Boston Anthony Mitchell Sammarco, 2013-09-16 Oliver Wendell Holmes coined the Massachusetts State House as the “Hub of the Universe.” In *Boston: A Historic Walking Tour*, readers are guided on a series of downtown walking tours that radiate out from this Boston landmark. Featuring different excursions that explore Boston’s prominent neighborhoods and districts, visitors and natives alike will see how this city has become one of the country’s oldest cultural destinations. Boston’s growth and development in the 19th and 20th centuries has contributed to it becoming the unofficial “Capital of New England”; its economic and cultural impact on the entire New England region is far reaching. Although Boston is known for its notoriously crooked streets and narrow

alleys, it is a mecca for walkers looking to take in historic sites and surround themselves with history. Walk along Tremont, Washington, Beacon, and Summer Streets to explore downtown Boston. Saunter down Beacon Street on Beacon Hill and Boylston Street in the Back Bay to take in the city's most beloved sites.

Freedom Trail: Boston Anna Mantzaris, 2010-07-13 Residents and visitors alike can journey back in time as they follow Boston's 2.1-mile Freedom Trail past twenty-six historic landmarks that embody pivotal events in the formation of America—including the site of the Boston Massacre and the Bunker Hill Monument.

Timeline Books These one-of-a-kind guides allow readers to move through time as never before, bringing them face to face with the people and events behind some of America's most important historical landmarks and locations. No other guidebooks draw so much on the first-hand accounts of those involved in the historic events that transpired in the areas covered—making readers feel as if they are experiencing living history. Each book features:

- * Two popout® maps—a historical map showing the area as it once was; and a modern map marking every stop on the tour and place mentioned in the text.
- * Additional color maps and up to 40-60 photos, both historical and modern
- * An introduction by an expert

that sets the area in historical context * A timeline showing key historical events * A detailed walking tour of the present-day site, interspersed with first-hand accounts interspersed in the text or included as sidebars * Concise and colorful biographies of key historical figures * Where to stay and eat, and places to visit nearby

Walking Tours of Boston's Made Land Nancy S.

Seasholes,2006-09-18 Exploring Boston's past and present: 12 walks that trace the creation of the city's man-made land in the central waterfront, Back Bay, South End, Charlestown, and elsewhere. At its founding, Boston was a small peninsula; over the last 375 years the city has doubled in size by filling in the surrounding tidal flats—areas covered with water at high tide and exposed at low. In *Walking Tours of Boston's Made Land*, historian Nancy Seasholes outlines twelve walks that trace where and why Boston's man-made land was created, and, along the way, uncovers fascinating and little-known pieces of Boston history. In the course of these walks—around the central waterfront, Back Bay, Beacon Hill, the South End, Charlestown, and elsewhere—she shows us how Boston's past is always just below the surface of its present. Each walk is accompanied by a map that shows the route and original shoreline. The walks are illustrated with historical maps, historical photographs and views, and current photographs. All walks are accessible by public transportation.

Boston Women's Heritage Trail Polly Welts Kaufman, 2006

Women have played active, prominent roles in Boston history since the days of Anne Hutchinson - the colonial freethinker who bravely challenged the authority of ruling Puritan ministers in 1638.

Hutchinson's action is only one of more than 200 stories of Boston women told in the newly expanded guidebook from the Boston Women's Heritage Trail. Several maps indicate the sites where

these historic women walked, worked, and lived, while photographs and other illustrations help bring these women to life once again. The updated guidebook will take you on seven walks through seven distinctly different Boston neighborhoods. Hutchinson's story is told by her statue on the grounds of the Massachusetts State House, while Rose Fitzgerald Kennedy's is found at the site of her birthplace in the North End. An underground railway stop on Beacon Hill reveals the dramatic escape of enslaved Ellen and William Craft to Boston. Other trails lead walkers to new statues of Underground Railroad conductor Harriet Tubman in the South End and of Abigail Adams, Lucy Stone and Phillis Wheatley - three women who used the pen for change - portrayed in bronze in the recently dedicated Boston Women's Memorial on Commonwealth Avenue. The Boston Women's Heritage Trail guidebook is a must for visitors, students, and residents of Boston alike. Its lively descriptions show the significant role Boston women played in shaping the history and the future of both Boston and the nation.
