Being the Boss Linda A. Hill, Kent

Lineback, 2011-01-11 You never dreamed being the boss would be so hard. You're caught in a web of conflicting expectations from subordinates, your supervisor, peers, and customers. You're not alone. As Linda Hill and Kent Lineback reveal in *Being the Boss*, becoming an effective manager is a painful, difficult journey. It's trial and error, endless effort, and slowly acquired personal insight. Many managers never complete the journey. At best, they just learn to get by. At worst, they become terrible bosses. This new book explains how to avoid that fate, by mastering three imperatives: · Manage yourself: Learn that management isn't about getting things done yourself. It's about accomplishing things through others. · Manage a network: Understand how power and influence work in your organization and build a network of mutually beneficial relationships to navigate your company's complex political environment. · Manage a team: Forge a high-performing team out of all the Is who report to you. Packed with compelling stories and practical guidance, *Being the Boss* is an indispensable guide for not only first-time managers but all managers seeking to master the most daunting challenges of leadership.

Heart Boss: Trust Your Gut, Shed Your Shoulds, and Create a Life You Love Regan Walsh, 2021-03-08 Women are doing it all: running companies, nurturing marriages, raising kids, volunteering on boards, and still making Pinterest-perfect cupcakes for the class party, thank you very much. But we're exhausted. We're running on hamster wheels and popping Xanax, and in our most private moments, we're wondering the scariest question of all: Is this it? I've been that woman. The harried workaholic. The

unhappy wife. The frustrated mom. I was even in a passionate relationship with a woman for two years before marrying my husband. Life is complicated, friends. The point is, I found my way off the treadmill. This book is me extending my hand to help you off yours. You are not alone. You are worthy. You are powerful. And you can own your life in such a way that you'll stop asking Is this it? and instead start saying This is it! Heart Boss is the story of how I learned to let my heart be boss. And, hopefully, it's a story about how you can get there too.

The Un-Bossy Boss Gary Magenta, 2016-07-26 Great Managers bring out the best in their employees. Individual contributors are responsible for bringing their best selves to work, while managers are responsible for bringing out the best in others. These are two very different things. When an individual contributor succeeds in their role, they are typically promoted to manager and suddenly in charge of other people. They soon realize managing others isn't easy, and many are ill prepared. Lacking the skills to effectively engage employees, many new managers follow an old-school approach - deciding what must be done, telling employees what to do and how to do it, and checking up on them from time to time. Through humor and real-life case studies, *The Un-Bossy Boss* shows how this old yell and tell model of managing has become outdated and ineffective, and offers managers a clear and tangible roadmap to success. Gary Magenta's 12 Powerful Questions help turn traditional manager/employee relationships into something greater and more impactful. By following Gary's recommendations, ordinary managers can become Great Managers who take a more interactive approach, one that reveals employees' motivations and beliefs and invites them to be a part of co-creating solutions so they and the company can soar to new heights.

The Boss Andrew O'Keeffe, 2023-02-01 Got a spirit-crushing boss? Well so does Lauren Johnson - five of them. Based on true stories of bosses' political maneuverings and workers under siege, *The Boss* tells Lauren's story - a talented but naive professional struggling under a self-serving, insensitive boss who undermines her at every turn. And working around her boss doesn't help - most of the company execs are ineffective in their own right. Lauren just wants to get her job done, but every manager throws up one more needless hurdle. Disturbing, amusing, and wry, the story progresses as Lauren is forced to upwardly manage the brownnoser, the backstabber, the micromanager, the passive-aggressive, the bully, and the idea stealer. Forced into a final decision, Lauren must fight back or have her spirit crushed.
