The Classic FM Family Music Box Tim Lihoreau,Sam Jackson,2019-09-17 The Classic FM Family Music Box is the perfect introduction to the world of classical music. Featuring beautiful hand-drawn illustrations and 8 sound-chip buttons that play short bursts of iconic pieces of music, this unique book brings to life some of the greatest composers throughout history. Readers will be introduced to the genius of legendary artists such as Mozart, Bach, Beethoven, Brahms, Elgar, Handel, Verdi, Vivaldi and Strauss, and will experience their lives, inspirations and music as never before. In addition to high-quality sound chips, a unique QR code allows access to a bespoke landing page on Classic FM's website allowing readers to listen to full versions of the music featured in the book.

Directory of Contemporary American Musical Instrument Makers Susan Caust Farrell,1981 This unique reference book is a compendium of makers and manufacturers of every variety of musical instrument made in the United States today. It provides names and addresses of instrument makers indexed alphabetically. Each entry gives all known information on the total and annual number of instruments the maker has produced, the number of workers in the shop, the year the individual or firm began manufacturing instruments, whether the instruments are available on demand or made to order, and whether a brochure is available from the maker. Complete cross-references are provided for companies known by more than one name, for partnerships, and for parent and subsidiary firms. Instruments are also indexed, and makers are listed by state for the convenience of the reader. Lists of schools of instrument making and relevant organizations and publications are included as appendixes. The directory will serve two major purposes. First, it will be an invaluable source of information for historians and for the rapidly growing number of collectors of musical instruments, who will be able to use the data gathered here in appraising instruments and tracing their history. The second purpose is simply to increase communication among instrument makers and to make their names available to retail and wholesale outlets for their products.
