**Narrating Migration** Sabina Perrino, 2019-11-25 This book reflects on the myriad ways in which forms of exclusion and inclusion play out in narratives of migration, focusing on the case of Northern Italian narratives in today's superdiverse Italy. Drawing on over a decade of the author's fieldwork in the region, the volume examines the emergence of racialized language in conversations about migrants or migration issues in light of increasing recent migratory flows in the European Union, couched in the broader context of changing socio-political forces such as anti-immigration policies and nativist discourse in political communication in Italy. The book highlights case studies from everyday discourse in both villages and cities and at different levels of society to explore these intimacies of exclusion, the varying degrees to which inclusion and exclusion manifest themselves in conversation on migration. The book also employs a narrative practice-based approach which considers storytelling as a more dynamic form of discourse, thus allowing for equally new ways of analyzing their content and impact. Offering a valuable contribution to the growing literature on narratives of migration, this volume is key reading for graduate students and scholars in linguistic anthropology, sociolinguistics, sociocultural anthropology, language and politics, and migration studies.

Russian ladies are very romantic and expect the man not only to bring flowers on the first and consecutive dates, but to also dress the part, pay for dinners, be very gallant, and under no circumstances forget the rules of etiquette.

Russian men like to get their priorities straight and try to put their family first and enjoy life to the fullest. They like to gather and drink with friends. They are convinced that they are stronger sex and the head of the family. Whether that is true is greatly debatable. Daily Humor in Russian Life is the twelfth book of fourteen in a series the author holds very dear to their heart. Like everywhere else men and women are very opposite. This book explores the topic of man vs women in the caricature art form and invites the reader to make their own conclusions as to whether men or women are winning the battle in this book. Music at the Aragonese Court of Naples Allan W. Atlas, 2008-10-30 This book deals with various aspects of musical life at the Aragonese court of Naples, from its establishment in 1442 to its demise in the opening years of the sixteenth century. An opening chapter gives a general historical-cultural background of the court. The author then discusses the royal chapel and its most important members, as well as other important musicians who were in Naples but who had no known ties with the court in an official sense. He goes on to describe the various types of secular music at the court and the music manuscripts compiled in and around Naples. The importance of the book lies in its attempt to synthesize all that is known about music at Naples - both from discovered archival sources and from the scholarly literature of specialized studies. The second part of the book contains a collection of 18 pieces, edited from Neapolitan manuscripts, which illustrate the earlier chapter on the repertory.
