Busted! Ali Cudby,2011-11 Forget everything you thought you knew about your bra size. It's wrong. As Ali Cudby explains in her new book, **Busted! The Fab Foundations Guide to Bras that Fit, Flatter and Feel Fantastic**, the secret to finding your ideal bra is to stop measuring for bra size, and begin to focus on fit. Wearing the right bra is not just a matter of fashion - it's a matter of health and self-esteem. And yet 70-85% of women are wearing the wrong bra size. Even women who know their bras are uncomfortable and ill-fitting grab the same size over and over again, hoping for a different result. Debunk the three biggest myths of bra sizing. Myth 1: You don't fit. That is simply not true. Bras come in sizes that range from AAA to N, so there is a bra out there for virtually everybody, and this book tells you how to find it. Myth 2: Once you find your bra size, you are done. In fact, bra size is a moving target. Ask any growing teenager, new mother, or mature woman. Bodies change and bra sizes right along with them. Myth 3: It's easy to find your bra size. Simply put--it's not. If you have ever adjusted a slipping bra strap, felt uncomfortable in your bra, or wished for a better silhouette, then you know that the quest for the ideal bra can feel hopeless. By combining deep knowledge and the easy humor that has made Ali one of the foremost experts in her field, **Busted!** is essential reading for anyone

who wants to look and feel better in her clothes and her body - every day.

Breast Health and Bra Comfort Geoff Kirby, 2014-05-13 Breast Health and Bra Comfort by Geoff Kirby has been inspired by his discovery that 80% of women are wearing the wrong size bra. Of these as many as 60% are suffering discomfort, breast pain, have multiple cysts and some even develop breast cancer. Giving up wearing a bra benefits sufferers of breast cysts and breast pain. As a result of casting off their bras ladies reported improvements in breast health typically saying Leaving off my bra has given me back my freedom. My breast pain has gone. Worry has stopped and I'm enjoying life more. However, given the pressures from the bra advertising industry most women will probably not cast off their bras despite the benefits. Given this huge urge to conform and wear a bra how can you find that perfect bra that won't pinch, strangle and possibly make you ill? Geoff Kirby has tested over twenty bra sizing online guides and has found most of them to be unreliable - some to the point of being useless. In addition, large discrepancies can exist in bra size and comfort from bras having the same size on the label. This is 'vanity sizing' where some bra manufacturers deliberately put the wrong sizes on bras to fool the wearer into thinking she is slimmer and has more 'sexy' breasts. Geoff introduces a new, simple bra sizing guide which will help you find a bra which can be comfortable, attractive and reduce your health risk.
