**Wind Chimes** Susson Leemay, 2010-12

**Bill Oddie Unplucked** Bill Oddie, 2015-03-12 Bill Oddie has been the voice and face of birding broadcasting for more than three decades. Those of a certain age will fondly remember Bill as the shortest and hairiest of the trio of The Goodies, a popular and long-running comedy series that followed hot on the heels of Monty Python. After those heady days, Bill reinvented himself as the face (and voice) of mainstream birdwatching in Britain. He fronted television and radio programmes and wrote widely in the press on subjects close to his heart. Never one to shirk controversy, Bill's writings were always informative and entertaining. In this new book, Bill has compiled and expanded a collection of his recent published musings about birds and birdwatching, and the wildlife he has been fortunate to see on his many travels over the years. The collection covers a wide array of subjects, from a less than satisfactory press trip to the Galapagos in the 1980s and recent disagreements with his London neighbours over the noisy squadrons of parakeets over their respective

gardens, to encounters with Orcas in Argentina and Iceland, and with an invisible Tiger in India. Writing in his witty and inimitable style, Bill is sure to entertain and enthrall his many fans with this new book of thoughts and opinions on the world of natural history. The book is illustrated throughout with Bill's charming and comic line drawings.

**The Light Princess** George MacDonald, 2015-06-12  
Now a Musical with Music from Tori Amos! "One day [the prince] lost sight of his retinue in a great forest. These forests are very useful in delivering princes from their courtiers, like a sieve that keeps back the bran. Then the princes get away to follow their fortunes. In this they have the advantage of the princesses, who are forced to marry before they have had a bit of fun. I wish our princesses got lost in a forest sometimes." – George MacDonald, *The Light Princess*  
When a princess is cursed to lose her gravity she loses both her wit and her ability to keep her feet on the ground. This short (43 page) novel makes an enjoyable read for children and adults alike. In this book, a familiar fairy tale (*Sleeping Beauty*) is twisted into a funny, lyrical and wise story about a young princess who saves the prince. This Xist Classics edition has been professionally formatted for e-readers with a linked table of contents. This eBook also contains a bonus book club leadership guide and discussion questions. We hope you'll share this book with your friends, neighbors and colleagues and can't wait to hear what you have to say about it.

**Blindsight** Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed

novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Reunion Therese Fowler, 2009-03-24 BONUS: This edition contains an excerpt from Therese Fowler's Exposure and a Reunion discussion guide. Blue Reynolds, celebrity talk show host and queen of daytime television, appears to have it all. But no one knows the secret she has harbored for the last twenty years—a secret that could destroy her image, her reputation, and her career. A week in Key West to do her show on location brings Blue a much-needed change of pace—and an unexpected reunion with an old flame, Mitch Forrester. Helping him launch a television series may help her recapture the kind of genuine romance long missing from her life. But it also means dealing with Mitch's disapproving son, Julian, who is only nine years younger than Blue. Back from his years as a war photographer in the world's most dangerous hotspots, Julian struggles to get close to his father while making his disdain for Blue

crystal clear—which makes his desire for her all the more surprising. As serendipity and scandal collide, Therese Fowler's passionate, illuminating novel takes a dramatic turn deep into our own hearts, as the healing power of love transforms regrets into new beginnings. **Wind Chime Summer** Sophie Moss, 2017 Since leaving the Army six months ago, Izzy Rivera has closed herself off from everyone and everything. Struggling with a debilitating case of PTSD, she has been fired from three jobs and was recently arrested for assault. Her last hope is a rehab program for veterans on Heron Island, which she was admitted to on a probationary basis and which she must complete to stay out of jail. After establishing an illustrious career as a marine biologist, Ryan Callahan has returned to Heron Island to open a nonprofit to save the Chesapeake Bay and help his father--a fourth-generation waterman--expand his oyster farm. As one of the primary employers for the veterans' center, Ryan is counting on his new workforce to make the merging of these two operations a success. But Ryan underestimated the challenges of employing a group of physically and psychologically wounded veterans, particularly the female Army veteran who wants nothing to do with his nonprofit, his father's farm, or the peaceful island that's supposed to help her heal. Can Ryan find a way to convince Izzy to believe in something again? Or will the shell she's built around her heart trap her in the past forever?

**Wild is the Wind** Grahame Baker-Smith, 2020-10-29

A beautiful, lyrical non-fiction picture book about the water cycle. Issac empties his little jar of water into a stream and follows its journey through the country and the city until it joins the ocean. On the other side of the world, Cassi welcomes the rain in her dry village, where rivers now run and make their way back to the sea. The cycle is complete as the sun heats the ocean and clouds are formed that carry rain back to Issac once more.

**Three Stories** Marcia Davey, 2002-10-01 Three Stories is about women and the places they call home. In To Naples, Iris has found the place where she is at peace. Unfortunately, her husband has found another place with a very different lifestyle. To Boston is about Lydia, a young girl from Newfoundland who comes to Boston to work as a domestic, but it is her intellectual energy that finds her a future. Her friend Stella, however, is encouraged (manipulated?) to circumvent the law. Widows Row is about women in transition. From family life in a Rhode Island village, they try to move on alone.

*Circles of Sorrow, Lines of Struggle* Gurleen Grewal, 1998-12-01 This close study of the first six novels of Toni Morrison—The Bluest Eye, Sula, Song of Solomon, Tar Baby, Beloved, and Jazz—situates her as an African American writer within the American literary tradition who interrogates national identity and reconstructs social memory. Circles of Sorrow, Lines of

Struggle portrays Nobel laureate Morrison as a historiographer attempting to bridge the gap between emergent black middle-class America and its subaltern origins. Gurleen Grewal demonstrates how Morrison's novels perform a therapeutic and political function of recovery. What is most compelling about Morrison's fiction, Grewal posits, is its reevaluation of the individual via the complex sociopolitical heritage that bespeaks the individual. Ultimately, these fictive circles of sorrow invite the reader into the collective struggle of humankind who are living the long sentence of history by repeating, contesting, and remaking it.

**The Dolphin Papers** Helen Bonner, 2011-08-01 Dr Al Waller, an eccentric marine biologist isolated on the San Diego coast, saves an unborn infant by adapting her to water. With a dolphin as her only companion, Mara thrives, yet he cannot disclose what he's done. How long can he hide this miracle child? What will become of Mara, once discovered? Like the classic Frankenstein, this modern/gothic suspense novel explores important issues: What are the ethical limits of science? Could future humans adapt to the ocean?
