Paula Deen's Savannah Style Paula Deen, Brandon Branch, 2010-03-27 With its lush gardens, stately town houses, and sprawling plantations, Savannah is the epitome of old Southern style, and who better to give you the grand tour than Paula Deen, the city's most famous resident and anointed Queen of Southern Cuisine? In this gorgeous, richly illustrated book, Paula Deen shares a full year of Southern living. Whether it's time to put out your best china and make a real fuss, or you're just gathering for some sweet tea on the porch at dusk, Savannah style is about making folks feel welcome in your home. With the help of decorator and stylist Brandon Branch, you'll learn how to bring a bit of Southern charm into homes from Minnesota to Mississippi. For each season, there are tips on decorating and entertaining. In the spring, you'll learn how to make the most of your outdoor spaces, spruce up your porch, and make your garden inviting. In the summer, things get more casual with a dock party. Sleeping spaces, including, of course, the sleeping porch, are the focal point of this chapter. In the fall, cooler weather brings a return to more formal entertaining in the dining room, and in the winter, attention returns to the hearth, as Paula and her neighbors put out their best silver and show you how they celebrate the holidays. Paula loves getting a peek at her neighbors' parlors, so she's included photographs of some of Savannah's grandest homes. From the vast grounds of Lebanon Plantation to the whimsically restored cottages on Tybee Island, you'll see the unique blend of old-world elegance and laid-back hospitality that charmed Paula the moment she arrived from Albany, Georgia, with nothing but two hundred dollars and a pair of mouths to feed. And she isn't shy about giving you a window into her own world, either. From her farmhouse kitchen to her luxurious powder room, you'll see how Paula lives when she's not in front of the camera. Packed with advice and nostalgia, Paula Deen's Savannah Style makes it easy to bring gracious Southern living to homes north and south of the Mason-Dixon Line.

A Girl From the Past Apollona, He was so stubborn, adamant not to marry the girl he had never encountered with. She was left alone standing at the altar, humiliated. Her betrothed left her alone on their wedding day. Eight years later, they finally locked eyes. In the most stupid place and even more stupid condition. The worst part? He fell in love with her. But nobody is truly perfect, and the rough edges and his reluctance begin to show. Hold on? Or cut him loose? Savannah is torn between the messages from her heart and the logic ruling her head. Three little words. Words Brandon vows to hold in his heart for that someone special. He's never said them; not to anyone. His imperfect home life has taught him the value of caution. He has issues, and he knows it. But a chance meeting with Savannah may just force him to confront them. This young woman might be his perfect fit; if he'd met her five years in the future. Of Wizards and Angels Charles Louis Braai, 2011-10-20 In the late seventeen hundreds and early eighteen hundreds, I was Beethovens prized pupil, if you can believe it. Unfortunately I had to quit him for reasons not concerning music. It was really quite silly. I was supposed to be protecting my good

name. You see, it was rumored that the maestro, Beethoven, was a womanizer and while conducting orchestras he also conducted many affairs with his young female students. In those times, although mostly behind their backs, some men and even some women were referred to as libertines. Of course any man as emotional as Beethoven had to be romantically exotic, but I didn't consider him a libertine; it was just that young women threw themselves at him and he used the opportunities. The saddest part was this remarkable man was almost deaf; in later years, he became almost completely and totally deaf. Yet this man was such a genius, just by reading the written notes, he could hear the music inside his head. Often, he laid his hands on the piano as I played. At times, when I played particularly when we were alone, after he'd closed the piano, thus containing the sound he'd then lay his head down on the piano; by doing so, with his temple held tightly on the lid, it enabled him to hear it fully the way it was meant to be heard. This was done only prudently and only witnessed by certain people as he was embarrassed and, at first, not wanting to admit being deaf. No matter how much relief I'd get by forgetting the music, I never would forget it on purpose. That music is a part of me, more so than my arms and limbs even; the music is more part of me than my perceived beauty or my immortality.
