Bowman of Wellwood Nina Jamesine, 2019-03-25

Bowman Leafwing is always flying himself right into trouble. In an idyllic forest haven, a young wood sprite must make his own adventures, and Bowman does so by sneaking out at night to fly in the dark. After a race with his friends is interrupted by an owl, Bowman makes a discovery that the village of Wellwood hasn't seen in generations. Giant beings right out of the legends have moved into the forest, and though Bowman was once proud of his lofty four inch height, these newcomers tower over even him. Curiosity and miscommunication land Bowman in trouble, and he is left wondering: are these humans enemies, or are they allies?

Scotty Ken Dryden, 2020-10-27 NATIONAL BESTSELLER

A hockey life like no other. A hockey book like no other. Scotty Bowman is recognized as the best coach in hockey history, and one of the greatest coaches in all of sports. He won more games and more Stanley Cups than anyone else. Despite all the changes in hockey, he coached at the very top for more than four decades, his first Cup win and his last an astonishing thirty-nine years apart. Yet perhaps most uniquely, different from anyone else who has ever lived or ever will again, he has continuously experienced the best of hockey since he was fourteen years old. With his precious standing room pass to the Montreal Forum, he saw Rocket Richard play at his peak every Saturday night. He saw Gordie Howe as a seventeen-year-old just starting out. He scouted Bobby Orr as a

thirteen-year-old in Parry Sound, Ontario. He coached Guy Lafleur and Mario Lemieux. He coached against Wayne Gretzky. For the past decade, as an advisor for the Chicago Blackhawks, he has watched Sidney Crosby, Alex Ovechkin, and Connor McDavid. He has seen it all up close. Ken Dryden was a Hall-of-Fame goaltender with the Montreal Canadiens. His critically acclaimed and bestselling books have shaped the way we read and think about hockey. Now the player and coach who won five Stanley Cups together team up once again as Dryden gives his coach a new test: Tell us about all these players and teams you've seen, but imagine yourself as their coach. Tell us about their weaknesses, not just their strengths. Tell us how you would coach them and coach against them. And then choose the top eight teams of all time, match them up against one another in a playoff series, and, separating the near-great from the great, tell us who would win. And why. Scotty is about a life—a hockey life, a Canadian life, a life of achievement. It is Scotty Bowman in his natural element, behind the bench one more time.

Gateway to the Majors James P. Quigel,Louis E. Hunsinger,2001 Although many people know Williamsport, Pennsylvania, as the birthplace of Little League Baseball, it is a city with a rich professional baseball tradition. Since the earliest days of the Pennsylvania State Association in the nineteenth century, professional minor league baseball has flourished in Williamsport, and over the years hundreds of

players and managers have passed through historic Bowman Field on their way to the major leagues, including Jim Bunning, Ferguson Jenkins, and Nolan Ryan. Gateway to the Majors is a comprehensive history of professional minor league baseball in Williamsport from the earliest days up until the present. This book breaks new ground by weaving in social history and collective biography to capture the essence of the minor league experience in one city. Drawing upon local Williamsport newspapers, extensive oral histories of former players, baseball administrators, boosters and fans, rare photograph collections, and primary source material from the Baseball Hall of Fame Library and Archives, Gateway to the Majors reconstructs the totality of the professional baseball experience. Beyond chronicling the seasons, this book sheds light on the contributions of Williamsport native Tommy Richardson as a pioneering minor league administrator and promoter of the game. The accompanying appendix of former Williamsport players who played in the Major Leagues is a valuable reference tool for baseball historians. This book also illustrates how the city's relationship with baseball forged a distinct civic identity and national reputation as Baseball Town, USA.

Star Wars: Light of the Jedi (The High Republic)

Charles Soule, 2021-01-05 #1 NEW YORK TIMES

BESTSELLER • Long before the First Order, before the Empire, before even The Phantom Menace . . .

Jedi lit the way for the galaxy in The High Republic It is a golden age. Intrepid hyperspace

scouts expand the reach of the Republic to the furthest stars, worlds flourish under the benevolent leadership of the Senate, and peace reigns, enforced by the wisdom and strength of the renowned order of Force users known as the Jedi. With the Jedi at the height of their power, the free citizens of the galaxy are confident in their ability to weather any storm But the even brightest light can cast a shadow, and some storms defy any preparation. When a shocking catastrophe in hyperspace tears a ship to pieces, the flurry of shrapnel emerging from the disaster threatens an entire system. No sooner does the call for help go out than the Jedi race to the scene. The scope of the emergence, however, is enough to push even Jedi to their limit. As the sky breaks open and destruction rains down upon the peaceful alliance they helped to build, the Jedi must trust in the Force to see them through a day in which a single mistake could cost billions of lives. Even as the Jedi battle valiantly against calamity, something truly deadly grows beyond the boundary of the Republic. The hyperspace disaster is far more sinister than the Jedi could ever suspect. A threat hides in the darkness, far from the light of the age, and harbors a secret that could strike fear into even a Jedi's heart.

Daughter of the Drowned Empire Frankie Diane Mallis, 2022-02-22 19-year-old mage Lady Lyriana Batavia is third in line to the Seat of Power in Bamaria: a position of wealth and privilege, but not safety. Bamaria falls under the rule of the Lumerian Empire, survivors of a celestial war whose island sank in the Drowning. Now all

Lumerians submit to the Emperor and his strict laws about magic. He decides what magic can be practiced and what powers remain forbidden. He decides who will die for possession of forbidden magic. Lyr's own cousin was executed for wielding the wrong kind. And for years, Lyr has sworn to protect her older sisters, helping them conceal their own illicit magic. But when Lyr must participate in the ceremony that reveals her power, she uncovers something else entirely. Something that means banishment from the Empire. Faced with death in exile, and leaving her sisters behind, Lyr has no choice but to accept a deadly contract. She has seven months to train as a warrior and pass the Emperor's brutal test of strength—all without magic. But when she's forced to train with Lord Rhyen Hart, the man she's secretly loved since she was a girl—a feared warrior in exile himself, forbidden to her in every way—she's in danger of losing far more than her family, life, and country. Rebel forces, and an invading army, are destabilizing Bamaria, just as her family's secrets threaten to reveal themselves. Surviving the training, and saving her sisters may mean sacrificing her own heart.

A Lady's Formula for Love Elizabeth Everett, 2021-02-09 What is a Victorian lady's formula for love? Mix one brilliant noblewoman and her enigmatic protection officer. Add in a measure of danger and attraction. Heat over the warmth of humor and friendship, and the result is more than simple chemistry--it's elemental. *Lady Violet* is keeping secrets. First, she founded a clandestine sanctuary for England's most brilliant female scientists. Second, she is using her genius on a confidential mission for the Crown. But the biggest secret of all? Her feelings for protection officer Arthur Kneland. Solitary and reserved, Arthur learned the hard way to put duty first. But the more time he spends in the company of Violet and the eccentric club members, the more his best

intentions go up in flames. Literally. When a shadowy threat infiltrates Violet's laboratories, endangering her life and her work, scientist and bodyguard will find all their theories put to the test--and learn that the most important discoveries are those of the heart.

Schneider Family Book Award: Best Middle Grade Honor Book! Highly-acclaimed author of *Caterpillar Summer*, Gillian McDunn explores boyhood in a funny, big-hearted story about a kid trying to find the best way to be his best self. Elliott isn't sure where he fits in. Ever since his best friend moved away and his dad and stepmom announced the arrival of their new baby, he's been feeling invisible. Plus his dad just doesn't seem to understand what having ADHD really feels like, or why cooking is the one activity where Elliott's mind clicks into place. When he's paired with the super smart and popular Maribel for a school project, Elliott worries she'll be just another person who underestimates him. But Maribel is also looking for a new way to show others her true self and this project could be the chance they've both been waiting for.
