Richard Bailey

Tales from the Boston College Sideline Reid Oslin,2013-07-01 Many people may not know that Boston College's most embarrassing football defeat may have saved the lives of hundreds of Eagles fans. They also may not know that Doug Flutie failed to see a wide-open receiver and instead heaved the ball to an apparently well-covered Gerard Phelan to complete the "Miracle in Miami." The stories behind those little-known facts and many more are contained in Tales from the Boston College Sideline, an anecdotal history of Boston College football. Author Reid Oslin, who served as Boston College's sports information director for nearly a quarter of a century, has collected scores of stories about the many accomplishments—and occasional downfalls—of the Boston College Eagles. Material from the University Archives, dozens of personal interviews, and the author's own up-close recollections will make the newly revised Tales from the Boston College Sideline a valuable resource—as well as enjoyable history—for any BC fan.

A Farewell to Glory Wally Carew,2012-09 It began in November 1896 when football was still in its infancy. About 500 people turned out on a soggy field in Worcester, Massachusetts to watch Holy Cross battler Boston College. That game initiated one of the great rivalries in football history. It involved some of the most famous players and coaches to ever step on a football field. In its 91 years, the rivalry spawned controversy, contention, fierce competitiveness, elation, gloom, and great moments. It was also linked to heart-breaking tragedy. In the end, the rivalry of the two Jesuit colleges, Boston college and Holy Cross, would prove to be a microcosm of intercollegiate sports.

Boston College College Prowler Off the Record Kelley Gossett,2005-12

Assembly United States Military Academy. Association of Graduates,1988

Classic Maya Political Ecology Jon C. Lohse,2013-12-31 Data spanning the Archaic to Early Postclassic are presented, with particular analytical focus given to the end of the Early Classic through the Late and Terminal Classic and the geopolitical tumult that defined this period. Cast in the framework of political ecology, together these studies not only shed light on specific class histories of the region. They also advance a theory for understanding the contributions of non-elites to political growth and change over time. Classic Maya Political Ecology opens a window into pre-Columbian political processes grounded in environmental productivity and a mutual interdependence that defined class relations in northwestern Belize. This volume also outlines a theoretical approach that defines commoners and elites alike as political actors, people who contributed to the long term success and adaptability of local and regional political communities and the networks that sustained them.

Rutgers Football Michael J Pellowski,2007-11-16 Thirteen seconds remaining, score tied at 25, fourth and seven for Rutgers at Louisville's 27. Against the third ranked team in the nation, on a perfect autumn evening, the Scarlet Knights stormed back from 18 down, with Coach Greg Schiano's vaunted defense shutting down Louisville's passing attack. As Jeremy Ito's kick cleared the uprights with seconds on the clock, the Scarlet Knights announced their arrival as one of the most fearsome teams in the nation. Rutgers Football: A Gridiron Tradition in Scarlet is a richly illustrated history of one of the most storied programs in all of college football. From the first intercollegiate contest against Princeton in 1869, which started college football as we know it, through the years that Paul Robeson suited up for the team, the famous undefeated season of 1976, and right up to the Schiano era, former Scarlet Knight Michael Pellowski takes you on a fascinating journey that chronicles the highlights of the first 137 years of Rutgers football. He makes special mention of the Scarlet Knights who have gone on to successful careers in the NFL-Brian Leonard, Mike McMahon, L.J. Smith, Gary Brackett, Ray Lucas, Deron Cherry, among others-and includes a complete listing of letter winners. Now, with the Empire State Building being lit red in the team's honor, and fans believing that a national championship is within reach, Rutgers Football: A Gridiron Tradition in Scarlet provides the indispensable backstory for this team as it chops its way to future greatness.

The Official Washington Post Index ,1985

Higher Education in Transition Brian L. Fife,Joseph Losco,1999-12-30 This book explores the state of higher education at century's end and the challenges awaiting it in the next millennium. It assesses changes in the student population, the role of faculty, spending patterns, government support, the role of intercollegiate athletics, the nature of presidential leadership, and the impact of technological change. This volume is a call to educators, parents, and taxpayers alike to enter into a dialogue about the future directions of higher education that they are willing to support. Because in the last few decades higher education has attempted to extend both its reach and scope despite the finite nature of resources at its disposal, the new millennium will mark a time when colleges and universities must clearly delimit and prioritize their goals. This volume is a call to educators, parents, and taxpayers alike to enter into a dialogue about the future directions of higher education that they are willing to support. The role of higher education in a high-tech, interdependent world economy has never been more important than it is today. Yet, never before has its future been so cloudy. Changes in the nature of the student population, tuition increases that consistently outpace the cost of living, increasing conflict between faculty and administration personnel, attacks on tenure, the professionalization of collegiate sports, and political attacks and threats to state funding are all transforming an institution in ways that are, as yet, uncertain at best. This volume reviews the source and impact of change on today's colleges and universities. Leading scholars contribute chapters on specific aspects of collegiate life and the way internal and external forces are changing the scope and function of higher education.

Fixed David Porter,2000-02-25 Using extensive background research as well as interviews with the principal characters, Fixed provides the first in-depth reconstruction of the point-shaving scandal involving the 1978-1979 Boston College basketball team, from the genesis of the plot in the summer of 1978, through the uncovering of the scheme during an unrelated investigation in 1980, to the trial that captivated the sports world in the fall of 1981 and its aftermath. This multi-layered story of greed and betrayal combines sports, gambling, and the Mafia into an irresistible morality tale with a modern edge.

Dating Torrential Processes on Fans and Cones Michelle Schneuwly-Bollschweiler,Markus Stoffel,Florian Rudolf-Miklau,2012-07-15 This book provides a detailed overview on methods used for the dating of past torrential activity on fans and cones and fosters the discussion on the impact of past and potential future climate change on torrential processes. The book has a clear focus on the practical applications of these methods, complemented by case studies. The limits of each dating method in case of excessive natural and human interventions on fans and cones are shown.

The Boston Globe Index ,2002

PMI, Photo Methods for Industry Augustus Wolfman,1963 Beginning with 1960, includes an additional October issue called Directory (varies slightly)

Scoreboard, Baby Ken Armstrong,Nick Perry,2010-09-01 Go behind the scenes of the 2000 Huskies' Cinderella story to discover a timeless morality tale about the price of obsession, the creep of fanaticism, and the ways in which a community can lose even when its team wins.

When Football Went to War Todd Anton,Bill Nowlin,Marv Levy,2013-10-01 More than any other sport, professional football contributed fighting men to the battles of World War II, and the 22 or so players or former players that lost their lives are among the riveting stories told in this tribute to football's war heroes that spans many decades and military conflicts. The National Football League counts three Congressional Medal of Honor recipients among its honors, along with numerous Silver Stars, Distinguished Flying Crosses, and Purple Hearts. When Football Went to War offers a ground-breaking look at football—college and professional football alike—and many of the wartime heroes who came off the field of play to fight for their country. Detailed biographies of those who gave their lives are supplemented by many other stories of wartime heroism, from World War I through to Pat Tillman's tragic death in the Global War on Terrorism. Football has become the most popular sport in America and this heartfelt book honors the many sacrifices of NFL athletes over the years in service of their country.

The Top Books of the Year Boston College Fan Reflect7 2 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have enthralled audiences this year. Boston College Fan Reflect7 2 : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Boston College Fan Reflect7 2 : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Boston College Fan Reflect7 2 : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
