Narrative of the Most Extraordinary and Distressing Shipwreck of the Whale-Ship Essex Owen Chase,2016-04-12 Narrative of the Most Extraordinary and Distressing Shipwreck of the Whale-ship Essex is an account by first mate Owen Chase of the Essex, a whale ship from Nantucket, Massachusetts, that was sunk by a sperm whale in the Pacific Ocean near South America in 1820. Of the twenty-man crew, only eight survived the horrific ordeal; some men were stranded on an island, all remaining crew were forced to eat food tainted by seawater and drink their own urine, and finally, when members of the crew started dying, those still alive resorted to cannibalism until they were rescued. Narrative of the Whale-ship Essex inspired Herman Melville to write his enduring classic Moby-Dick in 1851; it also inspired the 2015 movie In the Heart of the Sea, based on the 2000 best-selling book of the same name.

The Vocabulary of Modern French Hilary Wise,2003-10-04 The Vocabulary of Modern French provides a fresh insight into contemporary French. With this book, Hilary Wise offers the first comprehensive overview of the modern French vocabulary: its historical sources, formal organisation and

social and stylistic functions. Topics covered include: * external influences on the language * word formation * semantic change * style and register In addition, the author looks at the relationship between social and lexical change and examines attempts at intervention in the development of the language. Each chapter is concluded by notes for further reading, and by suggestions for project work which are designed to increase awareness of specific lexical phenomena and enable the student-reader to use lexicographic databases of all kinds. The Vocabulary of Modern French is an accessible and fascinating study of the relationship between a nation and its language, as well as providing a key text for all students of modern French.

Mute Objects of Expression Francis Ponge, 2008-06-02 Francis Ponge boldly proclaims his poetic goal in *Mute Objects of Expression*: To accept the challenge that objects offer to language. These objects—less chosen than received spontaneously—are perceived with inimitable Pongean humor and rendered into glimmering still lifes. He gives voice to the often unnoticed aspects of natural objects and beings. Shunning familiar poetic modes, Ponge forges new visions, images drawn from nature, from mythology and the classics. In this volume, springing from the Loire countryside in the early 1940s, Ponge's *prôems* recall the violent perfume of the mimosa, the cries of carnations, and the flirtations of wasps. From a small note-book, his sole supply of paper within the wartime deprivations, he composes repeated drafts of an innovative form combining poetry with analysis and impish play. Despite the demoralizing clouds of Occupation, Ponge wrests a soaring paean to his beloved sliver of Provence.

Some Dream for Fools Faïza Guène, 2010-08-09 A novel of a twentysomething, Algerian-born woman

living on the edge in France, from “one of the hottest literary talents of multicultural Europe” (Sunday Telegraph). When Ahlème’s mother was killed in a village massacre, she left Algeria for France with her father and brother and never returned. Now, more than a decade later, she is practically French, yet in many ways she remains an outsider. Ahlème’s dreams for a better life have been displaced by the harsh realities she faces every day. Her father is unable to work after an accident at his construction site and her brother boils over with adolescent energy, teetering dangerously close to choosing a life of crime. As a temporary resident, Ahlème could at any moment be sent back to a village and a life that are now more foreign than Paris. In *Some Dream for Fools*, Faïza Guène explores the disparity between the expectations and limitations of immigrant life in the West and tells a remarkable story of one woman’s courage to dream. “With a keen eye for detail and a sharp narrative tone, [Guène] gives voice to a hurt too long unrecognized. . . . [She] takes us into another world—a world that no nation today can afford to ignore.”

—The Christian Science Monitor

Soap Francis Ponge, Lane Dunlop, 1998 In this work, begun during the German occupation, the eminent French poet and philosopher began to turn away from the small, perfect poem toward a much more open form, a kind of prose poem that recounted its own process of coming into being along with the final result.

Dimensions of Learning Teacher's Manual, 2nd ed. Robert J. Marzano, Debra J. Pickering, 2011-05-01
The premise of *Dimensions of Learning* an instructional framework founded on the best of what researchers and theorists know about learning is that five types, or dimensions, of thinking are essential to successful learning. These are (1) positive attitudes and perceptions about learning, (2) thinking involved in

acquiring and integrating knowledge, (3) thinking involved in extending and refining knowledge, (4) thinking involved in using knowledge meaningfully, and (5) productive habits of mind. Dimensions of Learning is a valuable tool for reorganizing curriculum, instruction, and assessment. The authors discuss each of the five dimensions in detail and describe hundreds of teaching strategies that support them for example, how to help students construct meaning for declarative knowledge, internalize procedural knowledge, and see the relevance of what they are expected to learn. The authors provide many examples at the elementary and secondary classroom levels. Teachers of grades K-12 can use this information to improve teaching and learning in any content area. The Third World in the Global 1960s Samantha Christiansen, Zachary A. Scarlett, 2013 Decades after the massive student protest movements that consumed much of the world, the 1960s remain a significant subject of scholarly inquiry. While important work has been done regarding radical activism in the United States and Western Europe, events in what is today known as the Global South-Asia, Africa, and Latin America-have yet to receive the requisite attention they deserve. This volume inserts the Third World into the study of the 1960s by examining the local and international articulations of youth protest in various geographical, social, and cultural arenas. Rejecting the notion that the Third World existed on the periphery, it situates the events of the 1960s in a more inclusive context, building a richer, more nuanced understanding of the Global 1960s that better reflects the dynamism of the period. Samantha Christiansen is an instructor at Northeastern University. Her research interests focus on youth and student mobilizations in

South Asia and Europe and international Left politics. She has also taught at Independent University Bangladesh. Zachary A. Scarlett is an instructor at Northeastern University specializing in modern Chinese history and the history of radical social movements in the twentieth century. His work examines the ways in which Chinese students imagined and co-opted global narratives during the Cultural Revolution.

The Orphan Muses Michel Marc Bouchard, 1995 Finalist for the Governor General's Award for Translation. *The Orphan Muses* is a devilishly funny play about four wacky siblings. Abandoned by their mother, who ran off with a Spanish fisherman, the Tanguay children were left to raise themselves. Now, on the eve of her return, this bizarre quartet must reconcile with each other and figure out why their mother left them. A truly unique comedy that is guaranteed to show you how normal your family really is.

Bar Balto Faiza Guéne, 2011-01-13 Joël, aka 'The Rink' (because his bald patch is shiny enough to skate on), the unpopular owner of the only bar in town has been murdered. There are so many suspects, it's not so much a question of who did kill him as who didn't. There's Magalie, the temperamental teenager obsessed with Paris Hilton; her troublemaker boyfriend, Tani; Tani's mother, Madame Levi; her unemployed, daytime-TV addicted husband; Yeznig, their younger son, who has learning difficulties but perfect memory recall; and newcomers Ali and Nadia, the Muslim twins struggling to fit in. As the tension mounts and we're still none the wiser, the ending is as tragic as it is unexpected.

The Belly of Paris Émile Zola, 2023-12-27 *The Belly of Paris* (*Le Ventre de Paris*) is the third novel in Émile Zola's twenty-volume series *Les Rougon-Macquart*, first published in 1873. It is a novel of the

teeming life which surrounds the great central markets of Paris. The book was originally translated into English by Henry Vizetelly and published in 1888 under the title *Fat and Thin*. After Vizetelly's imprisonment for obscene libel the novel was one of those revised and expurgated by his son, Ernest Alfred Vizetelly. The heroine is Lisa Quenu, a daughter of Antoine Macquart. She has become prosperous, and with prosperity her selfishness has increased. Her brother-in-law Florent had escaped from penal servitude in Cayenne and lived for a short time in her house, but she became tired of his presence and ultimately denounced him to the police. Émile Zola (1840 – 1902) was a French writer, the most important exemplar of the literary school of naturalism and an important contributor to the development of theatrical naturalism. He was a major figure in the political liberalization of France.

Sherazade Leila Sebbar, 2014-06-19 SHERAZADE, AGED 17, DARK CURLY HAIR, GREEN EYES, MISSING Sherazade is seventeen, Algerian, and a –runaway in Paris. Although she has no morals, no scruples, no politics, no apparent emotional depth and little education, Sherazade remains curiously unattached but innocent in the city's underworld of drop-outs, outcasts, political activists and junkies. With honesty and lyricism this novel exposes the various issues that affect a young woman living in a city which is both sophisticated and provincial, liberal and conservative, tolerant and prejudiced. In Paris, Sherazade is pursued by Julian, the son of French-Algerians who is an ardent Arabist. Pigeon-holed by Julian into the –traditional exotic mold, Sherazade endeavors to create her own definition of Algerian

–femininity and in doing so breaks down conventions and stereotypes. It is Julian's obsession with her that spurs her on to self-discovery and to make decisions about her future. Sherazade is about a young woman haunted by her Algerian past. It is a powerful account of a person who searches for her true identity but is caught between worlds—Africa and Europe, her parents' and her own, colony and capital. Ultimately it is an –account of possession, identity and the realities of urban life today and what can happen when society fails to acknowledge its younger generations.
