Hessian John Donald A. Walbrecht Ph. D., 2011-07 Captain Johann is an assistant surgeon who has recently returned from the Mexican War. After being chastised by Army Surgeon General Tom Lawson for criticizing poor camp-sanitation practices, he was sent on an inspection trip to camps along the Oregon Trail where cholera and other diseases were spread by forty-niners. In the early '50s, his 4th Infantry Regiment was sent via Panama to Fort Vancouver where he served with Lieutenant U.S. Grant and Captain George McClellan. Still later, he roamed the gold fields to find a missing brother-in-law and to practice proper medicine among gold seekers who were poorly served by medical charlatans. In the mid-'50s, he returned to Europe, serving with the U.S. Observer Team at the Crimean War where he learned more about sanitation from Florence Nightingale. Finally, he returned to his Hessian hometown where he was again captured by his pursuers who served the Baron Horst von Biebertal.

How to Shoot Video That Doesn't Suck Steve Stockman, 2011-01-01 Offers step-by-step instructions for making films and videos with tips, personal anecdotes, and exercises.

Adventures of an Eccentric Janet D. Porter, 2020-11-27 ABOUT THIS BOOK Thriller doesn't describe it! People live all sorts of lives but few as exciting as portrayed here. The author's short stories go from entertaining murderers and gang members to scary dating moments with a potential rapist; only to find love with someone she met

300 years prior. Sharing her work as a psychiatric social worker gives us many real life experiences one can only hope to avoid in one's own life. Yet some situations are encouraging as she helps others survive. The details of her descriptions are amazing as she paints us pictures so vivid we can shut our eyes and see the little gray sausage-like curls and round steel framed glasses on Mrs. Waddell. Whoever wrote a poem about MY ZIT? Different times in history are clearly described from when the little lady of the plantation threw the Yankee soldier over the fence to land in a mud puddle surrounded by snorting pigs. What does one do when facing the jagged glass ends of a broken beer bottle handled by a furious man 6'3 tall? Who ever dared to foster a former heroin pusher? Does anyone in your family vividly remember the details about our perspective of WWII? The author lived in the only city in the U.S. that housed an active army Overseas Replacement Depot. She even remembers the blue cellophane that covered the flashlights of the Air Raid Wardens. This writing covers: humor, adventure, religion, history, law, education, philosophy, psychology, parapsychology, parenting, drama, and much more. Call her crazy: call her eccentric. She lived, loved, DARED, and wrote to tell about it. You will enjoy plenty of laughs! R. Charles Guenther, retired school administrator

TIME FOR TRUTH: Antonio Bellino tells it as it is/ Don Cameron and Antonio Bellino Don Cameron,2017-03-14 Time For Truth is the story of Brisbane's so-called infamous Mafia Don, Antonio Bellino, named by the Fitzgerald Inquiry as one of five people of interest who were allegedly involved in corrupting the Queensland Police Force. On 12 May 1987, Antonio was accused of involvement in: drugs, prostitution, illegal gambling, corrupting police, sly grog, kidnapping children, Mafia connections and smuggling birds overseas. Antonio was flabbergasted, Are you serious? Even Capone didn't do all these things! The Fitzgerald Inquiry took two and a half years to complete. Antonio was never charged and is still waiting for his name to be cleared. Antonio Bellino's story is powerful as it is starkly relevant to this day. It is sometimes amusing, often violent, it highlights some of this country's double standards of race priority and tall poppy successes as well as the age-old injustice of 'guilt by association'.

First to Fight Steven T. Tom, 2019-09-20 Five days after the outbreak of World War I in the summer of 1914, American Kiffin Rockwell was on a ship headed for France. The United States would not join the war for nearly three years, but Rockwell believed it was time to fight. He joined the elite French Foreign Legion and was soon fighting in the trenches of the Western Front. A combat wound in 1915 rendered him unfit to fight on the ground, so Rockwell volunteered to fight in the air, becoming a charter member of the soon-to-be legendary Lafayette Escadrille, a fighter squadron of volunteer American pilots. In May 1916, Rockwell became the first pilot to score a victory for the new unit when he shot down a German plane. He was wounded in the skies over Verdun but refused hospitalization, insisting on remaining in the air. He flew more missions with the Lafayette Escadrille than any other pilot until his death in aerial combat in September 1916. *First to Fight* is a high-octane drama of a remarkable soldier and pilot who fought in the trenches and in the skies during World War I. It is the story of one of the first American fighter pilots at the dawn of aerial combat, the era of the Red Baron, with dogfighting biplanes high above the trench lines. But more than a World War I story, more than an aviation story, this is the story of an idealist who volunteered—long before his country drafted its first soldier—to fight, and ultimately die, in defense of civilization.
