Convenience Store Woman Sayaka Murata,2018-06-12 The English-language debut of one of Japan's most talented contemporary writers, selling over 650,000 copies there, Convenience Store Woman is the heartwarming and surprising story of thirty-six-year-old Tokyo resident Keiko Furukura. Keiko has never fit in, neither in her family, nor in school, but when at the age of eighteen she begins working at the Hiromachi branch of "Smile Mart," she finds peace and purpose in her life. In the store, unlike anywhere else, she understands the rules of social interaction—many are laid out line by line in the store's manual—and she does her best to copy the dress, mannerisms, and speech of her colleagues, playing the part of a "normal" person excellently, more or less. Managers come and go, but Keiko stays at the store for eighteen years. It's almost hard to tell where the store ends and she begins. Keiko is very happy, but the people close to her, from her family to her coworkers, increasingly pressure her to find a husband, and to start a proper career, prompting her to take desperate action... A brilliant depiction of an unusual psyche and a world hidden from view, Convenience Store Woman is an ironic and sharp-eyed look at contemporary work culture and the pressures to conform, as well as a charming and completely fresh portrait of an unforgettable heroine.

Breaking Away From Broken Windows Ralph Taylor, 2018-03-08 In *Breaking Away from Broken Windows* Ralph Taylor uses data on recent Baltimore crime-reduction efforts to attack the 'broken windows' thesis--that is, the currently fashionable notion that by reducing or eliminating superficial signs of disorder (dilapidated buildings, graffiti, incivil behavior by teenagers, etc.), urban police departments can make significant and lasting reductions in crime. Taylor argues that such measures, while useful, are only a partial solution to the problem at hand. His data supports a materialist view: changes in levels of physical decay, superficial social disorder, and racial composition do not lead to higher crime, while economic decline does. He contends that the Baltimore example shows that in order to make real, long-term reductions in crime, urban politicians, businesses, and community leaders must work together to improve the economic fortunes of those living in high-crime areas.

Capturing Contemporary Japan Satsuki Kawano, Glenda S. Roberts, Susan Orpett Long, 2014-08-31 What are people's life experiences in present-day Japan? This timely volume addresses fundamental questions vital to understanding Japan in the first decade of the twenty-first century. Its chapters collectively reveal a questioning of middle-class ideals once considered the essence of Japaneseness. In the postwar model household a man was expected to obtain a job at a major firm that offered life-long employment; his counterpart, the "professional" housewife, managed the domestic sphere and the children, who were educated in a system that provided a path to mainstream success. In the past twenty years, however, Japanese society has seen a sharp increase in precarious forms of employment, higher divorce rates, and a widening gap between haves and have-nots. Contributors draw on rich, nuanced fieldwork data collected during the 2000s to examine work, schooling, family and marital relations, child rearing, entertainment, lifestyle choices, community support, consumption and waste, material culture, well-being, aging, death and memorial rites, and sexuality. The voices in these pages vary widely: They include schoolchildren, teenagers, career women, unmarried women, young mothers, people with disabilities, small business owners, organic farmers, retirees, and the elderly.

Breaking Glass Alec Cizak, 2018-09-07 It's summer, 2016. Chelsea Farmer has awoken from one nightmare into another. Once a call girl with no control over her life, she's lost even more control, becoming another statistic in the opioid epidemic eating America from the inside out. Shacking up with a woman she may or may not be in love with, and three men unaware of just how useless they've become, she participates in home invasions to steal material goods that can be traded for pills or, even better, heroin. In between hits, the gang finds other ways to scrape together money, such as getting paid to march in a protest-turned-riot against presidential candidate Donald Trump. As the habit increases, calls for more crimes to feed it, the boys get increasingly violent with the victims of their home invasions. How long will it be before they actually kill a homeowner who refuses to cooperate? Chelsea must decide whether or not she's willing to hang around and find out. Praise for *BREAKING GLASS*: "Alec Cizak hits streets we don't want to live on and he hits them hard. For a writer as good as Cizak, that isn't enough. *Breaking Glass* is the story of an addict who stumbles into a chance at recovery only to have her past come back on her. Can she redeem herself while maintaining her newfound peaceful self? This book raises brutal questions and gives the answers it must." —Rob Pierce "Alec Cizak continues to tap into the bleakness of modern life that he did with *Down on the Street*. *Breaking Glass* is so dark and troubling it will make you cry for mercy as he joins Poe and Lovecraft in finding new ways to disturb you." —David Nemeth "In addition to containing the single best death scene—ever, in the history of writing—Alec Cizak's *Breaking Glass* paints a condemnation and a begrudging acceptance of our post-PC culture, told through the eyes of Chelsea Farmer, a millennial dope fiend. Part Tom Sawyer and part Alex from *A Clockwork Orange*, Chelsea takes us on a tour of an America where hardcore violence and sickening sexual predation are givens; yet subliminal microaggressions end careers and the definition of rape is as elusive and fluid as a spoon-cooked tab of oxycontin. I was hooked." —Grant Jerkins "Alec Cizak's writing is clean, full of dark humor and pulpy edge; all of which highlights his fast dialogue and faster plot. His expert use of language allows him to build believable, interesting characters and create realistic, though bleak, situations. *Manifesto Destination* and *Down on the Street* solidify his position next to the greatest writers of hard-boiled fiction. Every story he creates is thrilling and compelling." —Marietta Miles

Musical Miles: A Journey Mitch Alden, 2015-03-27 Author and musician Mitch Alden wanted to record a new CD. Months after running a personal best at the 2009 New York City Marathon, he decided a new full-length CD would be his next goal. During an early spring run, however, the marathon bug emerged from winter's grip and took a bite out of him. As he ran, he formed the crazy idea of combining his passion for singing and running into one epic experience: he could record his CD at a friend's studio in Chicago and race the Chicago Marathon immediately afterward. Though he knew he could accomplish each individually, he wondered if his body would be able to withstand the many high-energy days in the studio only to race 26.2 miles when he was done. Alden shares his thoughts in *Musical Miles*, a memoir that is equal parts running, music and life lessons. It covers Alden's four-month training journey for the 2010 Chicago Marathon, exposes the mind of a passionate and driven independent artist, and attempts to answer the question of why we run.

Breaking Rank Norm Stamper,2009-04-27 Opening with a powerful letter to former Tacoma police chief David Brame, who shot his estranged wife before turning the gun on himself, Norm Stamper introduces us to the violent, secret world of domestic abuse that cops must not only navigate, but which some also perpetrate. Former chief of the Seattle police force, Stamper goes on to expose a troubling culture of racism, sexism, and homophobia that is still pervasive within the twenty-first-century force; then he explores how such prejudices can be addressed. He reveals the dangers and temptations that cops face, describing in gripping detail the split-second life-and-death decisions. Stamper draws on lessons learned to make powerful arguments for drug decriminalization, abolition of the death penalty, and radically revised approaches to prostitution and gun control. He offers penetrating insights into the blue wall of silence, police undercover work, and what it means to kill a man. And, Stamper gives his personal account of the World Trade organization debacle of 1999, when protests he was in charge of controlling turned violent in the streets of Seattle. Breaking Rank reveals Norm Stamper as a brave man, a pioneering public servant whose extraordinary life has been dedicated to the service of his community.
