#Getsocialsmart Katie Lance,2017 Tired of spinning your wheels when it comes to social media? In this book, I take you through the nuts and bolts of what it takes to create a smart and sustainable social media strategy that will help you grow your business!

Cold Calling for Women Wendy Weiss,2000 Eliminate Telephone terror and turn cold call to cash! Cold calling is a powerful, inexpensive and easy way to develop new contacts and expand resources. In today's market, generating new business requires planning and skill. For over 10 years, Wendy Weiss has been a marketing consultant specializing in cold calling and appointment setting.

No Sleep DJ Stretch Armstrong,Evan Auerbach,2016-11-23 No Sleep is a visual history of the halcyon days of New York City club life as told through flyer art. Spanning the late 80s through the late 90s, when nightlife buzz travelled via flyers and word of mouth, No Sleep features a collection of artwork from the personal archives of NYC DJs, promoters, club kids, nightlife impresarios, and the artists themselves. Club flyers, by design, were ephemeral objects distributed on street corners, outside of nightclubs and concert

halls, in barbershops and retail shops, and were not intended to be preserved for posterity. Through the 90s, they became both increasingly prevalent and more sophisticated as printing technology evolved. Overnight, however, with the advent of the internet, the flyer essentially disappeared, despite it being common at one time for promoters to print thousands of flyers for any given event. Recently, these flyers have become sought-after collector's items.

Land for Love and Money Reid Lance Rosenthal,2012-06-26

Instructional, humorous, and intriguing anecdotes on land and real estate purchase, sale, conservation and management. Chilling warnings of International, Federal, State and local grabs for your real estate and property rights; Agenda 21, Smart-Growth, Regionalism, the EPA and FDIC-not the friends of land and real estate owners. This is an absolutely unique, highly controversial digest of secrets shared by an expert with a forty-two year, 1.5 billion dollar plus career in land. You will laugh, you will frown and you will shake your head in disbelief. These real-life stories, about successes and failures, are packed with essential truths and valuable instruction. Spiritual and financial lessons gleaned from all

facets of land, and land-based real estate transactions, regardless of size, use, or location-from one-third of an acre to thousands. Today's uncertain climate and unstable economic times make these professional secrets invaluable-purchase, sale, value, tax benefit, banking systems, and even the darker facets of federal and state attempts at control-everything is covered here-affording you the opportunity to use the tempest to your advantage. Are you an owner of land or real estate of any size, type or location? A wanna-be owner searching for an inflation safeguard? A haven? Lifestyle change? Security? Nostalgic for the rural roots of your youth? Tax Advantage? Spiritual connection? Family legacy? Forced to sell? These volumes will instruct, entertain, and open your eyes to the joys, and the dangers. The book studies many previously taboo, or ignored subjects you need to know-all critical to your enjoyment of, and profit from, your land and real estate: Agenda 21-The global grab for all private property rights.Mammoth guaranteed real estate profits to banks-all from YOUR pocket and your real estate values. Why your banker says no-what's really happening behind the vault doors. This ain't your mama's appraisal-the rules have changed. When it's time for the seller to sign the dotted line-forget price-let's talk net. Looking under the rocks-due diligence and the P P P P P

Rule can save a wreck. The government is not here to help you- and it might be on purpose. Buying and selling smart-the silver lining in an age of upheaval. Conservation Easements-get paid to do the right thing-but be careful! Based on the experience and insider knowledge of a fourth-generation land and cattleman, realtor and #1 bestselling, multiple award winning author, Reid Lance Rosenthal's career spans multiple states, three countries and two continents. Reid's first non-fiction work is drawn from over five thousand transactions and laced with true anecdotes of the good, bad and ugly with no-holds-barred, real time, hard-hitting facts-and must know warnings-critical to your heart, your wallet and the future of your property rights. The associated CD/DVD workbook, Green for Green, coming in 2014, will be loaded with graphs, charts, checklists, unique contract provisions, and actual, highly unusual, but proven deal structures (many developed by the author). Land for Love and Money tells all-the good, bad and ugly-of land and land related residential and other improvements and operations. Balm for your heart, enhancement of your wallet, protection of your future, land and real estate-the foundations of freedom-for soul, for security, for you.
