Plumber Thalia Makris has given up her dream of long-term love after a series of bad relationships. **The Game of Denial** Brenda Adcock, 2013-12 Joan Carmichael, a successful New York businesswoman, lost the love of her life ten years earlier. Alone, she raised their four children, always cherishing her deep love for her wife. Her memories of their life together come back even stronger as one of their daughters prepares to marry. Joan and her four adult kids fly to Virginia to meet the groom's family and attend the ceremony at the small horse farm owned by the mother of the fiancée. Evelyn Evey Chase, also a widow, has secrets in her past, and her memories of her dead husband aren't pleasant. She's concerned about meeting her future daughter-in-law's family, certain that she and her three kids will have little in common with the wealthy New Yorkers. Besides, the thought of two women in a relationship bringing up a family together makes her uncomfortable, even though her daughter-in-law assures her that being lesbian is not hereditary or catching. When the two women meet they are drawn to one another in a way neither anticipated, and the game of denial begins. Evey fights her attraction and doesn't realize the effect she has on Joan. Joan tries to shake off her feelings, seeing them as a betrayal to the memory of her wife. Besides, isn't Evey Chase straight? After Evey and Joan share an intimate moment at the wedding reception, they are both emotionally terrified and Joan flees. Will Joan overcome the feeling of betraying her former mate and stop denying her desire to be happy again? Can Evey finally face her past in order to accept the love of another woman and the desire to live the life she had once dreamed of?

**Internet Lesbian and Gay Television Series, 1996-2014** Vincent Terrace, 2015-05-28 Created around the world and available only on the Web, internet television series are independently produced, mostly low budget shows that often feature talented but unknown performers. Typically financed through crowd-funding, they are filmed with borrowed equipment and volunteer casts and crews, and viewers find them through word of mouth or by chance. The third of five volumes on Internet TV series, this book covers 335 alphabetically arranged gay and lesbian programs, 1996-2014, giving casts, credits, story lines, episode descriptions, websites, dates and commentary. A complete index lists program titles and headings for gay, lesbian, bi-sexual, transgender and drag queen shows.

*Queer Technologies* Katherine Sender, Adrienne Shaw, 2017-06-26 Queer media studies has mostly focused on lesbian, gay, bisexual, transgender, and queer (LGBTQ) visibility, stereotypes, and positive images, but media technologies aren't just vehicles for representations, they also shape them. How can queer theory and queer methodologies complicate our understanding of communication technologies, their structures and uses, and the cultural and political implications of these? How can queer technologies inform debates about affect, temporality, and publics? This book presents new scholarship that addresses queer media production and practices across a wide range of media, including television, music, zines, video games, mobile applications, and online spaces. The authors consider how LGBTQ representations and reception are shaped by technological affordances and constraints. Chapters deal with critical contemporary concepts such as counterpublics, affect, temporality, nonbinary practices, queer technique, and transmediation to explore intersections among communication and media studies and cutting-edge queer and transgender theory. This collection moves beyond considering LGBTQ representations as they appear in media to consider the central role of technologies in understanding intersections among gender, sexuality, and media. Even the most heteromale technologies can be queered, yet we can't assume queerness works in the same way across different media. Emergent media technologies afford queer worldmaking, but these worlds are forged between normalization and niche marketing. This book was originally published as a special issue of *Critical Studies in Media Communication*.

**Lesbian Love and Relationships** Suzanna Rose, 2002 Scholars of psychology and women's studies discuss such topics as the dating experiences of adolescent lesbian and bisexual women, why some relationships endure and others end, and cross-generational friendships with older lesbians. **Intimate Partner Violence and the LGBT+ Community** Brenda Russell, 2020-05-28 Intimate Partner Violence is a serious social problem affecting millions in the United States and worldwide. The image of violence enacted by a male aggressor to a female victim dominates public perceptions of intimate partner violence (IPV). This volume examines how this heteronormativity influences reporting and responding to partner violence when those involved do not fit the stereotype of a typical victim of IPV. Research and theory have helped us to understand power dynamics about heterosexual IPV; this book encourages greater attention to the unique issues and power dynamics of IPV in sexual minority populations. Divided into five distinct sections, chapters address research and theories associated with IPV, examining the similarities and differences of IPV within heterosexual and gender minority relationships. Among the topics discussed: Research methodology and scope of the problem Primary prevention and intervention of IPV among sexual and gender minorities Barriers to help-seeking among various populations Promoting outreach and advocacy Criminal justice response to IPV With recommendations for intervention and prevention, criminal justice response and policy, *Intimate Partner Violence and the LGBT+ Community: Understanding Power Dynamics* will be of use to students, researchers, and practitioners of psychology, criminal justice, and public policy.

**Immigrants on Grindr** Andrew DJ Shield,2019-11-07 This book examines the role of hook-up apps in the lives of gay, bi, trans, and queer immigrants and refugees, and how the online culture of these platforms promotes belonging or exclusion. Within the context of the so-called European refugee crisis, this research focuses on the experiences of immigrants from especially Muslim-majority countries to the greater Copenhagen area, a region known for both its progressive ideologies and its anti-immigrant practices. Grindr and similar platforms connect newcomers with not only dates and sex, but also friends, roommates and other logistical contacts. But these socio-sexual platforms also become spaces of racialization and othering. Weaving together analyses of real Grindr profile texts, immigrant narratives, political rhetoric, and popular media, Immigrants on Grindr provides an in-depth look at the complex interplay between online and offline cultures, and between technology and society.

His passion for helping others came with a grave cost, and he was pulled into a world more sinister, evil, and dangerous than most civilians would ever dare to believe. The emotional drain and constant stresses police officers face can be soul crushing. But through the camaraderie and support of family and fellow officers, it can be one of the most rewarding careers today. Crimes, Confessions, and Convictions shares the truth about what it's like to serve and protect—and why most officers have a warped sense of humor.
