Measures for Clinical Practice and Research, Volume 1 Kevin Corcoran, Joel Fischer, 2013-05-01 One of the key challenges of all types of practice and research is finding a way to measure the problem. This seminal 2-volume book contains hundreds of the most useful measurement tools for use in clinical practice and in research. All measures are critiqued by the editors, who provide guidance on how to select and score them and the actual measures are wholly reproduced. *Anatomy of a Boyfriend* Daria Snadowsky, 2008-09-23 Like [Judy Blume's] *Forever*, this sensitive, candid novel is sure to find a wide audience among curious teens.--Booklist Before this all happened, the closest I'd ever come to getting physical with a guy was playing the board game Operation. Okay, so maybe that sounds pathetic, but it's not like there were any guys at my high school who I cared to share more than three words with, let alone my body. Then I met Wes, a track star senior from across town. Maybe it was his soulful blue eyes, or maybe my hormones just started raging. Either way, I was hooked. And after a while, he was too. I couldn't believe how intense my

feelings became, or the fact that I was seeing—and touching—parts of the body I'd only read about in my Gray's Anatomy textbook. You could say Wes and I experienced a lot of firsts together that spring. It was scary. It was fun. It was love. And then came the fall. Daria Snadowsky's unflinching dissection of seventeen-year-old Dominique's first relationship reveals the ecstasy and the agony of love, and everything in between. [Snadowsky] deals in modern terms with the real issues of discovering sex for the first time . . . in a responsible way.--SLJ

*Date Him Or Dump Him? The Dance Dilemma* Cylin Busby, 2007-07-24 As a teenaged girl trying to find a date for the high school dance, the reader makes choices to determine the outcome of the story.

*Lasagna Lady Mysteries Books 1 and 2* Doris Hay, 1901 Who'd have thought lasagna could change a lady's life? Join Luella Genova as she makes new friends, bakes her world-famous lasagna... oh, and solves a couple of murders while she's at it. This two-book collection includes the mystery novels *Murder at Meadowlark* and *Murder at Marketfresh*. *Murder at Meadowlark*: When Luella Genova arrives at Meadowlark Retirement Residence, a woman has just died—not an uncommon occurrence in a home for seniors, but Luella smells a rat. Even the old woman's family is satisfied to believe that she died of natural causes, but that only makes Luella more suspicious. The only way to prove it was murder... is to find the killer! *Murder at Marketfresh*: When Luella Genova witnesses a hit-and-run in the parking lot of the MarketFresh superstore, it isn't her first brush with murder. It is, however, the first time she's witnessed the death of a teen. What does it take to solve such a crime? A mischievous husky dog, an entrepreneurial high school student, and a lasagna lady with a whole lotta heart! *Murder at Meadowlark* and *Murder at Marketfresh* are the first two books in the *Lasagna Lady Mysteries* series.

*Murder at MarketFresh* Doris Hay, 2018-05-27 What does it take to solve a murder in a supermarket parking lot? A mischievous husky dog, an entrepreneurial high school student, and a little lasagna lady with a whole lotta heart! When Luella Genova witnesses a hit-and-run in the parking lot of the MarketFresh superstore, it isn't her first brush with murder. It is, however, the first time she's witnessed the death of a teen. Grace Tangoco was a determined young woman working three jobs to pay for university. Her classmates and coworkers loved her, and yet nobody knew her all that well. Nobody but her secret boyfriend, who mysteriously disappeared after the hit-and-run. Who could have killed such a kind and hard-working young girl? The police are investigating, sure, but this case can only be cracked by Luella the Lasagna Lady and her business partner Chandelle "Garlic Bread Girl" Jervais. After all, they're the only two people who know about the teenager's haunting last words. Book Two in the *Lasagna Lady Mysteries* series.

**Resilience in Action** Linda Liebenberg, Michael Ungar, 2008-06-28 Mental health specialists and researchers contend that the development of resilience in youth is facilitated at several levels. Relational, cultural, individual, and governmental factors all have a strong influence over the mental well being of young people. Resilience in Action looks at youth interventions with a view to fostering resilience in those living in adverse situations and conditions. In order to provide a practical approach to the issue, the essays in this volume explore the components of successful interventions, encouraging the transmission of effective practices from one community to another across borders. It is organized into four sections, each dealing with a different aspect of work with at-risk youth. The first section focuses on individual health and the ways in which intervention and therapy strengthen personal resources. The second section explores the dynamics of interventions in relation to specific contexts and localized relationships, emphasizing holistic approaches to youth work. A review of the cultural relevance of resilience follows in section three, and the fourth considers ways of increasing the accessibility to resources that encourage healthy development. Featuring contributors from a variety of academic and cultural backgrounds, Resilience in Action offers diverse answers to many of the persistent questions mental health professionals ask regarding how to enhance resilience.

**Reconceptualizing Children's Rights in International Development** Karl Hanson, Olga Nieuwenhuys, 2013 Scholars from a range of different disciplines explore how best to implement children's rights.

**Comparative Perspectives on Early School Leaving in the European Union** Lore Van Praag, Ward Nouwen, Rut Van Caudenberg, Noel Clycq, Christiane Timmerman, 2018-03-15 Early School Leaving in the European Union provides an analysis of early school leaving (ESL) in nine European Union countries, with a particular focus on young people who were previously enrolled in educational institutions inside and outside mainstream secondary education. The comparative approach employed by this volume adds to the existing body of knowledge on ESL and develops an understanding of how young people navigate through different educational systems. Contributors acknowledge the importance of reconstructing educational trajectories from the perspective of the individuals involved and, as a result, the book includes data collected during in-depth interviews, surveys, and insights from educational professionals, policymakers and representatives from civil society organisations. Adopting a classic tripartite approach, which acknowledges the complex nature of ESL, the book addresses individual, institutional and systemic factors. It identifies and analyses the prevention, intervention and compensation measures that can succeed in supporting young people's attainment, and demonstrates how these can be used to reduce ESL. This unique book will be highly relevant for academics, researchers and postgraduate students, as well as educational practitioners. Drawing on the insights provided by the authors, the book formulates policy recommendations that should also be of interest for policymakers in European countries and beyond.

**Ex-Rating** Natalie Standiford, 2008-12-21 The Dating Game has gotten too hot to handle--at least for the school principal and parents. When a controversy erupts after exes begin rating each other, the Dating Game is banned from the school's computers. But Mads, Lina, and Holly aren't giving up without a fight.

*The Paper House* Dorothy Minchin-Comm,2012-02-15 The Paper House is neither an account of soul-stirring achievement nor heart-rending abuse. Rather, it simply records the adventures of a child occupied with the business of growing up.

**Growing Up Fast** Bonnie J. Ross Leadbeater,2014-03-05 The first edition of Growing Up Fast attempted to counter the stereotype of poor, minority adolescent mothers and describe the diversity of their educational, work, parenting, and relationship experiences. The volume followed a strengths-based approach to understanding why some mothers appeared resilient to the stresses of early parenting, compared to their peers, and what obstacles undermine resiliency for some of these young women. We hear their stories in their own words. We also see how many disadvantaged mothers go on to succeed in school, work, and parenting while avoiding many of the risk associated with teen parenting . The research is based on a six-year study of 120 young disadvantaged mothers and their children from New York City. It uniquely combines the analysis of longitudinal questionnaire data with qualitative analysis of extensive interviews conducted with these women focusing on the first six years after their child was born. A past winner of the Society for Research on Adolescence best book award, Growing Up Fast is a fascinating study of human resilience that will continue to be recognized for its contribution to individuals involved in program development and policymaking with teenage parenting. A new introductory chapter to the book suggests that we can look at the previous findings through a new lens that emphasizes not only the diversity of outcomes for young mothers and the sources of their strengths, but also asks what we can learn from these women about supporting their educational and work goals, as they transition to adulthood. New attention to emerging adulthood shows that this is a critical stage of life when the foundations for health and healthy life styles are laid down. Developmental tasks of this phase include building the capacity for financial and residential independence through post-secondary education and job training, and establishing stable sources of support from parents, romantic partners, and peers for all youth. Leadbeater addresses the societal changes that make these tasks particularly salient for young women and focuses attention on how we can support youth who make this transition with children.

*When Your Past Is Hurting Your Present* Sue Augustine,2005-08-01 Bestselling author Sue Augustine leads the reader along a clear, manageable path to reconciliation with a painful past. My Invisible Boyfriend Susie Day,2012-08-02 Geeky fangirl Heidi, 15, has a great fantasy life thanks to her TV and her laptop - and no wonder, when she's stuck at the boarding school for crazy drop-outs where her parents teach, with only a cake-shop Saturday job to escape to.
