*Pretty Is* Maggie Mitchell,2015-07-07 [A] stunning, multilayered debut . . . with a great deal of intelligent, beautifully written panache. . . . What a satisfying novel, with its shifting perspectives and competing stories and notion that our relationship to the truth changes with time and distance. -The New York Times A fiercely imagined fiction debut in which two young women face what happened the summer they were twelve, when a handsome stranger abducted them Everyone thought we were dead. We were missing for nearly two months; we were twelve. What else could they think? -Lois It's always been hard to talk about what happened without sounding all melodramatic. . . . Actually, I haven't mentioned it for years, not to a goddamned person. -Carly May The summer precocious Lois and pretty Carly May were twelve years old, they were kidnapped, driven across the country, and held in a cabin in the woods for two months by a charismatic stranger. Nearly twenty years later, Lois has become a professor, teaching British literature at a small college in upstate New York, and Carly May is an actress in Los Angeles, drinking too much and struggling to revive her career. When a movie with a shockingly familiar plot draws the two women together once more, they must face the public exposure of their secret history and confront the dark longings and unspeakable truths that haunt them still. Maggie Mitchell's *Pretty Is* beautifully defies ripped-from-the-headlines crime story expectations and announces the debut of a masterful new storytelling talent.

*Death of Anton* Alan Melville,2017-12-05 Mystery crime fiction written in the Golden Age of Murder Readers in search of escapist entertainment need look no further. -Publishers Weekly 'There's more crime going on in Carey's Circus than in the whole underworld of London. Theft, immorality, blackmail—you'll find all the pretties here.' Seven Bengal tigers are the star attraction of Carey's Circus. Their trainer is the fearless Anton, whose work demands absolute fitness and the steadiest of nerves. When Anton is found lying dead in the tigers' cage, it seems that he has lost control and been mauled by the tigers—but Detective-Inspector Minto of Scotland Yard is not convinced. Minto's investigations lead him deep into the circus world of tents and caravans, clowns and acrobats, human and animal performers. No one is above suspicion. Carey, the circus-owner with a secret to hide; Dodo, the clown whose costume is scratched as if by a claw; and Lorimer, the trapeze artist jealous of his flirtatious wife—all come under Minto's scrutiny as the mystery deepens. This amusing and light-hearted novel from the golden age of British crime writing has long been neglected, and this new edition will help to restore Melville's reputation as an author of extremely entertaining detective fiction.

*Loaded Guns* Larry Scott,1991

*Life After You* Lucie Brownlee,2015-09-03 'He crashed on to the pillow next to me, heavy as a felled oak. I slapped His face and told Him to wake up. Our daughter, B, appeared in the doorway, woken up by the screaming – I must have been screaming but I don't remember – and she was crying and peering in. I told her the ultimate adult lie; that everything was all right.' Sudden death is rude. It just wanders in and takes your husband without any warning; it doesn't even have the decency to knock. At the impossibly young age of 37, as they were making love one night, Lucie Brownlee's beloved husband Mark dropped dead. As Lucie tried to make sense of her new life – the one she never thought she would be living – she turned to writing to express her grief. *Life After You* is the stunning, irreverent and heartbreakingly honest result.

*Little Girl Gone* Gerry Schmitt,2016-07-05 In the first Afton Tangler thriller, the unforgiving cold of a Minnesota winter hides the truth behind an even more chilling crime... On a frozen night in an affluent neighborhood of Minneapolis, a baby is abducted from her home after her teenage babysitter is violently assaulted. The parents are frantic, the police are baffled, and, with the perpetrator already in the wind, the trail is getting colder by the second. As family liaison officer with the Minneapolis P.D., it's Afton Tangler's job to deal with the emotional aftermath of terrible crimes—but she's never faced a case quite as brutal as this. Each development is more heartbreaking than the last and the only lead is a collection of seemingly unrelated clues. But, most disturbing of all, Afton begins to suspect that this case is not isolated. Whoever did this has taken babies before—and if Afton doesn't solve this crime soon, more children are sure to go missing . . .
