Kate Messner

Breakout Kate Messner,2018-06-05 Told in letters, poems, text messages, news stories, and comics--a series of documents Nora collects for the Wolf Creek Community Time Capsule Project--Breakout is a thrilling story that will leave readers thinking about who's really welcome in the places we call home. Nora Tucker is looking forward to summer vacation in Wolf Creek--two months of swimming, popsicles, and brushing up on her journalism skills for the school paper. But when two inmates break out of the town's maximum security prison, everything changes. Doors are locked, helicopters fly over the woods, and police patrol the school grounds. Everyone is on edge, and fear brings out the worst in some people Nora has known her whole life. Even if the inmates are caught, she worries that home might never feel the same. A Mighty Girl Best Book of the Year

Breakout A.M. Rose,2019-06-03 “BREAKOUT is a thrilling, action-packed ride that is guaranteed to keep your heart pumping and the pages turning!” - Kim Chance, author of the Keeper & Seeker series Six days. That’s the amount of time until Lezah’s execution. She’ll die never knowing what got her locked up in that godforsaken prison in the first place. Her only chance of survival is to escape. Except the monitoring bracelet that digs into her wrist, the roaming AI, and the implant in her neck make freedom close to impossible. Her best chance is to team up with the four other inmates who are determined to break out, even if one of them is beyond gorgeous, annoying—oh, and in for murder. But he has a secret of his own. One that could break Lezah if she finds out, but could also set him free. Figuring out how to work with him and the rest of this mismatched group of criminals is the only way Lezah will survive to see the outside world again. But nothing in this prison is as it seems. And no one.

Pilgrim in the Microworld Neil David, Sr.,David Sudnow,1984-01-01 An exploration of the human mind and body's interaction with the computer in its most compelling form, the video game, focuses on the author's own obsessed immersion in a computer game and its possibilities

Breakout Martin Russ,2000-05-01 On General Douglas MacArthur's orders, a force of 12,000 U.S. Marines were marching north to the Yalu river in late November 1950. These three regiments of the 1st Marine Division--strung out along eighty miles of a narrow mountain road--soon found themselves completely surrounded by 60,000 Chinese soldiers. Despite being given up for lost by the military brass, the 1st Marine Division fought its way out of the frozen mountains, miraculously taking thier dead and wounded with them as they ran the gauntlet of unceasing Chinese attacks.This is the gripping story that Martin Russ tells in his extraordinary book. Breakout is an unforgettable portrayal of the terror and courage of men as they face sudden death, making the bloody battles of the Korean hills and valleys come alive as they never have before. Of interest will be the new PBS American Experience Documentary The Battle of Chosin, which premiered on November 1, 2016.

Breakout Paul Fleischman,2005-02 This National Book Award finalist is now in paperback. Growing up in foster care, Del pens a one-woman play about a Los Angeles traffic jam, providing readers with a backstage pass into a young playwright's psyche as her play parallels her own life.

Super Potato's Galactic Breakout Artur Laperla,2019-08-01 Super Potato is kidnapped by Zort, a space slug who collects rare creatures from across the galaxy. But with the help of Zort's put-upon robot helper, Super Potato stages an outer-space jailbreak.

The Breakout Principle Herbert Benson,William Proctor,2004-03-02 In The Breakout Principle, the bestselling author of The Relaxation Response delivers the ultimate self-help principle--simple instructions to activate a powerful biological trigger that converts conflict and confusion into clarity and extraordinary performance, a state athletes refer to as the zone.

The Breakout Ryan David Jahn,2017-01-31 James Murphy is a Marine Corps sniper. He’s done two tours in Afghanistan. He’s considered an American Hero. And James is out for revenge. Alejandro Rocha, a massively powerful drug kingpin who operates out of La Paz, Mexico, is responsible for James’s sister, Layla’s death, and he intends to make Rocha pay for it. James goes AWOL from his unit and travels to Mexico, ready to enact bloody vengeance, but before he can go through with his plan, he is arrested by the crooked police of La Paz. He’s quickly thrown into a dangerous prison on trumped-up charges. He knows he is marked for death while in this prison and there’s nothing he can do about it. However, there is a group of people who can do something about it. Discovering that James is wasting away in a Mexican prison, the marines in his unit decide to risk court-martial themselves and go AWOL as well, ready to go to war in order to break their brother out. And that’s just the beginning of the mayhem and violence.

Breakout Newt Gingrich,2014-10-07 It is not between the Left and the Right, but between the past and the future. America is on the edge of a breakout. In fact, we are poised for one of the most spectacular leaps in human well-being in history. Pioneers of the future—innovators and entrepreneurs—are achieving breakthroughs in medicine, transportation, energy, education, and other fields that will make the world a dramatically different and better place. Unless the “prison guards” of the past stop them. Every American must choose a side. Will you be a champion of the future or a prisoner of the past? Every potential breakthrough has to get past a host of individuals and institutions whose power and comfort depend on the status quo. These prison guards of the past will strangle every innovation that threatens to change the way things have always been done—if we let them.

Breakout Richard Stark,2017-09-08 A master thief must build a team to escape a correctional center in this fast-paced, hard-boiled crime novel by the author of Firebreak. With Parker locked up and about to be unmasked, Breakout follows his Houdini-like escape from prison with a team of convicts. But when a new heist and new dangers—con artists, snitches, busybodies, eccentrics, and cops—loom among the dark alleys and old stone buildings of the big city to which they’ve fled, Parker soon learns that not all prisons have bars. Praise for Breakout “Fiercely distracting. . . . Westlake is an expert plotter; and while Parker is a blunt instrument of a human being depicted in rudimentary short grunts of sentences, his take on other characters reveals a writer of great humor and human understanding.” —John Hodgman “Stark . . . applies his great wit and dexterous mental skills to a series of . . . ingenious exits and entrances in (what else?) Breakout. . . . Jampacked. . . . He writes with ruthless efficiency.” —Marilyn Stasio, New York Times “Stark invites readers to project themselves onto the always-assured Parker, making him a frighteningly easy sociopath to root for. And watching knowledgeable bad guys ply their shadowy trade under pressure is always fun. An immensely pleasurable entry in the Parker series. . . . Simply put, Breakout is great escapist fiction.” —Booklist,starred review

Writing the Breakout Novel Donald Maass,2002-08-01 Take your fiction to the next level! Maybe you're a first-time novelist looking for practical guidance. Maybe you've already been published, but your latest effort is stuck in mid-list limbo. Whatever the case may be, author and literary agent Donald Maass can show you how to take your prose to the next level and write a breakout novel - one that rises out of obscurity and hits the best-seller lists. Maass details the elements that all breakout novels share - regardless of genre - then shows you writing techniques that can make your own books stand out and succeed in a crowded marketplace. You'll learn to: • establish a powerful and sweeping sense of time and place • weave subplots into the main action for a complex, engrossing story • create larger-than-life characters that step right off the page • explore universal themes that will interest a broad audience of readers • sustain a high degree of narrative tension from start to finish • develop an inspired premise that sets your novel apart from the competition Then, using examples from the recent works of several best-selling authors - including novelist Anne Perry - Maass illustrates methods for upping the ante in every aspect of your novel writing. You'll capture the eye of an agent, generate publisher interest and lay the foundation for a promising career.

impacting lives and entire communities.

Acoustic Breakout Noise From Non-Circular Muffler Shells SH Gowtham Gudimella,2018-04-02 A theoretical treatment of sound transmission through the walls of non-circular muffler shell is done for plane mode transmission within the muffler shell. Non-circular muffler shells include distorted circular (due to the welding seam), elliptical (oval) and flat-oval shells. An analytical formulation has been developed in this thesis in order to predict the breakout noise with the acoustical and structural wave coupling phenomena. First, progressive wave model is chosen. Then, the Transverse Transmission Loss (TTL) is predicted at different frequencies of interest. This formulation is extended to the standing wave model by which results for anechoic, rigid end and open end boundary conditions are obtained. Transverse transmission loss (TTL) predicted, based on the analytical model, is compared and validated with computational results using a commercial 3-D numerical simulation (vibro-acoustic) software package like SYSNOISE. Same model is used for non-circular shell with flat-oval configuration. And also breakout noise obtained from different configurations like circular, elliptical, flat-oval, rectangular and square, all having the same equivalent radius, are compared. Finally, by incorporating effects of finite length of the muffler and end plates, analytical model has been developed for a circular shell. Parametric studies have been done wherever required to evolve the design guidelines which will be helpful for designers.
