Cheating at Solitaire Jane Haddam,2008-04-15 Margaret's Harbor, a small, exclusive island off the coast of Massachussets, has been disrupted for weeks by the antics of a group of young celebrities. Kendra Rhode, of the extremely wealthy Rhode family, is the ring leader and part-year resident on the island. Two of her cohorts, Arrow Normand, an aging teen pop idol, and Marcey Mandret, another of the same vintage, have been acting out publicly - drunken, disorderly public behavior eaten up by the press. During one of the most devastating blizzards in decades, Normand staggers up to a local house, covered in blood and incoherently drunk. Her latest boy toy is found shot dead in the front seat of a crashed truck. The only suspect in the crime is Normand herself and she was apparently far too out of it to remember what actually happened that night. Former F.B.I. agent Gregor Demarkian, fleeing from the preparations for his own wedding, is hired to review the case against Normand. What he finds is a case with little evidence, twisted by an out-of-control media and the cult of celebrity surrounding the three young women, and a mare's nest of motives, in what may be the most confusing, twisted case of his entire career.

Multi-Unit Housing in Urban Cities Katy Chey,2017-11-06 This book investigates the development of multi-unit housing typologies that were predominant in a particular city from the 1800s to present day. It emphasises the importance of understanding the direct connection between housing and dwelling in the context of a city, and the manner in which the city is an instructional indication of how a housing typology is embodied. The case studies presented offer an insight into why a certain housing type flourished in a specific city and the variety span across cities in the world where distinct housing types have prevailed. It also pursues how housing types developed, evolved, and helped define the city, looks into how dwellers inhabited their dwellings, and analyses how the housing typologies correlates in a contemporary context. The typologies studied are back-to-backs in Birmingham; tenements in London; Haussmann Apartment in Paris; tenements in New York; tong lau in Hong Kong; perimeter block, linear block, and block-edge in Berlin; perimeter block and solitaire in Amsterdam; space-enclosing structure in Beijing; micro house in Tokyo, and high-rise in Toronto.

The Happy Hero Solitaire Townsend,2017-10-10 What if saving the world was good for you? That’s my promise in The Happy Hero. That you can be happier and healthier simply by making a difference to the world around you. I call this formula ‘positive+action’, and after decades of researching, writing about and living positive+action I’ve become convinced this the answer to enjoying a better life. I want to tell you stories of the people who have already discovered this secret. And set out the principles for how to feel good by doing good. Which sounds simple. Except that there’s so much that needs to change, where do you even start? Everyday our media finds another international crisis or health scare, another predator or disaster. We are subject to an overwhelming barrage of fear and negativity each time we open our phones or switch on the TV. We have been trained out of happiness by these stories and turned into the victims of our own lives rather than the heroes. The Happy Hero will offer a simple solution: stop worrying about the world and start making it better. Because new research shows that trying to make a difference, even in the smallest ways, can extend your life, improve your relationships and even help you recover from a cold! And luckily, many of the changes we need to make to build a better world, we should want to do anyway. In The Happy Hero I’ll share the emerging evidence of how heroism can make you happy. I’ll also provide practical examples for getting started. This book will even take

on the most intractable and complicated problem facing all of us: climate change. And we'll discover how solving it will solve so much more. The UK's top medical journal recently reported that the best way to protect your heart and slim your waistline is to count the carbon rather than calories in your food. The US Military insists that renewable energy will make our countries energy independent and help reduce conflict by providing cheaper sources of power to the poorest. In our own lives, we know that saving energy simply saves money. Together we can cut even huge challenges like climate change down to size. And every step and every action will come with their own reward.

Her Muslim family doesn't understand the band's allure -- but Angel feels there are things about her they'll never understand. Jimmy Kaga-Ricci owes everything to The Ark. He's their frontman -- and playing in a band with his mates is all he ever dreamed of doing, even it only amplifies his anxiety. Darling Richard Rodriguez,2013-10-03 An award-winning writer delivers a major reckoning with religion, place, and sexuality in the aftermath of 9/11 Hailed in The Washington Post as “one of the most eloquent and probing public intellectuals in America,” Richard Rodriguez now considers religious violence worldwide, growing public atheism in the West, and his own mortality. Rodriguez's stylish new memoir—the first book in a decade from the Pulitzer Prize finalist—moves from Jerusalem to Silicon Valley, from Moses to Liberace, from Lance Armstrong to Mother Teresa. Rodriguez is a homosexual who writes with love of the religions of the desert that exclude him. He is a passionate, unorthodox Christian who is always mindful of his relationship to Judaism and Islam because of a shared belief in the God who revealed himself within an ecology of emptiness. And at the center of this book is a consideration of women—their importance to Rodriguez's spiritual formation and their centrality to the future of the desert religions. Only a mind as elastic and refined as Rodriguez's could bind these threads together into this wonderfully complex tapestry.

The Batch Magna Caper Peter Maughan,2019-06-27 Welcome to Batch Magna, a place where anything might happen. And often does... A hapless gang of crooks, led by pawnbroker Harold Sneed, have managed pull

off ‘the big one’: a wages snatch at a factory in Shrewsbury. Two gang members take the money back to Birmingham by train, changing at a station almost on the doorstep of Sir Humphrey of Batch Hall. It’s there that things start to unravel. The money goes missing. Misunderstanding follows misunderstanding, until it leads the crooks to Batch Hall when everyone is busy with a historical re-enactment show. Among the replica firearms is a real gun, carried by Harold Sneed with murderous intent and Humphrey in mind. Sneed is now convinced that Humphrey – an overweight former short-order cook from the Bronx – is a Mafia mobster lying low. And on top of this, he believes Humph has his money; as a result, the spectators at Batch Hall are in for more of a show than they bargained for... What readers are saying about The Batch Magna Chronicles series: “An enchanting mixture of The Wind in The Willows and The Darling Buds of May. An England that doesn’t exist but surely should.” “Reading this book was like sitting down for a nice long chat with an old friend. I loved reading the Welsh village descriptions; it felt like coming home. ... I eagerly await the next instalment of the Batch Magna crew!” “I first got this book out of the local library, and then brought a copy – I wanted to read it again and again. It’s a treasure, a smashing read, funny and beautifully written.” “These books are such fun, darkly comic and full of great characters. ... Batch Magna is a place I would love to find, and the river sounds idyllic.” “Hurrah for Batch Magna, Humphrey and friends.” “I loved this book. It’s lyrical and very amusing, with all the charm of an old Ealing comedy. ... More please Mr Maughan!” “What an amazing writer! I have never found any descriptive writing that has gripped me so much before.” “A thoroughly enjoyable read. ... Is there another Batch Magna book on the way, please? Such a wonderfully descriptive bucolic and warmly ‘human’ story with echoes of the Darling Buds of May.” “A wonderful, funny, well-crafted escape from everyday life. If you love writing that absorbs you into the landscape you will love this book. Every sense was satisfied with the author’s beautiful descriptions of the Marches. Escape from the tarmac, concrete and relentlessness of life with this stunning book. Thank you Mr Maughan.” “I absolutely loved this book and all the characters became so real to me, I just couldn’t put it down.”
