selected features of Japanese pragmatics and investigate the learners' use of them as an indicator of their pragmatic competence. The target pragmatic features are wide-ranging, among them honorifics, speech style, sentence final particles, speech acts of various types, and indirect expressions. Each study explicitly prompts the connection between pragmalinguistics (linguistic forms available to perform language functions) and sociopragmatics (norms that determine appropriate use of the forms) in Japanese. By documenting the understanding and use of them among learners of Japanese spanning multiple levels and time durations, this book offers insight about the nature and development of pragmatic competence, as well as implications for the learning and teaching of Japanese pragmatics. The last section presents a critical reflection on the eight empirical papers and prompts a discussion of the practice of Japanese pragmatics research.

A Short History of Freethought John Mackinnon Robertson,1899

Bordas 5000 Citations Le Dictionnaire Des Citations De La Langu 11 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Bordas 5000 Citations Le Dictionnaire Des Citations De La Langu 11 PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates

its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Bordas 5000 Citations Le Dictionnaire Des Citations De La Langu 11 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Bordas 5000 Citations Le Dictionnaire Des Citations De La Langu 11 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Bordas 5000 Citations Le Dictionnaire Des Citations De La Langu 11 Books
