Fight Sports and the Church Richard Wolff, 2021-02-12 Fighting sports may seem at odds with Christian tradition, yet modern ministries have embraced them as a means for evangelism and social outreach. While news media often sensationalize fighting sports, churches see them as a way to appeal to male congregants, presenting a peace-loving yet tough model of discipleship. From martial arts programs at suburban churches to urban boxing ministries geared towards at-risk youth, this book examines the substantial history of church sponsored training in combat sports, and presents arguments by Christian ethicists about their compatibility with church teachings and settings. Interviews with boxing and martial arts ministry leaders describe their programs and the relationship between fight sports and faith.

On Boxing Joseph D Lewandowski, 2021-10-03 This book is a philosophical and cultural critique of contemporary boxing. It broadens and deepens our understanding of the empirically and normatively entwined complexities of a sport that is often misunderstood and all too easily reduced to stereotypes. Moving between and among work in ethnography, sociology, urban studies and, especially, the philosophy of sport, and drawing on research in boxing gyms in the US, the book presents a stereoscopic view of professional boxing as both situated cultural practice and formalized competitive sport. It takes us

inside and outside the ring in discussions of the cultural embeddedness of boxing and boxing gyms, the formation of pugilistic selfhood and 'boxer cool', the nature and function of combat sport violence and sparring, and the aesthetics and ethics of cornering a boxing match. With its interdisciplinary focus on the empirical and normative dimensions of professional pugilism, *On Boxing* makes explicit the bittersweetness of the 'sweet science' and provides a new theoretical framework for analysing boxing and, indeed, sport in general. Written for a broad audience, this is important reading for scholars and students working in the areas of philosophy and sociology of sport and combat sport studies, as well as policy makers, coaches, and commentators engaged in the sport of boxing.

Tapped Out Matthew Polly, 2012-10-02 An aging amateur takes his shot at glory in the world of mixed martial arts. As a younger man, Matthew Polly traveled to the Shaolin Temple in China and spent two years training with the monks who had invented the ancient art of kung fu. Fifteen years later, his weakness for Chinese takeout and Jack Daniel's had taken its toll. Firmly into middle age and far removed from his past athletic triumphs, Polly decided to risk it all one last time. Out of shape and over the hill, he jumped headlong into the world of MMA. In *Tapped Out*, Polly chronicles his grueling yet redeeming two-year journey through an often misunderstood sport. From Thailand to Russia, Manhattan to Las Vegas, Polly studied with the best trainers, concluding with a six-month fight camp at Randy Couture's legendary gym. He explores the history of fighting sports and joins a fascinating subculture of men who roll around on sweaty mats with one another in appreciation of the purity of contained combat. And in the end, Polly straps on the gloves, gets into the cage, and squares off with a fighter fifteen years younger. An honest and humorous look at a hard-core sport, *Tapped Out*

is a fascinating look into the fastest growing sport in America and what it takes to be an MMA fighter.

Many boxing fans are familiar with the outcome of the most memorable bouts, but few know the secrets surrounding them. In 'The 12 Greatest Rounds of Boxing',

With World War II looming, was German heavyweight champion warned by Adolf Hitler to beat Joe Louis - or else?
